I. PROCEDURAL BACKGROUND

This Court issued an *Order Setting Initial Status Conference Re: Form and Content of Final Decree* on January 13, 2011. On July 15, 2011, this Court entered its *Order Establishing Steering Committee and Notice of First Scheduled Meeting*. “The steering committee (“Committee”) is charged with identifying issues and sub-issues pertaining to the form and content of the final decree to be entered upon completion of the SRBA.” *Id.* at 1. The Committee is also “charged with recommending a logical order and time frame in which these issues and sub-issues should be decided.” *Id.*

In the *State of Idaho’s Initial Comments on Form and Content of Final Unified Decree*, filed May 17, 2011, the State of Idaho (“State”) recommended the Court “establish a schedule for closing claims taking in each of the reporting basins . . . [i]n order to allow sufficient time for development of general provisions and preparation of the final decree” *Id.* at 6. On July 18,

ORDER ESTABLISHING DEADLINE FOR LATE CLAIM FILINGS IN
 BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63

2011, the State filed its *Supplemental Comments on Form and Content of Final Unified Decree*, in which it proposed a schedule for closure of taking of late claims in the SRBA basins. The proposed schedule divided the SRBA basins into three groups based on the following criteria: (i) the amount of subcase activity within each basin, (ii) regional distribution of the closures to spread the workload out for IDWR, and (iii) SRBA basins that represented an entire drainage basin. At its initial meeting, the Committee reviewed the State's proposed basin closure procedure and recommended that this Court implement that procedure.

On September 23, 2011, this Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 23, 24, 25, 43, 51, 55, 57, 61, 81, 82, 83, 84, 85, and 86*. The Court found that the Committee's proposal for closure of taking of late claims within basins based on subcase activity, staging of IDWR's workload, and drainage basins was a logical and necessary step in the completion of the SRBA, and ordered that claims taking in the initial group of basins be closed on November 30, 2011. On January 31, 2012, this Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 21, 22, 29, 32, 33, 65, 67, 69, 71, 72, 73, 74, 75, 77, 78 and 79*, which closed taking of late claims in the second group of basins on March 30, 2012.

II. DISCUSSION

Completion of claims taking in individual basins is an essential first step to completion of the SRBA. Without it, completion of the SRBA will not occur.

Based on the criteria identified above, the Steering Committee recommended that the third basin closure order include basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63. Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. *See* Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho

606 (2003). In addition, there is limited subcase activity in these basins. Accordingly, the Court finds that it is appropriate to begin the basin closure process within basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IDWR has provided the Court with a list of *non-de minimis* water rights from IDWR's water rights database, which is attached hereto as Exhibit 1. The preparation of this list is undertaken as a courtesy to the water users, not as an additional due process requirement. If unclaimed, these water rights will be decreed as disallowed.

IDWR is unable to ascertain from its database that a claim has been filed in the SRBA for those water right numbers listed on Exhibit 1. Claimants should examine Exhibit 1 to determine whether the listed water right numbers are active water rights. The burden of determining whether to file a motion for late claim for any of the listed water right numbers rests solely with the water right holder. In order to ensure that basin closing occurs in a timely fashion, the Court will establish a deadline of January 31, 2013 for late claims in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

III. CONCLUSION

In accordance with the Court's September 23, 2011 *Order*, the Court has determined that claims taking should be closed in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 on January 31, 2013.

This *Order* shall be placed on the docket sheet.

This *Order* does not alter the deferrable nature of *de minimis* domestic and stockwater rights as provided for in "Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses" (January 17, 1989), as modified by this Court's *Order Governing Procedures in the SRBA for Adjudication of Deferred*

De Minimis Domestic and Stock Water Claims entered in Twin Falls County Case No. 39576 (In Re SRBA) on June 28, 2012.

This *Order* does not preclude filing of late claims related to the resolution of litigation pending at the time of this *Order* in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IV. ORDER

For the reasons stated above, IT IS HEREBY ORDERED that, except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA,¹ the last date to file a MOTION TO FILE LATE CLAIM in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 shall be January 31, 2013. No late claims will be accepted for filing in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 after January 31, 2013.

The Clerk of the Court is hereby instructed to file a copy of the *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63* in the above captioned subcase and in the SRBA main case 00-39576.

DATED October 12, 2012.

ERIC J. WILDMAN
Presiding Judge
Snake River Basin Adjudication

¹ "Pending litigation" refers to an active, related subcase(s) pending at the time of the basin closure deadline wherein an additional late claim(s) is required to resolve the related water right(s).

I.

PROCEDURAL BACKGROUND

This Court issued an *Order Setting Initial Status Conference Re: Form and Content of Final Decree* on January 13, 2011. On July 15, 2011, this Court entered its *Order Establishing Steering Committee and Notice of First Scheduled Meeting*. “The steering committee (“Committee”) is charged with identifying issues and sub-issues pertaining to the form and content of the final decree to be entered upon completion of the SRBA.” *Id.* at 1. The Committee is also “charged with recommending a logical order and time frame in which these issues and sub-issues should be decided.” *Id.*

In the *State of Idaho’s Initial Comments on Form and Content of Final Unified Decree*, filed May 17, 2011, the State of Idaho (“State”) recommended the Court “establish a schedule for closing claims taking in each of the reporting basins . . . [i]n order to allow sufficient time for development of general provisions and preparation of the final decree . . .” *Id.* at 6. On July 18, 2011, the State filed its *Supplemental Comments on Form and Content of Final Unified Decree*, in which it proposed a schedule for closure of taking of late claims in the SRBA basins. The proposed schedule divided the SRBA basins into three groups based on the following criteria: (i) the amount

ORDER CLOSING CLAIMS TAKING IN BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 AND DISALLOWAL OF UNCLAIMED WATER RIGHTS

of subcase activity within each basin, (ii) regional distribution of the closures to spread the workload out for IDWR, and (iii) SRBA basins that represented an entire drainage basin. At its initial meeting, the Committee reviewed the State's proposed basin closure procedure and recommended that this Court implement that procedure.

On October 12, 2012, the Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63* ("Deadline Order"). This Court found that the Committee's proposal for closure of taking of late claims within basins based on subcase activity, staging of IDWR's workload, and drainage basins was a logical and necessary step in the completion of the SRBA, and ordered that claims takings in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 be closed on January 31, 2013.

II.

DISCUSSION

Completion of claims taking in individual basins is an essential first step to completion of the SRBA. Without it, completion of the SRBA will not occur.

Based on the criteria identified above, the *Deadline Order* provided that "except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA, the last date to file a MOTION TO FILE LATE CLAIM in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 shall be January 31, 2013." *Deadline Order* at 4. Exhibit 1 to the *Deadline Order* included a list of *non-de minimis* water rights from IDWR's water rights database that IDWR determined were required to be claimed in the SRBA. The preparation of this list was undertaken as a courtesy to the water users, not as an additional due process requirement. The *Deadline Order* provided that "[i]f unclaimed, these water rights will be decreed as disallowed." *Id.* at 3.

Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. See Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho 606 (2003).

As of January 31, 2013, 69 motions for late claim in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 were received by the Court.

III. CONCLUSION

In accordance with the *Deadline Order*, the Court has determined that except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA, that claims taking should be closed in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63. Further, the Court has determined that unclaimed water rights represented by the water right numbers listed on Exhibit 1 to this *Order*, except for any deferrable domestic and/or stockwater portion of such rights, should be decreed as disallowed.

This *Order* does not alter the deferrable nature of *de minimis* domestic and stockwater rights as provided for in “Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses” (January 17, 1989).

This *Order* does not preclude filing of late claims related to the resolution of litigation pending at the time of this *Order* in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IV. ORDER

For the reasons stated above, IT IS HEREBY ORDERED that, except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA,¹ claims taking in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 is closed. No late claims will be accepted for filing in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47 and 63, except as expressly provided by this *Order*.

¹ “Pending litigation” refers to an active, related subcase(s) pending at the time of the basin closure deadline wherein an additional late claim(s) is required to resolve the related water right(s).
ORDER CLOSING CLAIMS TAKING IN BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 AND DISALLOWAL OF UNCLAIMED WATER RIGHTS
S:\ORDERS\Basin Wide Issues\Basin-Wide Issue 16\Order Closing Claims Takings and Disallowal (Group III).doc

IT IS FURTHER ORDERED that all unclaimed water rights represented by the water right numbers listed on Exhibit 1, except for any deferrable domestic and/or stockwater portion of such rights, are hereby decreed as disallowed.

The Clerk of the Court is hereby instructed to file a copy of the *Order Closing Claims Taking in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47 and 63 and Disallowal of Unclaimed Water Rights* in the above captioned subcase and in the SRBA main case 00-39576.

Dated February 13, 2013.

STATE OF IDAHO)

COUNTY OF ADA)	

Dana L. Hofstetter, being first being duly sworn upon oath, deposes and says:

(1) I am Dana L. Hofstetter, counsel of record in this matter for Gary T. and Glenna R. Eden.

(2) Attached hereto as Exhibit 1 is a true and correct copy of an April 28, 2005, letter from Sally Sherman of the Idaho Department of Water Resources ("IDWR") to Gary and Glenna Eden asking for confirmation of their correct mailing address. I obtained a copy of this letter from the IDWR website. As indicated on Exhibit 1 and pursuant to the instructions in the letter, Glenna Eden apparently signed and returned the

letter to IDWR confirming that the Edens' correct mailing address was: 414 N 800 W, Shoshone, Idaho 83352. A notation on the letter stating "records previously modified" followed by what appears to be the initials "ss" and the date 5-17-05, indicates that by May 17, 2005, Ms. Sherman of IDWR had received the letter signed by Ms. Eden confirming the Shoshone mailing address.

(3) Attached hereto as Exhibit 2 is a true and correct copy of *Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1*, filed with the SRBA Court on June 1, 2005. I obtained this copy of Exhibit 2 from IDWR. Attached as Exhibits A and B to this document (but unmarked in this version) are copies of respectively the Second Round Service of Commencement Notice for Basin 37, Part 1 and the service list for Second Round Service of Commencement Notice for Basin 37, Part 1. The first page of Exhibit B to the *Affidavit of Danni M. Smith*, indicates *inter alia* that on May 5, 2005, Gary T. and Glenna Eden were mailed Second Round Service of Commencement Notice for Basin 37, Part 1 at the correct mailing address they had confirmed by return of the April 28, 2005, letter: 414 N 800 W, Shoshone, Idaho 83352. The *Second Round Service Notice of Commencement* states on page 3 that "[a]ssistance in filing Notices of Claims may be obtained at all offices of IDWR...."

(4) Attached hereto as Exhibit 3 is a true and correct copy of the certified return receipt signed by Glenna Eden on May 6, 2005, that I obtained from IDWR.

Apparently, Exhibit 3 confirms Ms. Eden's receipt of the Second Round Service Notice on that date.

(5) Attached hereto as Exhibit 4 is a true and correct copy of a May 19, 2005, letter "Re: Snake River Basin Adjudication (SRBA) Notice of Claim to a Water Right #37-864" from Sally Sherman of IDWR to Gary and Glenna Eden that I obtained from the IDWR website in Word document form. The letter *inter alia* acknowledges the Edens' "signing and returning of the [April 28, 2005] address change letter so promptly." It also indicates that the Edens' enclosures submitted with the returned address change letter provided that the Edens would like to file a claim on 37-864: "I gathered from the enclosures you sent me that you would like to file a claim on 37-864." Ms. Sherman's letter goes on to state that a claim form "for your possible use" is enclosed and that the filing and late fees amount to \$50.00 each. I have inquired of IDWR whether there is any record of the enclosures sent by the Edens with the address change letter they returned in early May 2005 or the signed copy of Ms. Sherman's May 19, 2005, letter and IDWR has indicated that they have no record of those enclosures or the signed May 19, 2005, letter. In any event, the Word version of the May 19, 2005, letter on the IDWR website indicates that if that letter was mailed, it went to an incorrect address, as the Edens' address on the May 19, 2005, letter differs from the Shoshone mailing address that they had confirmed in writing just days earlier.

(6) I have been informed by the Basin 37 Water Master that the American Falls

Reservoir District #2 considers the storage right the Edens hold in that District to be supplemental to Water Right 37-864.

---	--

AFFIDAVIT REGARDING SECOND ROUND SERVICE OF
COMMENCEMENT NOTICE FOR BASIN 37, PART 1

I, Danni M. Smith, being first duly sworn on oath, depose and state as follows:

1. I am employed by the Idaho Department of Water Resources ("IDWR") and have been so employed since August 14, 1988. I am the Administrative Assistant I for the Adjudication Bureau of IDWR. I have been employed in this position since April 30, 1989. One of my duties

in this position is assisting with the second round service for the Snake River Basin Adjudication ("SRBA").

2. A Second Round Service of Commencement Notice for Basin 37, Part I (Second Round Notice") was prepared pursuant to Idaho Code § 42-1408(4) and is attached hereto as Exhibit A and incorporated by this reference.

3. On May 5, 2005, the Second Round Notice was mailed by certified mail, return receipt requested, to each of the persons listed on Exhibit B attached hereto.

4. Pursuant to the *Second Amended Second Round Service Order* (hereinafter "Service Order") issued by the SRBA District Judge on January 14, 2000, the mailing list (Exhibit "B" for the Second Round Notice was compiled using procedures identified in the Service Order in part III. A. (Water Right Data Base), B. (GIS Evaluation and Second Round Service), and C. (Potentially Unclaimed Water Rights Discovered During the Investigation of Claims).

Unclaimed water rights were identified in Blaine, Elmore, Gooding and Lincoln Counties of Basin 37. In accordance with the Service Order, Anita Warntjes, Grants Contract Program Specialist at IDWR, and I researched the county assessor and recorder databases for each of the listed counties to determine the chain of title for the unclaimed places of use. See Service Order at III. If ownership could not be ascertained, we used assessors' plat and subdivision maps, companion sheets, and database information to determine the current owner of the property as well as to identify all lien holders to the property. The list of current property owners was then reviewed to remove duplicate names as required by the Service Order. See Service Order at IV.

DATED this 27th day of May 2005.

SECOND ROUND SERVICE OF
COMMENCEMENT NOTICE FOR
BASIN 37, PART I

IMPORTANT LEGAL NOTICE:

Records of the Idaho Department of Water Resources (IDWR) indicate that you **may** own or have an interest in a water right in the Snake River Basin, but have **NOT** filed a Notice of Claim with IDWR for this water right. This notice serves as your second and **FINAL** notice of your responsibility to file a Notice of Claim. **FAILURE TO FILE A REQUIRED NOTICE OF CLAIM WILL RESULT IN A DETERMINATION BY THE COURT THAT THE WATER RIGHT NO LONGER EXISTS.**

YOUR FILING DEADLINE IS AUGUST 5, 2005

On November 19, 1987, the District Court for the County of Twin Falls issued an order commencing a general adjudication of all water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case that will result in a decree determining all water rights from the water system. The purpose of the adjudication is to determine an accurate schedule of water rights to assure the proper delivery of water in times of shortage. The purpose of this notice is to inform you of your legal responsibility at this stage of the adjudication.

WHO NEEDS TO FILE A NOTICE OF CLAIM WITH IDWR?

Idaho Code § 42-1409 requires all persons owning water rights within the boundaries of the Snake River Basin water system in Idaho to file a Notice of Claim with IDWR for each water right, except for certain water rights specifically excluded by law. **Failure to file a required Notice of Claim will result in a determination by the court that the water right no longer exists.**

You **MUST** file a Notice of Claim with IDWR if your water right is based upon:

- a **CONSTITUTIONAL** or **HISTORIC USE RIGHT** (a diversion and application of water to a beneficial use, regardless of whether the water right has been recorded with IDWR pursuant to Idaho Code § 42-243);
- a **STATE** or **FEDERAL DECREE** (even if your water right was decreed in a previous adjudication you still must file a Notice of Claim with IDWR);
- a **LICENSED RIGHT** (based upon a license issued by IDWR, formerly known as the Idaho Department of Water Administration, the Idaho Department of Reclamation, and the State Engineer's Office);
- an **APPROPRIATION PERMIT** if proof of beneficial use was filed before November 19, 1987 (based upon a permit issued by IDWR, formerly known as the Idaho Department of Water Administration, the Idaho Department of Reclamation, and the State Engineer's Office); or

- a **FEDERAL LAW** (generally reserved rights claimed by the federal government, by or on behalf of the Indian Tribes, or by subsequent owners of former federal reserved lands).

WHO DOES NOT NEED TO FILE A NOTICE OF CLAIM WITH IDWR?

- **Small Domestic and Stockwater users:** A Notice of Claim may be, but is not required to be, filed at this time for water rights used solely for small Domestic and/or Stockwater purposes (D&S), as those terms are defined by Idaho Code § 42-1401A (4) & (11). However, even if you have a D&S water right, it might be to your advantage to file a claim on this water right in this adjudication for a number of reasons. First, you will be required to have the water right adjudicated before the water right can be distributed by a watermaster or before an application for change of the water right may be filed with IDWR. Furthermore, while the filing fee for a Notice of Claim with IDWR for a D&S water right is currently \$25, the costs of filing a motion with the district court at a later date to have the water right adjudicated will be considerably higher.
- **Permits for which Proof of Beneficial Use was filed on or after November 19, 1987:** A Notice of Claim may be, but is not required to be, filed for permits for which proof of beneficial use was filed on or after November 19, 1987. The director of IDWR may at a later date require holders of such permits to file a Notice of Claim. If the director does issue such an order, the permit holder will be notified by mail.
- **Fire-Fighting and In-Stream Livestock:** A Notice of Claim may be, but is not required to be, filed for water rights arising under Idaho state law that are used solely for fire-fighting purposes or solely for in-stream livestock use as defined by Idaho Code § 42-113.
- **Water users who are not the owner of the water right:** A person using water from the Snake River Basin water system is not required to file a Notice of Claim if the water user is not the owner of the water right, but the water user should make sure that the owner has filed a Notice of Claim. For example, a water user need not file a Notice of Claim where the water user receives water solely by virtue of ownership of shares of stock in a water delivery organization, or solely by virtue of being located within the boundaries of a water user organization if the water delivery organization holds legal title to the water right and if the water delivery organization has filed a Notice of Claim. Examples of water delivery organizations include cities, water utility companies, and irrigation districts, among others.

WHAT WATER SOURCES ARE INCLUDED IN THE SNAKE RIVER BASIN ADJUDICATION AND WHAT ARE THE BOUNDARIES?

A Notice of Claim must be filed for water from any water source, including streams, springs, lakes, ground water, developed water, wastewater, or any other source for any purpose within the boundaries of the Snake River Basin water system in Idaho. A map showing the boundaries of the water system is included at the end of this notice.

WHAT ARE THE FEES AND DEADLINES FOR FILING A NOTICE OF CLAIM?

Idaho Code § 42-1414 requires each person who files a Notice of Claim, except those exempted by law, to pay a filing fee. Failure to pay the fee will result in rejection of the Notice of Claim.

The deadline for filing Notices of Claims to water rights is **August 5, 2005**. Late-filed Notices of Claims will be accepted prior to filing the director's report with the court, but failure to file a Notice of Claim by the deadline may result in assessment of a late fee of \$50.00 or 15% of the original filing fee, whichever is greater.

A late fee may also apply if you were previously served with a Commencement Notice and did not file your claim by the deadline set forth in the previous notice.

NOTICE OF CLAIM FORMS AND INSTRUCTIONS

Notices of Claims must be filed on forms prepared by IDWR or a reasonable facsimile. When filing at an IDWR office, bring a legal description of the property with Township, Section, Range and ¼, ¼. The lot and block numbers are not sufficient. Claimants should always call the nearest regional office to make an appointment if desiring assistance to fill out a Notice of Claim. The Notice of Claim forms and instructions for completing and filing the forms are available on IDWR's website at www.idwr.idaho.gov or at the following locations:

1. IDWR, Western Region, 2735 Airport Way, Boise, ID, 83705, Phone (208) 334-2190;
2. IDWR, Southern Region, 1341 Fillmore St., Suite 200, Twin Falls ID 83301, Phone (208) 736-3033;
3. IDWR, Eastern Region, 900 N. Skyline Drive, Suite A, Idaho Falls, ID 83402, Phone (208) 525-7161;
4. IDWR, Soda Springs Office, 15 W. Center St., Soda Springs ID 83276, Phone (208) 547-3993,
5. IDWR, Northern Region, 1910 Northwest Blvd. Suite 210, Coeur d'Alene ID 83814, Phone (208) 769-1450;

7. IDWR, State Office, 322 East Front Street, P.O. Box 83720, Boise ID 83720-0098, Phone (208) 287-4800, or toll free **1-800-451-4129**.

NOTICE TO IDWR OF CHANGE IN OWNERSHIP OR ADDRESS

Idaho Code § 42-1409(6) requires all purchasers of a water right to inquire of IDWR whether a Notice of Claim has been filed. If not, the purchaser must file any required Notice of Claim, as described above. If a Notice of Claim has been filed, the purchaser must file with IDWR a written notice of the change in ownership along with some evidence of ownership. "Purchaser" includes any person acquiring a water right from another water user, whether it is acquired by purchase, gift, inheritance, or any other means. Idaho Code § 42-1409(6) requires all persons who have filed a Notice of Claim to file a written notice of change in address with IDWR.

FURTHER INFORMATION

The files of the District Court for Blaine, Camas, Elmore, Gooding and Lincoln Counties will contain affidavits and other documents listing the persons served with copies of this notice. Documents can also be obtained at the Snake River Basin Adjudication District Court (SRBA) at the following address: SRBA District Court, 253 Third Avenue North, Twin Falls, ID 83303-2707, telephone number: 208-736-3011.

Assistance in filing Notices of Claims may be obtained at all offices of IDWR, which are listed above. If you want information about Notices of Claims filed in this adjudication, which are filed with IDWR, you may inquire at any office of IDWR. If you want information concerning other documents filed in this adjudication, which are filed with the court, you may obtain a copy of the docket sheet from any office of IDWR or the SRBA website at www.srba.state.id.us/docket.htm. The docket sheet will be prepared each month and will reflect the court's schedule for the following three months. You can get a copy of a docket sheet for the cost of mailing and/or copying, or you can get a subscription to receive the docket sheet each month. The cost of the subscription is \$7.50 per year. The docket sheet will also be filed with the district court clerk for every county within the boundaries of the Snake River Basin water system in Idaho.

Case No. 39576

Subcase No. 37-864

AFFIDAVIT OF GARY EDEN

STATE OF IDAHO)
) ss.
 COUNTY OF LINCOLN)

GARY T. EDEN, being first being duly sworn upon oath, deposes and says:

(1) I am Gary T. Eden, one of the claimants of the above entitled water right.

(2) I together with my wife, Glenna Eden, own Water Right No. 37-864 from the Big Wood River and previously used it together with supplemental storage rights from American Falls Reservoir District #2 for irrigation of our property in the

AFFIDAVIT OF GARY EDEN - 1

SW1/4SW1/4 of Section 9, Township 05S, Range 16E, Boise Meridian, Lincoln County, Idaho. Other than Water Right No. 37-864 and the storage water from American Falls Reservoir District #2, we hold no other water rights with which to irrigate the subject property.

(3) I recently reviewed the May 19, 2005, letter from Sally Sherman of the Idaho Department of Water Resources (IDWR) regarding "Snake River Basin Adjudication (SRBA) Notice of Claim to a Water Right #37-864." We never received this letter. If we had, we would have responded accordingly. We filled out the paper work for what we received from IDWR and we thought everything was done on our behalf. Having received no response from IDWR to our attempts to claim 37-864, I believed the matter had been adequately addressed.

(4) I understand that the issue of the deliverability of 37-864 and the associated American Falls Reservoir District #2 storage water was raised by the Big Wood Canal Company during one of the 2016 irrigation season Board of Directors meetings. Shortly thereafter, one of the Directors, Doug Kerner, called me to inform me to get legal assistance to correct the matter. I then contacted attorney Dana Hofstetter.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

DATED this 28 day of September, 2016.

INSTRUCTIONS

This form is used to file a late Notice of Claim or an amendment to a Notice of Claim in a reporting area where the Director's Report has been filed. Forms may be obtained from the SRBA Court, the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form.

The water right number for your late or amended claim must be indicated above in the blank space following "Subcase." To obtain your water right number, contact the Idaho Department of Water Resources. You must use a **separate form for each** late or amended Notice of Claim.

This form has been adopted by the court in *SRBA Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996), Section 4, which may be consulted for further information.

By filing a *Motion to File a Late Notice Claim* or a *Motion to File an Amended Notice of Claim*, you certify that it is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and is not filed for any improper purpose, such as to harass, cause unnecessary delay, or needlessly increase the cost of litigation.

I have read *SRBA Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996).

My name is Gary T. Eden and Glenna R. Eden

My address is 414 North 800 West, Shoshone, Idaho 83352

MOTION TO FILE A LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

I did not file a Notice of claim to the use of water in the SRBA because:

See contemporaneously filed Motion to Set Aside Final Unified Decree and Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights, SRBA Subcase No. 00-92099 and Memorandum in Support; Affidavit of Gary Eden; Affidavit of Glenna Eden; and Affidavit of Dana Hofstetter.

I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you **must** attach a copy of your Notice of Claim.)

*Anthony M. Gomes v. James Devaney, Decree, September 11, 1918;
Warranty Deed, Lincoln County Instrument No. 156516.*

I have attached:

- A fully completed Notice of Claim (available from IDWR).
- A claim filing fee for a domestic and stock watering use. IDWR may charge this fee pursuant to I.C. § 42-1414. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$_____.
- A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of claim was not filed. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$140.00.

Follow these instructions regarding the hearing on this motion.

A Motion to File an Amended Notice of Claim may require a hearing before the Presiding Judge or Special Master or may be granted by leave of the court or by written consent of the parties and the Idaho Department of Water Resources. Leave to amend a claim shall be freely given when justice so requires.

- I must amend my Notice of Claim to the use of water in the SRBA because:

MOTION TO SET ASIDE

COME NOW Gary and Glenna Eden (“the Edens”), by and through their counsel of record, Dana L. Hofstetter and Allison C. Parker with Hawley Troxell Ennis & Hawley, PLLC, pursuant to Idaho Rule of Civil Procedure 60(b), and hereby move the Court to set aside its SRBA *Final Unified Decree* (August 25, 2014) and its *Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights*, SRBA Subcase No. 00-92099 (February 13, 2013) as to Water Right No. 37-864. This *Motion* is

supported by the *Memorandum* below, and the contemporaneously filed *Affidavit of Dana L. Hofstetter*, *Affidavit of Gary Eden*, *Affidavit of Glenna Eden*, and *Expedited Motion to File Late Claim* and, also, other matters of record.¹

MEMORANDUM IN SUPPORT OF MOTION TO SET ASIDE

I. INTRODUCTION

Only specifically with regard to its effect on Water Right No. 37-864, the Edens seek to set aside this Court's SRBA *Final Unified Decree* (August 25, 2014) and *Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights*, SRBA Subcase No. 00-92099 (February 13, 2013) (hereinafter collectively the "*Judgment*"). The Edens request that the *Judgment* be set aside in accordance with Idaho Rule of Civil Procedure 60(b) due to "unique and compelling" reasons that justify relief from the operation of the *Judgment* including that the Edens attempted to make a claim on Water Right No. 37-864, but the Idaho Department of Water Resources ("IDWR") failed to direct correspondence relating to this claim to the Edens' correct address. The Edens also pray that this Court, sitting in equity, relieve them from the *Judgment* by setting aside its disallowance of 37-864, allowing the Edens to pursue their late claim. Claimants also file this *Memorandum* in

¹ The Edens are also contemporaneously filing a *Standard Form 4: Expedited Motion to File Late Notice of Claim* and lodging the *Notice of Claim* for the above-captioned water right. The Edens hereby incorporate by reference the *Expedited Motion to File Late Notice of Claim* and the *Notice of Claim*. Additionally, all filings in this subcase are being made on an expedited basis.

support of the contemporaneously submitted *Expedited Motion to File Late Claim* for the same water right.

II. FACTUAL BACKGROUND

The Edens hold Water Right No. 37-864 from the Big Wood River and have used it for irrigation of their property in the SW1/4SW1/4 of Section 9, Township 05S, Range 16E, Boise Meridian, Lincoln County, Idaho. *See Standard Form 4: Expedited Motion to File Late Notice of Claim, Exhibits; Affidavit of Gary Eden.* Typically, water right no. 37-864 is delivered during the first part of the irrigation season. Then, supplemental storage water from American Falls Reservoir District #2 is delivered. *Affidavit of Dana L. Hofstetter.* Other than Water Right No. 37-864 and the storage water from American Falls Reservoir District #2, the Edens hold no other water rights with which to irrigate the subject property. *Affidavit of Gary Eden.*

On or about April 28, 2005, IDWR sent the Edens a letter stating that IDWR received notification that the Edens' address had changed from a Gooding address to a Shoshone address and asked the Edens to confirm the address change by signing and returning the letter. *Affidavit of Dana L. Hofstetter.* In early May 2005, the letter was signed and returned to IDWR by Glenna Eden, confirming the new Shoshone address. *Id.*

Around this same time, in early May 2005, the Edens received the *SRBA Second Round Service Notice*, likely due to their ownership of the place of use associated with unclaimed Water Right No. 37-864. *Id.* Along with returning the signed April 28, 2005, address change letter to IDWR, and apparently in response to the recently received *Second Round Service Notice*, the Edens also enclosed documentation attempting to claim Water Right No. 37-864 in the SRBA.

Id. IDWR then sent a response letter, dated May 19, 2005, to the Edens confirming receipt of the signed address change letter along with the enclosures indicating “you would like to file a claim on 37-864.” *Id.* While the May 19, 2005, IDWR letter enclosed a Notice of Claim form to use for Water Right No. 37-864, it apparently was sent to the Edens’ old Gooding address, rather than the correct Shoshone address that the Edens had just confirmed. *Id.* The Edens never received this incorrectly addressed letter from IDWR. As, if they had, they would have responded accordingly. *Affidavit of Gary Eden; Affidavit of Glenna Eden.* Having received no response from IDWR, the Edens believed they had adequately claimed 37-864 in the SRBA. *Id.*

The issue of the deliverability of 37-864 and the associated American Falls Reservoir District #2 storage water was raised by the Big Wood Canal Company during one of the 2016 irrigation season Board of Directors meetings. *Affidavit of Gary Eden.* Shortly thereafter, Mr. Eden contacted this law firm seeking assistance with this matter. *Id.*

III. LEGAL STANDARDS FOR SETTING ASIDE A PARTIAL DECREE

A motion to set aside a partial decree in the SRBA “is treated the same as a motion to set aside a default judgment and determined in accordance with the criteria set forth in I.R.C.P. 60(b). A.O.1 § 14d (“Parties seeking to modify a partial decree shall comply with I.R.C.P. 60(a) or 60(b)”)." *Order Denying Motion to File Late Notice of Claim, SRBA Subcase No. 21-13176, p. 4 (January 9, 2014).* Rule 60(b) permits a court to relieve a party from a final judgment, order, or proceeding for the following reasons:

- 1) mistake, inadvertence, surprise, or excusable neglect;
- 2) newly discovered evidence that, with reasonable diligence, could not have been discovered in time to move for a new trial under Rule 59(b);

- 3) fraud (whether previously called intrinsic or extrinsic), misrepresentation, or misconduct by an opposing party;
- 4) the judgment is void;
- 5) the judgment has been satisfied, released, or discharged; it is based on an earlier judgment that has been reversed or vacated; or applying it prospectively is no longer equitable; and
- 6) any other reason justifying relief.

I.R.C.P. 60(b).

The decision to grant or deny a Rule 60(b) motion for relief from a final judgment rests in the sound discretion of the trial court. *Pullin v. City of Kimberly*, 100 Idaho 34, 36, 592 P.2d 849, 851 (1979). Where the trial court “applies the facts in a logical manner to the criteria set forth in Rule 60(b), while keeping in mind the policy favoring relief in doubtful cases, the court will be deemed to have acted within its discretion.” *Eby v. State*, 148 Idaho 731, 734, 228 P.3d 998, 1001 (2010). In cases dealing with water rights, public policy weighs against forfeiture: “The courts abhor forfeiture and where no public interest is favored thereby, equity leans against declaring a forfeiture. *Hurst v. Idaho Iowa Lateral & Res. Co.*, 42 Idaho 436, 246 P. 23 (1926) and *Idaho Farms Co. v. North Side Canal Co.*, 24 F. Supp. 189 (D. Idaho 1938).” *Special Master Report*, SRBA Subcase No. 45-167A, p. 8 (March 20, 2007).

The Court does not abuse its discretion when it grants relief under Rule 60(b) to a movant who shows “unique and compelling circumstances justifying relief[.]” *Miller v. Haller*, 129 Idaho 345, 349, 924 P.2d 607, 611 (1996). Determining whether to set aside a default judgment requires that the Court “apply a standard of liberality rather than strictness and give the party moving to vacate the default the benefit of genuine doubt.” *Johnson v. Pioneer Title Co.*, 104 Idaho 727, 733, 662 P.2d 1171, 1177 (Ct. App. 1983). Thus, the Court must weigh

each case in light of its unique facts. *Id.* at 732, 662 P.2d at 1176 (citing *Orange Transportation Co., Inc. v. Taylor*, 71 Idaho 275, 230 P.2d 689 (1951)).

In addition to stating a reason justifying relief from operation of the judgment, a party must also show that he or she has acted in good faith and exercised due diligence in the protection of his or her rights, such as an ordinarily prudent person would exercise under similar conditions. *Council Improvement Co. v. Draper*, 16 Idaho 541, 102 P. 7 (1909) and *Kovachy v. DeLeusomme*, 122 Idaho 973, 842 P.2d 309 (Ct. App. 1992).

Not only must a movant satisfy one of the criteria set forth in I.R.C.P. 60(b), the movant must also allege facts, which if established, would constitute a meritorious defense. The meritorious defense standard requires that a movant:

- 1) allege facts;
- 2) which if established;
- 3) would constitute a defense to the action; and
- 4) the facts supporting the defense must be detailed.

See McFarland v. Curtis, 123 Idaho 931, 854 P.2d 274 (1993); *Hearst Corp. v. Keller*, 100 Idaho 10, 592 P.2d 66 (1979); *Thomas v. Stevens*, 78 Idaho 266, 300 P.2d 811 (1956). The detailed factual requirement is more than the mere general notice requirement that would ordinarily be sufficient if pled prior to default. *Reeves v. Wisenor*, 102 Idaho 271, 629 P.2d 667 (1981).

The standards for setting aside a default judgment take into account the preference for having a case decided on its merits. *Order On Permissive Review Granting Motion To Set Aside Partial Decrees and Order of Recommitment to Special Master*, SRBA Subcase No. 79-02063 *et al.*, p. 6 (June 10, 2010). In making the determination, the Court must take into consideration that judgments by default are not favored and that the general rule in doubtful cases is to grant relief

from the default in order to reach a judgment on the merits and that procedural rules other than those which are jurisdictional should be applied to promote disposition on the merits. *Reeves* at 272, 629 P.2d at 668. This is a factual determination and is discretionary with the Court.

Johnson at 732, 662 P.2d at 1176.

Rule 60(b) also requires that a motion to set aside be made within a reasonable time and, for Rule 60(b)(1), (2) and (3), not more than six months after the judgment, order, or decree. Because the *Judgment* was entered more than 6 months ago, only the fourth, fifth and sixth justifications are applicable. In this case, and as will be explained below, the Edens believe I.R.C.P. 60(b)(4) and (6) provide them avenues to obtain relief.

A. The *Judgment* is Void as to its Disallowance of Water Right No. 37-864 under I.R.C.P. 60(b)(4)

In order for a judgment to be void, there must generally be some jurisdictional defect in the court's authority to enter the judgment, either because the court lacks personal jurisdiction or because it lacks jurisdiction over the subject matter of the suit. *Puphal v. Puphal*, 105 Idaho 302, 669 P.2d 191 (1983). A judgment may also be void for insufficient procedural due process, whether for lack of notice or denial of opportunity to be heard. *McGrew v. McGrew*, 139 Idaho 551, 558, 82 P.3d 833, 840 (2003). "The private interest at stake is great. The right to water is a permanent concern to farmers, ranchers and other users. The importance of the government's interest is great, as the steward of a finite resource that is the lifeblood for much of the state's economy and quality of life." *LU Ranching Co. v. United States*, 138 Idaho 606, 608 (2003) (discussing notice and due process in the SRBA).

Here, the Edens, through no fault of their own, never received IDWR's May 19, 2005, letter enclosing the Notice of Claim form. Although, in writing, the Edens recently had confirmed their correct, current address in Shoshone, IDWR inadvertently continued to use the Edens' incorrect, former address in Gooding for the May 19, 2005, letter. *Id.* Because the Edens never received this letter, they did not receive or file IDWR's enclosed Notice of Claim form for Water Right No. 37-864. The record reflects that the Edens attempted to file a claim with IDWR for 37-864 along with their early May 2005, address change correspondence to IDWR. Without a response, the Edens believed IDWR had accepted their submission and that it was adequate. *Affidavit of Gary Eden; Affidavit of Glenna Eden.* This belief was reasonable in view of their receipt of the *Second Round Service Notice*, stating that, "Assistance in filing Notices of Claims filed in this adjudication may be obtained at all offices of IDWR" and that "Notices of Claims must be filed on forms prepared by IDWR or a reasonable facsimile." *Affidavit of Dana Hofstetter, Exhibit 2, at Exhibit B, p. 3 (emphasis added).* Having received *Second Round Service* and then complying by contacting IDWR to claim 37-864, the Edens effectively were denied their due process notice and hearing opportunities with respect to 37-864 when IDWR used the incorrect address for the May 19, 2005 response letter. Without receiving a response from IDWR, the Edens believed IDWR had accepted their submission as an SRBA claim for 37-864. *Affidavit of Gary Eden; Affidavit of Glenna Eden.*

To obtain relief under I.R.C.P. 60(b)(4), the motion for relief must be brought within a reasonable time. *McGrew*, 139 Idaho at 559, 82 P.3d at 841. "Where judgment is entered without the party's knowledge, what constitutes reasonable time is judged from the time that the party learned of the judgment." *Id.* Shortly after the 2016 Board of Directors meeting of the Big Wood

Canal Company at which the topic came up, the Edens initiated these steps to correct the matter. *Affidavit of Gary Eden*. The Edens have expended considerable time and money to prepare this matter to be heard in a short period of time. Rather than rely on standard docket sheet procedure, they elected to have this matter heard on an expedited basis, by providing service to the expedited service list. *See Expedited Motion to File Late Claim*. Additionally, there should be no prejudice to other parties as a result of granting the requested relief. This water right, decreed in 1918 with an 1896 priority, has been in existence for quite awhile. The IDWR moratorium on new water rights in the Big Wood River Drainage also would effectively preclude any affected relatively recent intervening new water rights, thereby avoiding prejudice to other parties. In any event, under equitable principles, other parties should not benefit from IDWR's use of an incorrect address and the resulting disallowal of 37-864.

B. Unique and Compelling Circumstances Support the Edens' Request for Relief under IRCP 60(b)(6)

Under Rule 60(b)(6), a court may relieve a party from a final judgment, order, or proceeding for "any . . . reason justifying relief." I.R.C.P. 60(b)(6). Although the court is vested with broad discretion in determining whether to grant or deny a Rule 60(b)(6) motion, its discretion is limited and the motion may be granted only on a showing of "unique and compelling circumstances" justifying relief. *Miller v. Haller*, 129 Idaho 345, 349, 924 P.2d 607, 611 (1996). Whether a Rule 60(b) motion is supported by unique and compelling circumstances is a determination that must be made on a case-by-case basis. *Order Denying Motion to File Late Notice of Claim*, SRBA Subcase No. 21-13176, p. 3 (January 9, 2014). A review of the

facts in this case reveals circumstances particular to the Edens that are both unique and compelling.

Based on the above, the Edens' present unique and compelling circumstances warrant relief from operation of the *Judgment* for the limited scope as to its effect on Water Right No. 37-864. *See Order Setting Aside Disallowal of Unclaimed Water Rights; Order Granting Motions to File Late Notice of Claim; Order for Expedited Late Claim Director's Report and Setting Forth Procedures and Deadlines for Expedited Process*, SRBA Subcase Nos. 65-2324 *et al.* (May 21, 2014); *Order Setting Aside Disallowal of Unclaimed Water Rights; Order Granting Motions to File Late Notice of Claim; Order for Expedited Late Claim Director's Report and Setting Forth Procedures and Deadlines for Expedited Process*, SRBA Subcase Nos. 74-361 *et al.* (May 21, 2014).

C. Meritorious Defense

The Edens meet the meritorious defense standard associated with I.R.C.P. 60(b) because their water right was previously decreed, their water use has historically been administered and granting this Motion will not result in prejudice to other water users.

Water Right No. 37-864 has a priority date of September 28, 1896 and was decreed in 1918. The Edens and their predecessors-in-interest have diverted and used water under water right no. 37-864 when this water has been historically available. The late claim filed by the Edens contemporaneously in this subcase claims the water right as the right was decreed in 1918. Because the Edens are claiming their water use as it was decreed in 1918, there will be no prejudice to other water users who are accustomed to the Edens receiving water - the water has been historically administered without objection or protest. Little investigation will be required

of IDWR because the Edens have claimed the right as it was decreed in 1918 and subsequently delivered.

While there will be no prejudice to other water users, the prejudice to the Edens will be profound and devastating. The Edens will be denied water that has historically irrigated the land, and could be left with no ability to irrigate their land, greatly reducing the land's value and making them unable to farm or lease their property.

By setting aside the judgment only as to its effect on Water Right No. 37-864, the Edens will be provided with the just result that other water right holders and their neighbors have received from the SRBA: namely, decrees for valid water rights that are beneficially used. Granting the Edens the ability to claim this water right is in keeping with State policy to provide claimants a full and fair opportunity to receive notice, be heard, use and appropriate water for beneficial purposes, and provides a fair and equitable result to all water users on the impacted water sources by maintaining the *status quo*.

IV. EQUITABLE RELIEF

If neither I.R.C.P. 60(b)(4) or (6) provide relief, the Edens pray upon this Court, sitting in equity, to relieve them from the *Judgment* as to the disallowance of their water right. Idaho courts are allowed to provide equitable relief if the conduct has been "inequitable, unfair and dishonest, or fraudulent and deceitful as to the controversy at issue." *Sword v. Sweet*, 140 Idaho 242, 251, 92 P.3d 492, 501 (2004). "[H]e who comes into equity must come with clean hands." *Gilbert v. Nampa School Dist. No. 131*, 104 Idaho 137, 145, 657 P.2d 1, 9 (1983).

As stated above, the Edens were unaware that their water right was in jeopardy. If the Edens had known that their water right was not secure, they would have fixed the problem. The

Edens' water right will be effectively forfeited, and, possibly, the associated storage right, if the *Judgment* is not set aside. "The courts abhor forfeiture and where no public policy is favored thereby, equity leans against declaring a forfeiture." *Special Master Report*, SRBA Subcase No. 45-167A, p. 8 (March 20, 2007), *citing Hurst v. Idaho Iowa Lateral & Res. Co.*, 42 Idaho 436, 246 P. 23 (1926) and *Idaho Farms Co. v. North Side Canal Co.*, 24 F. Supp. 189 (D. Idaho 1938). Given that Idaho courts do not favor forfeiture of water rights and that no public interest is served by forfeiture of the Edens' water right, equity compels against declaring a forfeiture in these unique circumstances. In light of the facts, the Edens come with clean hands and pray upon this Court for sympathy.

V. CONCLUSION

By not receiving the May 19, 2005, letter from IDWR and their unique and compelling circumstances, the Edens meet the requirements of I.R.C.P. 60(b)(4) and (6). The Edens have presented a meritorious defense of a decreed water right and by bringing this action when they did, have pursued their cause of action within a reasonable amount of time. The Edens also come in equity, with clean hands, seeking just relief from forfeiture of their water rights. As such, the Edens respectfully request the Court set aside its *Judgment* only as to water right no. 37-864. The Edens respectfully request they be allowed to pursue their late claim, as it was decreed in 1918, and obtain a valid SRBA partial decree that reflects historic water use from the Big Wood River. Because the Edens are pursuing their water right in Basin 37 as it was decreed in 1918, and has been used historically, no prejudice should result to any other water users.

IN THE MATTER OF APPLICATIONS FOR)

_____)

AMENDED
MORATORIUM ORDER

The Director of the Department of Water Resources, having responsibility for the administration of the appropriation of the water of the state of Idaho, the protection of rights to the use of water within the state, the protection of the public interest in the waters of the state, and the conservation of the water resources of the state, enters the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. On May 15, 1992, the Director of the department issued a moratorium order against the approval of certain new applications in the Snake River Basin upstream from the USGS gaging station at Weiser, Idaho. On January 6, 1993, the Director amended the moratorium order to eliminate the non-trust water area from the scope of the May 15, 1992 moratorium order. Conditions have since changed making further amendment of the May 15, 1992 order appropriate.

2. The Snake River Basin in Idaho has experienced six consecutive years of drought, and while the snowpack and precipitation are now near or above average across much of southern Idaho, residual effects of the drought are still evident in ground water levels, spring flows and anticipated stream flows.

3. Ground water aquifers have become stressed by the reduction in natural recharge due to changes in diversion and use of surface waters throughout the basin and by the increased volume of pumping occurring to augment scarce surface water supplies during the drought period. The lowered water levels in the

ORDER - Pg 1

aquifers across much of the Snake River Basin in southern Idaho have resulted in numerous wells, often those used for domestic and municipal water supply purposes becoming unusable. Lowered ground water levels also reduce spring and base flow discharge needed to maintain stream and river flows.

4. The need to supplement or replace inadequate surface supplies has prompted many waterusers to pursue ground water as an alternative source of supply.

5. Many wells throughout the Snake River Basin, including domestic wells in the Boise River Area, have either been replaced or drilled deeper during the duration of the drought.

6. The 1993 Idaho legislature authorized a three year study to determine the relationship between the Snake Plain Aquifer and the flow of the Snake River.

7. Even though the water supplies in the state are approaching normal for the 1993 irrigation season, ground water levels which have been declining will not fully recover in 1993.

8. The term "non-trust water area" means that area depicted as such on Exhibit "A" attached hereto and by this reference incorporated herein.

9. The term "Eastern Snake River Plain Area" means the trust water area of the Snake Plain Aquifer upstream from the USGS gaging station on the Snake River at King Hill. To further define the western boundary of this area, department designated hydrologic basin nos. 37 and 47, among other basins, are included in the area and hydrologic basin nos. 51 and 61, among other basins, are not included in the area.

10. The term "Boise River Drainage Area" means hydrologic basin no. 63 as designated in department records.

11. This Amended Moratorium Order does not pertain to the non-trust water area.

12. The Snake River Basin Moratorium Order issued by the department on May 15, 1992 and amended on January 6, 1993, includes and overlaps both the Big Lost River drainage for which the department has previously issued a moratorium order on August 7,

1990 and the Mud Lake and Vicinity Area for which the department issued a moratorium order on December 1, 1989.

CONCLUSIONS OF LAW

1. The Director of the Department of Water Resources is responsible for administration of the appropriation and use of the water of the state of Idaho. Section 42-202, Idaho Code, reads in pertinent part:

For the purpose of regulating the use of the public waters and of establishing by direct means the priority right to such use, any person, association or corporation hereafter intending to acquire the right to the beneficial use of the waters of any natural streams, springs or seepage waters, lakes or ground water, or other public waters in the state of Idaho, shall, before commencing of the construction, enlargement or extension of the ditch, canal, well, or other distributing works, or performing any work in connection with said construction or proposed appropriation or the diversion of any waters into a natural channel, make an application to the department of water resources for a permit to make such appropriation.

2. The Director of the Department of Water Resources is responsible for supervision of water distribution in the state of Idaho. Section 42-602, Idaho Code, reads, in pertinent part,

It shall be the duty of the department of water resources to have immediate direction and control of the distribution of water from all of the streams to the canals and ditches diverting therefrom. The department must execute the laws relative to the distribution of water in accordance with rights of prior appropriation.

3. The Director of the Department of Water Resources is authorized under the provisions of Section 42-1805(7), Idaho Code, as follows:

After notice, to suspend the issuance or further action on permits or applications as necessary to protect existing vested water rights or to ensure compliance with the provisions of chapter 2, title 42, Idaho Code, or to prevent violation of the minimum flow provisions of the state water plan.

4. Rule 7,1. of the Department of Water Resources Rules and Regulations for Water Appropriation provides that a moratorium on processing of applications for permit shall be entered by issuance of an order of the Director of the Department of Water Resources.

Notice of the order shall be by certified mail to affected applicants and permit holders and by publishing a legal notice in newspapers of general circulation in the area.

5. A moratorium on issuance of permits to divert and use surface and ground water from the Eastern Snake River Plain Area and tributary drainages and the Boise River Drainage Area should be established to protect existing water rights.

6. The department should rescind the moratorium order issued on August 7, 1990 for the Big Lost River drainage and the moratorium order issued on December 1, 1989 for the Mud Lake and Vicinity Area to remove the duplicate effect associated with this Amended Moratorium Order.

7. This amended moratorium order is not intended to affect the provisions of the moratorium order issued by the department on January 6, 1993 in the non-trust water area.

ORDER

IT IS, THEREFORE HEREBY ORDERED that prior order of the department dated May 15, 1992 and amended January 6, 1993 in connection with the Snake River Basin upstream from the USGS gaging station at Weiser, Idaho is superceded by this Amended Moratorium Order.

IT IS, FURTHER HEREBY ORDERED that a moratorium is established on the processing and approval of presently pending and new applications for permits to appropriate water from all surface and ground water sources within the Eastern Snake River Plain Area and all tributaries thereto and within the Boise River Drainage Area.

- The following provisions apply to the administration of the moratorium:

1. The moratorium shall be in effect on and after its entry and shall remain in effect until withdrawn or modified by order of the Director.

2. The moratorium includes applications filed on all public water sources within the Eastern Snake River Plain Area and all tributaries thereto and within the Boise River Drainage Area.

3. The moratorium applies to all applications proposing a

consumptive use of water filed after the date of the order and to all applications filed prior to the entry of the order for which approval has not been given, except as herein provided.

4. The moratorium does not affect the authorization to continue development of any existing approved application (permit).

5. The moratorium does not apply to any application for domestic purposes as such term is defined in Section 42-111, Idaho Code. For the purposes of this exception, applications for ground water permits seeking water for multiple ownership subdivisions or mobile home parks will be considered provided each unit satisfies the definition for the exception of requirement to file an application for permit as described in said section.

6. The moratorium does not apply to any application proposing a non-consumptive use of water as the term is used in Section 42-605A, Idaho Code.

7. The moratorium does not apply to applications for drilling permits to replace or deepen existing wells having valid existing water rights nor to applications for transfer of existing water rights.

8. This moratorium does not change or affect the administration of any area that has been previously designated as a critical ground water area, pursuant to Section 42-233a, Idaho Code, or a ground water management area pursuant to Section 42-233b, Idaho Code.

9. The moratorium does not prevent the Director from reviewing for approval on a case-by-case basis an application which - otherwise would not be approved under terms of this moratorium if,

a) Protection and furtherance of the public interest as determined by the Director, requires consideration and approval of the application irrespective of the general drought related moratorium; or

b) The Director determines that the development and use of the water pursuant to an application will have no effect on prior surface and ground water rights because of its location, insignificant consumption of water or mitigation provided by the applicant to offset injury to other rights.

10. This moratorium does not change or supercede any of the

provisions of the moratorium order issued by the department on January 6, 1993 in the non-trust water area of the Snake River Basin and shall not be interpreted as declaring an end to the drought emergency as referenced in provision 8(b) of the moratorium order for the non-trust water area.

11. This moratorium supercedes and rescinds the Moratorium Order issued on December 1, 1989 for the Mud Lake and Vicinity Area. Pending applications for permit or applications for transfer will be treated under the terms of this amended moratorium order.

12. This moratorium supercedes and rescinds the Final Order of the department issued on August 7, 1990 which established a moratorium on the issuance of new permits within the Big Lost River drainage. Pending applications for permit or applications for transfer will be treated under terms of this amended moratorium order and may be considered for approval by the department in connection with proposed mitigation or compensation for prior water rights.

Attorneys for the State of Idaho

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA

Case No. 39576

Subcase No. 37-864

**STATE OF IDAHO'S RESPONSE TO
MOTION TO SET ASIDE FINAL
UNIFIED DECREE AND ORDER
CLOSING CLAIMS TAKING BASINS 01,
02, 03, 31, 34, 35, 36, 37, 41, 45, 47, AND
63, AND DISALLOWAL OF
UNCLAIMED WATER RIGHTS, SRBA
SUBCASE NO. 00-92099 AND
EXPEDITED MOTION TO FILE LATE
NOTICE OF CLAIM**

The State of Idaho (the "State"), by and through its attorneys of record hereby responds to the *Motion to Set Aside Final Unified Decree and Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights* ("Motion to Set Aside") and *Expedited Motion to File Late Notice of Claim* filed by counsel for Gary and

Glenna Eden (“the Edens”) on September 30, 2016 (collectively “*Motions*”). The State requests that this Court deny the *Motions* for the reasons discussed herein.

BACKGROUND

The Edens’ Notice of Claim states that water right no. 37-864 has a priority date of September 28, 1896, and allows for the diversion of 1.00 cfs from the Big Wood River to irrigate 40 acres on the Southwest Quarter of the Southwest Quarter (SW1/4, SW1/4) of Section 9, Township 05S, Range 16E, Boise Meridian, Lincoln County, Idaho. *See Expedited Motion to File Late Notice of Claim*. The Edens appear to argue that water right no. 37-864 was decreed in *Gomes v. Devaney*, and that they acquired ownership in the right when they were conveyed the Southwest Quarter of Section 9, Township 5 South, Range 16 East of the Boise Meridian, Lincoln County, Idaho in 1992. *See id.* The Edens do not contest that this water right was not claimed during the pendency of the Snake River Basin Adjudication (“SRBA”) and was decreed disallowed. Rather, they argue that compelling circumstances warrant setting aside the *Final Unified Decree* so they may assert a late claim for this right. The State disagrees.

Water right no. 37-864 is not the Edens only water interest in Basin 37. The Edens received partial decrees for three water rights included in the *Final Unified Decree*: 37-365 (Sept. 29, 2006), 37-366 (Sept. 29, 2006), 37-10953 (Dec. 11, 2002).¹ Additionally, three more water rights were transferred to the Edens after the partial decrees for these rights had been issued: 37-10322 (Jan. 10, 2001); 37-12782 (Jan. 12, 2001); 37-21394 (Sept. 21, 2006).²

On May 5, 2005, the *Second Round Service of Commencement Notice* (“*Second Round Service Notice*”) prepared pursuant to Idaho Code section 42-1408(4) was circulated in Basin 37,

¹ IDWR records indicate that the claims for these rights were filed by the Edens’ predecessors in interest and transferred to the Edens before the partial decrees were issued. *See Affidavit of Shantel M. Chapple Knowlton* (“*Knowlton Aff.*”), Exs. 1, 2, 3.

² Notice of Ownership Change Forms for these water rights are included as Exhibits 4, 5, and 6 to the *Affidavit of Shantel M. Chapple Knowlton*.

Part 1. *Affidavit of Dana L. Hofstetter* (“*Hofstetter Aff.*”), Ex. 2 at 2. The Edens admit that they personally received the *Second Round Service Notice* via certified mail on May 6, 2005. *Hofstetter Aff.* at 2–3; *Hofstetter Aff.*, Exs. 2 and 3. The *Second Round Service Notice* informed the Edens that they may own a water right in the Snake River Basin for which a claim had not been filed in the SRBA. *Hofstetter Aff.*, Ex. 2. It also clearly stated that failure to file a required notice of claim will result in a determination by the court that the water right no longer exists. *Id.* The *Second Round Service Notice* expressly informed the Edens that “Notices of Claims must be filed on forms prepared by IDWR or a reasonable facsimile,” and provided information about who to contact for assistance. *Id.*

Prior to receiving the *Second Round Service Notice*, the Edens had received a letter from IDWR asking them to confirm their address. *Hofstetter Aff.*, Ex. 1. According to the Edens’ *Motion to Set Aside*, the *Second Round Service Notice* had prompted them to attempt to claim water right no. 37-864 in the SRBA. *Motion to Set Aside* at 3. However, the Edens did not file a Notice of Claim form as stated in the *Second Round Service Notice*. Rather, they claim that they enclosed “documentation attempting to claim Water Right No. 37-864 in the SRBA” with the letter to IDWR confirming their address. *Id.* The Edens do not provide information about what documentation was enclosed.

On May 19, 2005, an IDWR employee drafted a letter to the Edens thanking them for confirming their address and stating that based on the enclosures, she believed the Edens would like to file a claim on water right no. 37-864. *Hofstetter Aff.*, Ex. 3. The letter then stated that a Notice of Claim form and instructions were enclosed. *Id.* The Edens contend that they never received this letter, arguing that it was likely sent to the wrong address. *Motion to Set Aside* at 4. The Edens also stated that because they did not receive a response from IDWR, they believed

they had adequately filed a claim. *Affidavit of Glenna Eden* (“*Glenna Eden Aff.*”) at 2; *Affidavit of Gary Eden* (“*Gary Eden Aff.*”) at 2.

The Edens state that they did not realize a claim had not been filed until an unspecified date in 2016 when a Director from the Big Wood Canal Company informed them that there was an issue with delivering storage water supplemental to water right no. 37-864. *Gary Eden Aff.* at 2. The Edens give no indication that they made any attempt to contact IDWR or the SRBA court in the eleven years between “filing their claim” and learning of the issue with their supplemental storage right. Nor did they appear to question why they had not received a partial decree for water right no. 37-864, even though they had received such decrees for other water rights claimed in the SRBA. Additionally, several orders issued by this Court put the Edens on notice that water right no. 37-864 was not claimed.

On October 12, 2012, this Court entered its *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63*, Basin Wide Issue 16, Subcase No. 00-92099 (In Re: Form and Content of Final Unified Decree) (Oct. 12, 2012) (“*Deadline Order*”). The *Deadline Order* stated that the “[c]ompletion of claims taking in individual basins is an essential first step to completion of the SRBA.” *Deadline Order* at 2. This Court concluded that that is was appropriate to begin closure of these basins because:

Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. See Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho 606 (2003). In addition, there is limited subcase activity in these basins.

Id. at 2–3. The *Deadline Order* set January 31, 2013, as the date to close claims takings in Basin 37. *Id.* at 4. The *Deadline Order* also included Exhibit 1, which listed water rights filed with IDWR for which “IDWR is unable to ascertain from its database that a claim has been filed in the SRBA.” *Id.* at 3. The Court specifically admonished claimants to “examine Exhibit 1 to

determine whether the listed water right numbers are active water rights. *The burden of determining whether to file a motion for late claim for any of the listed water rights rests solely with the water right holder.*” *Id.* (emphasis added). Water right no. 37-864 was among the water rights listed in Exhibit 1.³

On February 13, 2013, this Court issued its *Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights*, Basin Wide Issue 16, Subcase No. 00-92099 (In Re: Form and Content of Final Unified Decree) (Feb. 13, 2013) (“*Closure Order*”). The *Closure Order* stated:

Exhibit 1 to the *Deadline Order* included a list of *non-de minimus* water rights from IDWR’s water rights database that IDWR determined were required to be claimed in the SRBA. The preparation of this list was undertaken as a courtesy to the water users, not as an additional due process requirement. The *Deadline Order* provided that “[if] unclaimed, these water rights will be decreed as disallowed.” *Id.* at 3.

Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. See Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho 606 (2003).

Id. at 2. Except for certain exceptions not applicable here, the *Closure Order* closed claims takings in Basin 37. *Id.* at 3. It further provided that “all unclaimed water rights represented by the water right numbers listed on Exhibit 1, except for any deferrable domestic and/or stockwater portion of such rights, are hereby decreed as disallowed.” *Id.* at 4. Water right no. 37-864 was among the water rights listed in Exhibit 1.⁴

On August 26, 2014, this Court entered the *Final Unified Decree* which, with limited exceptions not applicable here, “is conclusive as to the nature and extent of all water rights with

³ Water right 38-864 appeared on page 4 of 16 of the subsection of Exhibit 1 labeled “Basin 37 Potentially Unclaimed Water Rights.” The entry for the water right stated that it was sourced from Big Wood River for irrigation, it was based on a decree, and the owner of record was Anthony M. Gomes. This page from Exhibit 1 of the *Deadline Order* is included as Exhibit 7 to the Affidavit of Shantel M. Chapple Knowlton.

⁴ As in the *Deadline Order*, water right no. 37-864 appeared on page 4 of 16 of the subsection of Exhibit 1 labeled “Basin 37 Potentially Unclaimed Water Rights.” This page from Exhibit 1 of the *Closure Order* is included as Exhibit 8 to the Affidavit of Shantel M. Chapple Knowlton.

the Snake River Basin with the State of Idaho with a priority date prior to November 19, 1987.” *Final Unified Decree* at 7 (Aug. 26, 2014). All water rights required to be claimed in the SRBA were superseded by the *Final Unified Decree*. *Id.* at 11–12. In the decree, the Court again reiterated that “Claimants in each of the SRBA basins received notice of the commencement of the SRBA in accordance with chapter 14, title 42, Idaho Code and orders of this Court. These notice procedures satisfy constitutional due process requirements.” *Id.* at 9. The *Final Unified Decree* incorporated by reference Attachment 6, which listed water rights on record with IDWR that the Court had decreed as disallowed because they were not claimed. *Id.* at 11. Water right no. 37-864 was among the water rights listed in Attachment 6.⁵

The Edens filed the *Motions* on September 30, 2016, over two years after the *Final Unified Decree* was issued. They argue that the *Final Unified Decree* should be set aside under Idaho Rule of Civil Procedure (“I.R.C.P.”) 60(b)(4) or (b)(6), and they should be allowed to file a late claim for water right no 37-864.

ARGUMENT

1. The Edens’ Mistaken Belief that They Filed a Claim in the SRBA Does Not Warrant Setting Aside the Final Unified Decree that Concluded a Twenty-Seven Year General Adjudication.

Idaho Rule of Civil Procedure 60(b) provides:

On motion and just terms, the court may relieve a party or its legal representative from a final judgment, order, or proceeding for the following reasons:

- (1) mistake, inadvertence, surprise, or excusable neglect;
- (2) newly discovered evidence that, with reasonable diligence, could not have been discovered in time to move for a new trial under Rule 59(b);
- (3) fraud (whether previously called intrinsic or extrinsic), misrepresentation, or misconduct by an opposing party;
- (4) the judgment is void;

⁵ Page 8 from Attachment 6 listing water right no. 37-864 is included as Exhibit 9 to the Affidavit of Shantel M. Chapple Knowlton.

- (5) the judgment has been satisfied, released, or discharged; it is based on an earlier judgment that has been reversed or vacated; or applying it prospectively is no longer equitable; or
- (6) any other reason that justifies relief.

“A motion under Rule 60(b) must be made within a reasonable time, and for reasons (1), (2), and (3) no more than 6 months after the entry of the judgment or order or the date of the proceeding.” I.R.C.P. 60(c)(1). “[A]lthough the court is vested with broad discretion in determining whether to grant or deny a Rule 60(b) motion, its discretion is limited and may be granted only on a showing of ‘unique and compelling circumstances’ justifying relief.” *Eby v. State*, 148 Idaho 731, 736, 228 P.3d 998, 1003 (2010) (quoting *Miller v. Haller*, 129 Idaho 345, 349, 924 P.2d 607, 611 (1996)).

The Edens *Motion to Set Aside* is based on I.R.C.P. 60(b)(4) and (b)(6). *Motion to Set Aside* at 7–10. Additionally, the Edens contend that they filed their *Motions* within a reasonable time.

a. I.R.C.P. 60(b)(4) is Not Applicable Because the *Final Unified Decree* is Not Void.

“Generally, the Court may declare a judgment void only for defects of personal jurisdiction or subject-matter jurisdiction.” *Meyers v. Hansen*, 148 Idaho 283, 291, 221 P.3d 81, 89 (2009). “However, a judgment is also void if the ‘courts action amounts to a plain usurpation of power constituting a violation of due process.’” *Id.* (quoting *Dept. of Health and Welfare v. Housel*, 140 Idaho 96, 100, 90 P.3d 321, 325 (2004)). “Procedural due process requires that there must be some process to ensure that the individual is not arbitrarily deprived of his rights in violation of the state or federal constitutions.” *Id.* (quoting *Cowan v. Board of Comm’rs*, 143 Idaho 501, 510, 148 P.3d 1247, 1256 (2006)). This requires that an individual be provided with notice and an opportunity to be heard. *Id.* However, “[d]ue process is not a rigid concept.

Instead, the protections and safeguards necessary vary according to the situation.” *Id.* at 292, 221 P.3d at 90.

The Edens argue that the *Unified Final Decree* is void because they were deprived of due process. *Motion to Set Aside* at 7–9. The Edens admit that they personally received the *Second Round Service Notice* on May 6, 2005. *Hofstetter Aff.* at 2–3; *Hofstetter Aff.*, Exs. 2, 3. They argue that they were denied due process because they did not receive the May 19, 2005 letter from IDWR and the enclosed Notice of Claim form. *Motion to Set Aside* at 8. The Edens appear to argue that due process required IDWR to personally notify them that they did not properly follow the instructions set forth in the *Second Round Service Notice* to file a claim. This argument attempts to shift responsibility for filing claims from the claimant to IDWR. Additionally, this argument fails to acknowledge orders issued by this Court recognizing that notice given pursuant to Idaho Code section 42-1408, such as the *Second Round Service Notice* received by the Edens, is sufficient to satisfy constitutional due process requirements.

As stated by this Court in its *Deadline Order*, *Closure Order*, and *Final Unified Decree*, under Idaho Code section 42-1408, water users received extensive first and second-round notice of the filing requirements in the SRBA, and, under *Lu Ranching Co. v. U.S.*, 138 Idaho 606, 67 P.3d 85 (2003), such notice meets constitutional due process requirements. *Deadline Order* at 2–3; *Closure Order* at 2; *Final Unified Decree* at 5, 9. The *Second Round Service Notice* informed the Edens that they may have an unclaimed water right that was required to be claimed in the SRBA and the consequences of failing to file a claim. *Hofstetter Aff.*, Ex. 2. It further provided the Edens with information on how to properly file such a claim and who to contact if they needed assistance. *Id.*

The Edens agree that that the *Second Round Service Notice* did put them on notice of the need to file a claim for water right no. 37-864. *Motion to Set Aside* at 3. Although the Edens apparently read the *Second Round Service Notice* and surmised that they needed to file a claim, they failed to comply with the clear instructions for how to do so. The Edens received the same notice as every other claimant in the Snake River Basin, with the same instructions for filing claims. The *Final Unified Decree* should not be voided because IDWR did not personally contact the Edens and inform them that sending “documentation” concerning a water right was not sufficient to claim the right in the SRBA.

Further, the Edens argument that they failed to receive notice that water right no. 37-864 was unclaimed is factually inaccurate. The *Deadline Order* gave notice that unclaimed water rights listed in Exhibit 1—including water right no. 37-864—would be decreed as disallowed if not claimed by January 31, 2013. *Deadline Order* at 3. The *Deadline Order* instructed claimants to “examine Exhibit 1 to determine whether the listed water right numbers are active water rights. *The burden of determining whether to file a motion for late claim for any of the listed water rights rests solely with the water right holder.*” *Id.* (emphasis added). The inclusion of water right no. 37-864 in Exhibit 1 to the *Closure Order* provided further notice that it had not been claimed in the SRBA. The *Deadline Order* and the *Closure Order* were more than sufficient to notify the Edens that a claim had not been filed for water right no. 37-864 before the *Final Unified Decree* was issued. As this Court stated in the *Closure Order*, this notice went above and beyond constitutional due process requirements. *Closure Order* at 2.

For the forgoing reasons, the State asks the Court to conclude that the *Final Unified Decree* is not void and therefore should not be set aside under I.R.C.P. 60(b)(4).

b. The Edens Have Failed to Establish Any Unique and Compelling Circumstances that Warrant Setting Aside the *Final Unified Decree* Under I.R.C.P. 60(b)(6).

A judgment may be set aside under I.R.C.P. 60(b)(6) “only on a showing of ‘unique and compelling circumstances’ justifying relief.” *Profits Plus Capital Management, LLC v. Podesta*, 156 Idaho 873, 886, 332 P.3d 785, 798 (2014) (quoting *Miller*, 129 Idaho at 349, 924 P.2d at 611). “Whether a Rule 60(b) motion is supported by unique and compelling circumstances is a determination that must be made on a case-by-case basis.” *Order on Permissive Review Granting Motion to Set Aside Partial Decrees and Order of Recommitment to Special Master* at 7, SRBA Subcase Nos. 79-02063 *et al.* (June 10, 2010).

The Edens provide no argument as to how the circumstances in this case are unique and compelling enough to warrant setting aside the *Final Unified Decree*. The *Motion to Set Aside* merely states that “[a] review of the facts in this case reveals circumstances particular to the Edens that are both unique and compelling.” *Motion to Set Aside* at 9–10. The Edens then cite two instances where this Court had set aside orders disallowing claims in certain basins under Rule 60(b)(6). *Id.* at 10. However, in those cases, the claimants had not received second-round service. *Order Setting Aside Disallowal of Unclaimed Water Rights; Order Granting Motions to File Late Notice of Claim; Order for Expedited Late Claim Director’s Report and Setting Forth Procedures and Deadlines for Expedited Process* at 4, SRBA Subcase Nos. 65-23234 and 65-5452 (May 21, 2014) (“Given that no second round service was given, the Court finds that Pearce has set forth sufficient grounds, and unique and compelling circumstances.”); *Motion to Set Aside and Memorandum in Support* at 2, SRBA Subcase Nos. 74-361 *et al.* (April 29, 2014).⁶

⁶ The Court granted the motion to set aside in Subcase No. 74-361 but did not set forth its justification in the order. *Order Setting Aside Disallowal of Unclaimed Water Rights; Order Granting Late Notice of Claim; Order for Expedited Late Claim Directors Report and Setting Forth Procedures and Deadlines for Expedited Process*, SRBA Subcase Nos. 74-361 *et al.* (May 21, 2014). Instead the Court referred to its reasoning set forth at the oral hearing. *Id.* at 2.

The same reasoning does not apply here, where it is uncontested that the Edens personally received second-round service.

This Court's *Order Denying Motion to File Late Notice of Claim*, SRBA Subcase No. 21-13176 (Jan. 9, 2014), is instructive. There, the Court concluded that a late claim in Basin 21 was not warranted after the order closing claims takings in that basin had been issued because 1) claimants in Basin 21 received extensive first-round and second-round notice and 2) the deadline order for Basin 21 gave further notice that late claims could not be filed in Basin 21 after March 30, 2012. *Id.* at 2. In that case, the late claimant had argued that the Court should set aside the closure order for Basin 21 because "he erroneously believed his ground was covered by another water right which had been previously adjudicated." *Id.* at 3. The Court held that this did not warrant relief under Rule 60(b)(6):

While such mistake, inadvertence, and neglect on the part of Steinman regarding the water rights applicable to his property could arguably be grounds for relief under 60(b)(1), Steinman did not timely make a Rule 60(b)(1) motion. He cannot now disguise the same argument as a Rule 60(b)(6) motion under Idaho Law. *See, e.g., Leasefirst v. Burns*, 131 Idaho 158, 163, 953 P.2d 598, 603 (1998) (holding "a ground for relief asserted, falling fairly under 60(b)(1), cannot be granted under 60(b)(6)"); *Pullin v. City of Kimberly*, 100 Idaho 34, 37, 592 P.2d 849, 852 (1979) (holding, "it is well settled that 60(b)(1) and 60(b)(6) are mutually exclusive, such that a ground for relief asserted, falling fairly under 60(b)(1), cannot be granted under 60(b)(6)").

Id. at 3.

The same reasoning is applicable in this case. Essentially, the Edens are asking this Court to set aside the *Final Unified Decree* because they mistakenly thought that they had claimed water right no. 37-864 in the SRBA. This is clearly an allegation of mistake that would normally fall under Rule 60(b)(1). The *Final Unified Decree* states that "[t]he time period for determining forfeiture of a partial decree based upon state law shall be measured from the date of issuance of the partial decree by this Court and not from the date of this Final Unified Decree." *Final Unified*

Decree at 12. Water right no. 37-864 was decreed disallowed in the *Closure Order*. *Closure Order* at 4. It has been well over six months since the Court issued the *Closure Order* on February 13, 2013.⁷ The Edens cannot run around the time limitations of I.R.C.P. 60(c) by attempting to disguise their argument as a motion under Rule 60(b)(6).

Additionally, a party seeking relief under Rule 60(b)(1) must show that they exercised due diligence in the protection of their rights, such as a reasonably prudent person would exercise under similar conditions. *Avondale On Hayden, Inc. v. Hall*, 104 Idaho 321, 325, 658 P.2d 992, 996 (Ct. App. 1983). The Edens have not shown that they took any action evidencing due diligence in protecting their water right in the eleven years between sending “documentation” to IDWR and filing their *Motions*. The Edens are familiar with the SRBA; they own several decreed water rights. It is unclear how the Edens could have reasonably thought that water right no. 37-864 was claimed in the SRBA when, unlike their other water rights, they never received a partial decree. Additionally, the *Deadline Order*, *Closure Order*, and *Final Unified* decree specifically stated that no claim had been filed for water right no. 37-864. *See Knowlton Aff.*, Exs. 7, 8, 9. The Edens sat on their rights and are now trying shift responsibility for their error to IDWR. The Edens did not exercise due diligence and would not have been entitled to relief under Rule 60(b)(1)—even if their motion had been timely.

It is important to note that the Edens are not seeking to set aside a partial decree or just the *Closure Order*. They seek to set aside the *Final Unified Decree*. The standard for showing unique and compelling circumstances to justify setting aside the *Final Unified Decree*, the finality of which all water users in the Snake River Basin rely, must necessarily be higher than those needed to set aside a closure order or a partial decree. The foregoing demonstrates that the

⁷ Even if the Court were to start the six month clock from the time the *Final Unified Decree* was issued, the *Motions* would still be untimely under I.R.C.P. 60(c).

Edens have not have shown unique or compelling circumstances to justify setting aside a partial decree or closure order, let alone the *Final Unified Decree*.

For the forgoing reasons, the State asks the Court to conclude that the Edens are not entitled to relief under I.R.C.P. 60(b)(6).

c. The Edens Did Not File the *Motion to Set Aside* Within a Reasonable Time.

The Edens argue that they filed the *Motion to Set Aside* within a reasonable time because they did not learn there was an issue with their water right until 2016. *Motion to Set Aside* at 8–9. The Edens argue that what constitutes a reasonable time is judged from the time they had subjective knowledge that water right no. 37-864 was not claimed in the SRBA. *Id.*

Supreme Court precedent establishes that whether a party had “knowledge” is not based solely on a subjective standard:

When the movant challenges a judgment as void under Rule 60(b), the court examines the length of time between the moment *the judgment becomes apparent* to the defendant and the date the Rule 60(b) motion is filed. *McGrew v. McGrew*, 139 Idaho 551, 559, 82 P.3d 833, 841 (2003). Thus, when the movant alleges that a judgment has become inequitable under Rule 60(b)(5), the court should examine the movant’s delay after the moment *it became reasonably apparent* that the order is inequitable due to a change in law or circumstances.

Meyers v. Hansen, 148 Idaho 283, 291, 221 P.3d 81, 89 (2009) (emphasis added). *Meyers* establishes that when considering whether a Rule 60(b) motion was filed within a reasonable time, the Court may consider when the judgment was objectively apparent, or when it was reasonably apparent. Applying a completely subjective standard, like that suggested by the Edens, would be particularly problematic in a general adjudication such as the SRBA, involving thousands of claimants and water rights.

The Edens’ claimed lack of knowledge is not objectively reasonable when looking at the circumstances in this case. The *Deadline Order*, *Closure Order*, and *Final Unified Decree* specifically referenced water right no. 37-864 as unclaimed and stated that such unclaimed rights

will be decreed as disallowed. *Deadline Order* at 3; *Closure Order* at 4; *Final Unified Decree* at 11. It is also unclear how the Edens could reasonably believe that water right no. 37-864 was claimed in the SRBA when they never received a partial decree for the right even after claims takings were closed in Basin 37 in 2013 and after the *Final Unified Decree* was issued in 2014. The Edens were on notice of the conclusion of the SRBA and that water right no. 37-864 had not been claimed. The Edens reasonably should have known that their right was not claimed at least by the time the *Final Unified Decree* was issued. The Edens did not file the *Motion to Set Aside* until two years later.

For the forgoing reasons, the State asks the Court to conclude that the Edens' *Motion to Set Aside* was not filed within a reasonable time.

2. The Edens Have Failed to Establish Good Cause for Their Late Claim Under I.R.C.P. 55(c).

A motion to file a Late Notice of Claim is reviewed under the criteria set forth in I.R.C.P. 55(c) for setting aside an entry of default. *SRBA Administrative Order 1*, § 4d(2)(d). Under I.R.C.P. 55(c), an entry of default may be set aside for good cause shown. "The primary considerations in determining good cause are: (1) whether the default was willful; (2) whether a meritorious defense has been presented; and (3) whether setting aside the default would prejudice the opponent." *Order Denying Motion to File Late Notice of Claim*, SRBA Subcase No. 21-13176 at 4 (citing *McFarland v. Curtis*, 123 Idaho 931, 936, 854 P.2d 274, 279 (Ct. App. 1993)). When undertaking the good cause analysis, this Court places significant emphasis on the prejudice to other parties' factor. *Id.*

The Edens do not expressly address the Rule 55(c) factors in their *Motions*. However, in discussing their Rule 60 motion, the Edens do allege that other water users would not be prejudiced if the Edens received a decree for water right no. 37-864 because they have

historically received water under that right. *Motion to Set Aside* at 10–11. However, there has been a long-standing water shortage in Basin 37 and a Moratorium has been in place since 1993 on all new consumptive rights in this basin. *Knowlon Aff.*, Ex. 10. Allowing the Edens to assert a claim for a water right disallowed over three years ago will prejudice water users with rights junior to 37-864 by reducing the legally available water and allowing a new senior right holder to assert priority. This is especially problematic in a Basin with a history of drought, where water use has become more competitive.

Additionally, the Edens ignore the prejudice to other water users of allowing a late claim to proceed after the *Final Unified Decree* was issued. “Finality in water rights is essential.” *State v. Nelson*, 131 Idaho 12, 16, 951 P.2d 943, 947 (1998). This Court had found that there was not good cause to allow a late claim after a closure order had been issued in Basin 21 because:

almost all claims that were timely filed in the basin have been fully adjudicated. Allowing the instant late claim to come in at this point in time, in contravention of the *Deadline* and *Closure Order*, would seriously disrupt the finality of process intended by those *Orders* to the prejudice of other parties to the SRBA.

Order Denying Motion to File Late Notice of Claim, SRBA Subcase No. 21-13176 at 4. As the Court concluded, there is an inherent prejudice to other parties in the SRBA by allowing late claims after a closure order has been issued. Prejudice to other parties to the SRBA would be even greater in the instant case where the *Final Unified Decree* was also entered by this Court over two years ago.

The *Final Unified Decree* is “conclusive as to the nature and extent of all water rights within the Snake River Basin,” and is “binding against all persons.” *Final Unified Decree* at 7, 11. It determines the elements of more than 150,000 separate water rights and places those water rights in relationship to one another via priority dates. Allowing a late claim for a disallowed water right at this point has the potential to undermine the finality of a decree concluding an

almost thirty-year general adjudication. This would prejudice other water users in the Snake River Basin who must be able to rely on the finality of the *Final Unified Decree*.

Because allowing such an untimely claim would be highly prejudicial to other parties to the SRBA, the Edens' *Expedited Motion to File a Late Claim* should be denied.

3. There is No Basis for the Edens' Claim for Equitable Relief.

The Edens argue that the Court should set aside the *Final Unified Decree* and allow their late claim as a matter of equity. The Idaho Rules of Civil Procedure set forth the specific circumstances under which a final judgment may be set aside in I.R.C.P. 60(b). The Edens cannot run around these requirements under the guise of an equity claim. They have not shown that setting aside the *Final Unified Decree* is warranted under Rule 60(b), and that is the exclusive path to set aside a judgment in a civil action.

Additionally, as discussed at length above, the Edens have taken no steps in the last eleven years to protect their water right. They received the *Second Round Service Notice*, which provided them with the procedure to file a claim in the SRBA. They did not follow those instructions. They were provided ample notice that a claim was not filed for water right 37-864 and that it would be decreed as disallowed in the *Deadline Order* and *Closure Order*. They did not take heed of this notice or any action to rectify their error. Allowing the Edens to file a claim two years after the *Final Unified Decree* was issued would not be equitable under these circumstances.

CONCLUSION

For the reasons discussed herein, the State requests that this Court deny the Edens' *Motions*.

REQUEST FOR ATTORNEY FEES

The Edens failed to present meritorious arguments in support of their *Motions* and have acted without a reasonable basis in fact and/or law. The State therefore requests an award of reasonable attorney fees and expenses pursuant to Idaho Code section 12-117. The amount requested will be set forth in a Memorandum of Attorney Fees and Costs that will be filed in accordance with I.R.C.P. 54(d).

Dear Mr. & Mrs. Eden,

In researching Idaho Department of Water Resources records associated with water delivery in Water District 37, it has come to our attention that Water Right 37-0864 was disallowed in the states adjudication process on February 2, 2013.

The Idaho Department of Water Resources records show the water right in the name of Anthony M Gomez. Water Right 37-0864 had not been transferred to your ownership. A copy of the Idaho Department of Water Resources water report has been provided for your review along with a letter dated May 19, 2005 from IDWR requesting fees to possibly transfer the ownership and to begin the claim process.

I also want to bring to your attention the American Falls supplemental water #281 associated with this decreed water right. The information concerning the disallowed water right has been discussed with Big Wood Canal Company to determine how this supplement will be handled.

This letter is to serve as notice that water right 37-864 in the amount of 40 inches of water will not be delivered by Water District 37.

If you should have questions please contact our office.

Thank you,

Cyndi McCowan
Sec / Treas.

I. INTRODUCTION

In their *Motion to Set Aside Final Unified Decree and Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights, SRBA Subcase No. 00-92099*, and *Memorandum in Support* (hereinafter "*Motion*" and "*Memorandum*," respectively) the Edens sought to set aside this Court's *Final Unified Decree* ("*Decree*") and *Order Closing Claims taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights, SRBA Subcase No. 00-92099* ("*Order*") only specifically with respect to their Water Right No. 37-864. There is no intent to affect any other portions of the *Decree* or *Order*. The *Decree* has been modified for a limited purpose previously without impacting other portions of the *Decree* or the overall legal effect of the *Decree* and that is what is sought here. See *Order Amending Final Unified Decree (June 25, 2015)*.

As explained in the Edens' *Motion* and *Memorandum*, there is good legal justification for the relief they seek under I.R.C.P., 60(b)(4) and (6). The Edens received Second Round Service on May 6, 2005, and immediately attempted to claim Water Right No. 37-864, in accordance with that Second Round Service. *Affidavit of Dana L. Hofstetter, Exhibit 4*. The May 19, 2005, Idaho Department of Water Resources ("IDWR") letter to the Edens confirms this: "I gathered from the enclosures you sent me that you would like to file a claim on 37-864." *Affidavit of Dana L. Hofstetter, Exhibit 4*. The regarding line on this letter, "Snake River Basin Adjudication (SRBA) Notice of Claim to Water Right #37-864" also establishes that IDWR clearly understood the Edens' enclosures constituted an attempt to file a SRBA claim for 37-864." The Edens thought they had submitted to IDWR what was necessary to claim 37-864 in the SRBA:

REPLY TO STATE OF IDAHO'S RESPONSE TO MOTION TO SET ASIDE FINAL UNIFIED DECREE AND ORDER CLOSING CLAIMS TAKING BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, AND 63, AND DISALLOWAL OF UNCLAIMED WATER RIGHTS, SRBA SUBCASE NO. 00-92099 AND EXPEDITED MOTION TO FILE LATE NOTICE OF CLAIM - 2

48728.0001.8442041.1

"Having received no response from IDWR to our attempts to claim 37-864, I believed the matter had been adequately addressed." *Affidavit of Gary Eden; Affidavit of Glenna Eden.*

Additionally to recognizing the Edens' attempt to claim 37-864, the May 19, 2005, IDWR letter acknowledges the Edens' return of IDWR's April 28, 2005, letter by which IDWR requested that the Edens confirm their current address in Shoshone: "Thank you for signing and returning my address change letter so promptly." *Affidavit of Dana L. Hofstetter at Exhibits 1 and 4.* However, for some inexplicable reason IDWR's May 19, 2005, letter did not use the Shoshone address that the Edens had just confirmed, but rather utilized an out of date Gooding address. *Compare Id.* at Exhibits 1 and 4. Both of the Edens confirmed that they did not receive the May 19, 2005, IDWR letter and if they had they would have followed its instructions: "We never received this letter. If we had, we would have submitted the requested paper work." *Affidavit of Glenna Eden; see also Affidavit of Gary Eden.* Indeed, the Edens' track record also confirms that had they received the May 19, 2005, letter the Edens' would have complied with its instructions: The May 19, 2005, letter confirms that they had promptly responded by that date to: 1. the April 28, 2005, IDWR letter requesting confirmation of their address; and 2. the Second Round Service Notice for 37-864 they received May 6, 2005. *Affidavit of Dana L. Hofstetter at Exhibits 1, 3 and 4.* Thus, the record also confirms that had they received the May 19, 2005, letter, they would have duly responded as was their practice.

The Second Round Service Notice, received by the Edens May 6, 2005, stated on page 3 that Notice of Claims could be filed on forms prepared by IDWR "or a reasonable facsimile." *Affidavit of Dana L. Hofstetter at Exhibits 2 and 3.* Further, the Second Round Service Notice on page 3 indicated that "assistance in filing Notice of Claims may be obtained at all offices of

IDWR.” Thus, while IDWR has been unable conclusively to locate the enclosures that are referenced in the May 19, 2005 letter, the May 19, 2005, letter confirms that the Edens clearly sent IDWR the message that the Edens were attempting to claim 37-864 in the SRBA. The Edens believed they had claimed 37-864 pursuant to the Second Round Notice they had received. *Affidavits of Glenna and Gary Eden*. Certainly they were following the directions in the Second Round Service Notice, seeking the assistance of IDWR in filing the claim. Thus, when the Edens received no response from IDWR, they believed that they adequately had addressed the matter pursuant to the Second Round Service Notice. *Id.*

II. I.R.C.P. 60(B)(4) MANDATES RELIEF TO THE EDENS AS THEY DULY FOLLOWED THE INSTRUCTIONS IN THE SECOND ROUND SERVICE NOTICE AND NEVER RECEIVED PERSONAL SERVICE OF NOTICE OF DEFAULT, ALTHOUGH THEY HAD APPEARED IN THE SRBA AND IDWR WAS AWARE OF THEIR CALIM TO 37-864.

In Idaho, when a default judgment is based upon an erroneously entered default, the judgment is voidable pursuant to I.R.C.P. 60(b)(4). *Knight Insurance, Inc. v. Knight*, 109 Idaho 56, 59, 704 P.2d 960, 963 (Ct. App. 1985). Rule 60(b)(4) creates a non-discretionary entitlement to relief. *Id.* Relief has been granted under Rule 60(b)(4) where notice was not properly given. *Farber v. Hawell*, 105 Idaho 57, 665 P.2d 1067 (1983). Additionally, relief has been granted under Rule 60(b)(4) where the notice provided was inadequate, confusing recipients and leading them down the wrong path:

The district judge, perceiving the question to be one of discretion, refused to grant relief from the default judgment. In his view, the Knights adequately had been informed of the twenty-day appearance deadline by the proposed form of order accompanying the motion for leave to withdraw and by statements made in open court. But we think the controversy over whether the Knights were genuinely confused by the April 22 order, and, if so, whether such confusion represented mistake or excusable neglect under Rule

60(b)(1), illustrates the wisdom of treating noncompliance with Rule 11(b)(3) as a defect in the default, rendering the default judgment voidable under Rule 60(b)(4).

Knight, 109 Idaho at 59, 704 P.2d at 963.

In *Deutz-Allis Credit Corporation v. Smith*, 117 Idaho 118, 785 P.2d 682 (Ct. App. 1990), the Court stated that notice requirements must be strictly complied with and, if not, judgment is voidable pursuant to Rule 60(b)(4):

[A] Court's usual discretionary authority to grant or deny such a motion [60(b)] may be greatly narrowed where certain procedural safeguards were not strictly complied with in obtaining the judgment. In cases where a party has appeared in the action, default judgment must be taken pursuant to I.R.C.P. 55(b)(2). [citation omitted] Under this rule, "the party against whom judgment by default is sought ... shall be served with written notice of the application for judgment at least (3) days prior to the hearing on such application." Entry of a default judgment without the requisite three-day notice of application for the judgment renders the judgment voidable.

Deutz-Allis, 118 Idaho at 120, 785 P.2d at 684. Notice which is not strictly accurate or otherwise in compliance with legal dictates is not sufficient:

In reaching our conclusion, we are unpersuaded that Deutz-Allis' earlier "notice of intent to take default" properly apprised Smith of the corporation's intent to seek a default judgment, or that it provided Smith with the required three-day time period in which to respond to the application. Our reading of this document suggests that it was prepared by Deutz-Allis *in anticipation* of requesting a default judgment and did not, in any way, suggest that such proceedings were then pending. Simply put, Smith never received the notice required under Rule 55(b)(2) before judgment was obtained against him.

In at least two respects, the notice that the Edens received (or did not receive) was inadequate and they are entitled to relief under Rule 60(b)(4): 1. The Second Round Notice instructed them to seek assistance with IDWR in filing their claim and also stated that they could file a facsimile in place of a formal Notice of Claim form. They followed those instructions and although they had informed IDWR of their current mailing address, received no indication that they had improperly claimed 37-864; and 2. IDWR was well aware by the time of the May 19, 2005 letter, of the Edens' desire to claim 37-864, and, despite this, the Edens were not personally served with notice of impending default as required by Rule 55(b)(2). On either basis, the Edens are entitled to relief under Rule 60(b)(4). The Second Round Service Notice which they followed to a "T" led them astray because IDWR did not effectively respond to the Edens' attempt at claim filing by sending the May 19, 2005, follow-up letter to the wrong address. Additionally, although IDWR was well aware that the Edens desired to claim 37-864, the Edens were never personally served with notice that default was going to be entered against them, as was legally required.

III. THE EDENS ALSO ARE ENTITLED TO RELIEF UNDER RULE 60(B)(6) AND EQUITABLE PRINCIPLES.

The Edens' opening *Memorandum* identified the Idaho authorities confirming the preference for setting aside defaults so that cases can be decided on the merits. Further, along with establishing the other elements for relief under 60(b)(6) their filings confirmed that "unique and compelling circumstances" for relief under Rule 60(b)(6) were amply presented as the Edens had attempted to claim 37-864 with IDWR pursuant to the Second Round Service Notice to no avail. Nevertheless, the State questions the existence of a meritorious defense, claims prejudice

would result if the Edens are granted relief and claims that 60(b)(1) precludes relief under 60(b)(6). Each of these issues, raised by the State, is addressed below.

With regard to presenting a meritorious defense, the prior Decree for 37-864 and the Edens' deed to the subject place of use were submitted attached to the *Expedited Motion to File Late Notice of Claim*. This documentation establishes the existence of the right, its elements and the Edens' justifiable claim to this right. In accordance with standard SRBA principles, this information is sufficient to establish a meritorious case.

Further, the Basin 37 Wastewater's affidavit establishes the lack of prejudice if 37-864 were reinstated: "In view of the long-term existence of 37-864, I would not anticipate prejudice to other existing water users if it were reinstated." *Affidavit of Kevin Lakey* at 2. Mr. Lakey further explained that, "Typically, water right no. 37-864 is delivered during the first part of the irrigation season. Then it is the practice for supplemental storage water from American Falls Reservoir District #2 to be delivered to the place of use." *Affidavit of Kevin Lakey* at 1.

Nevertheless, the State claims that prejudice will occur if 37-864 is reinstated because other junior water right holders would be affected. However, this is not the kind of prejudice that Rule 60(b)(6) addresses, otherwise there could never be relief from a default judgment as the assertion of one party's rights in a proceeding consequentially affect other parties' rights. Thus, prejudice in the context of Rule 60(b)(6) must mean something more than just the result of pursuing a claim:

Even though courts frequently express a concern for the party not in default, they generally conclude that no substantial prejudice will be caused by granting relief in the case before them, however. Thus, for example, courts have ruled that the fact that plaintiff would have to try the case on the merits if relief is granted is not the kind of prejudice that should preclude relief. Similarly,

NOTICE OF CLAIM - 7

48728.0001.8442041.1

the fact that reopening the judgment would delay plaintiff's possible recovery has not, in itself, been deemed to bar relief. Something more must be shown.

Wright, Miller & Kane, *Federal Practice and Procedure* Civil 3d § 2699. Similarly, the Edens' pursuit of their water right claim would not constitute prejudice. Here, there would be no prejudice of the type that should prevent the Edens' being granted the opportunity to pursue their legitimate water right claim.

The State also inexplicably distinguishes the Edens' case from the SRBA subcases where IDWR failed to send Second Round Notice, asserting that the Edens' are precluded from seeking relief under 60(b)(6) because of Rule 60(b)(1), mischaracterizing the Edens' case as solely based on a mistaken belief that they had successfully claimed 37-864. The factual circumstances presented here are much more extensive than that. The Edens clearly attempted to do whatever IDWR indicated: they confirmed their correct address, and just after receiving the Second Round Service Notice, they followed its direction to contact IDWR and file a claim. The failure to receive the IDWR follow up letter, is much like Subcase Nos. 65-2324 and 65-5452 where this Court granted relief under 60(b)(6) despite IDWR's "mistake" of not giving Second Round Notice. *Order Setting Aside Disallowal of Unclaimed Water Rights, SRBA Subcase Nos. 65-2324 and 65-5452 at 4 (May 21, 2014).*

As in Subcases 65-2324 and 65-5452, "unique and compelling circumstances" justify relief under Rule 60(b) here:

If the reasons for seeking relief could have been considered in an earlier motion under another subsection of the rule, then the motion will be granted only when extraordinary circumstances are present. Otherwise, if the movant clearly demonstrates some "other reason" justifying relief outside of the earlier clauses in the rule, then the "extraordinary circumstances" test is not invoked.

Wright, Miller & Kane, *Federal Practice and Procedure* § 2864. See also, *LeaseFirst v. Burns*, 131 Idaho 158, 163, 953 P.2d 598, 603 (1998) (“Where the facts asserted fall fairly under 60(b)(1) and additional facts have not been asserted, then relief cannot be granted under 60(b)(6).”)

The Edens’ attempt to file the Notice of Claim in accordance with the Second Round Service Notice and their failure to receive the IDWR response through no fault of their own certainly constitute “unique and compelling circumstances,” beyond just their own mistake, justifying relief under Rule 60(b)(6). Taking into account the law’s preference for having a case decided on the merits and the absence of prejudice to other parties, the Edens also should be granted relief from the judgment under Rule 60(b)(6).

IV. THE STATE’S REQUEST FOR ATTORNEYS’ FEES IS WITHOUT LEGAL BASIS AND SHOULD BE DENIED.

Initially, the State based its request for attorney’s fees under Idaho Code § 12-117. However, in the two days between the State’s *Response* and its *Notice of Errata*, the State apparently learned of *Tracfone Wireless, Inc. v. State of Idaho*, 158 Idaho 671, 682, 351 P.3d 599, 610 (2015), holding that Idaho Code § 12-117 was not applicable to the State of Idaho. However, the State also should have realized that Idaho Code § 12-121 is not applicable in this proceeding.

By its terms, Idaho Code § 12-121 is only applicable in “civil actions.” *Johnson v. Idaho Central Credit Union*, 127 Idaho 867, 871, 908 P.2d 560, 564 (1995). A “civil action” must be commenced by filing “a complaint, petition, or application with the court.” I.R.C.P., Rule 3(b).

The SRBA is not such a “civil action.” The SRBA was a statutorily mandated proceeding that

was commenced by Court order, specifically this Court's *Commencement Order* entered November 19, 1987, not by the filing of a complaint, petition or application. *See Idaho Code §§ 42-1405 to 42-1408*. Accordingly, in the SRBA, the State cannot be entitled to attorneys' fees based on Idaho Code § 12-121.

Further, it should be noted that any application for attorneys' fees under Idaho Code § 12-121 requires, from the outset, a stated explanation of basis for the requested recovery. *Marek v. Lawrence*, 153 Idaho, 50, 57, 278 P.3d 920, 927 (2012). In its *Response*, the State provides no explanation why it believes it is entitled to recovery of fees under Idaho Code § 12-121 and, thus, on this basis, also, its request under 12-121 must fail.

V. CONCLUSION

For the foregoing reasons, the *Decree* and *Order* only with respect to 37-864 should be set aside, the *Expedited Motion to File Late Notice of Claim* should be granted and the State of Idaho's request for attorneys' fees should be denied.

Dear Mr. & Mrs. Eden,

In researching Idaho Department of Water Resources records associated with water delivery in Water District 37, it has come to our attention that Water Right 37-0864 was disallowed in the states adjudication process on February 2, 2013.

The Idaho Department of Water Resources records show the water right in the name of Anthony M Gomez. Water Right 37-0864 had not been transferred to your ownership. A copy of the Idaho Department of Water Resources water report has been provided for your review along with a letter dated May 19, 2005 from IDWR requesting fees to possibly transfer the ownership and to begin the claim process.

I also want to bring to your attention the American Falls supplemental water #281 associated with this decreed water right. The information concerning the disallowed water right has been discussed with Big Wood Canal Company to determine how this supplement will be handled.

This letter is to serve as notice that water right 37-864 in the amount of 40 inches of water will not be delivered by Water District 37.

If you should have questions please contact our office.

Thank you,

Cyndi McCowan

)
 Case No. 39576) ORDER DENYING MOTION TO SET
) ASIDE
)
) ORDER DENYING MOTION TO FILE
) LATE CLAIM
)

I.

PROCEDURAL BACKGROUND

1. On October 12, 2012, this Court entered its *Order Establishing Deadline for Late Claim Filings* in basin 37 (“*Deadline Order*”).¹ It directed that except for certain exceptions not here relevant the last date to file a *Motion to File Late Claim* in basin 37 “shall be January 31, 2013.”

2. The Court subsequently entered an *Order* in basin 37, closing the basin to the filing of late claims in accordance with the *Deadline Order* (“*Closure Order*”).²

3. On February 13, 2013, the Court entered an *Order* disallowing the above-captioned water right on the grounds it was unclaimed. Then, on August 26, 2014, the Court entered the *Final Unified Decree* for the Snake River Basin Adjudication (“SRBA”), wherein the above-captioned water right was memorialized as disallowed.

4. On September 30, 2016, Gary and Glenna Eden (“Movants”) filed a *Motion* to set aside the SRBA *Final Unified Decree*, the *Closure Order*, and the Court’s disallowal of the above-captioned water right pursuant to Idaho Rules of Civil Procedure 60(b)(4) & (6). On that same date, the Movants also filed a *Motion to File Late Notice of Claim*. The late claim asserts

¹ *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63*, SRBA main case no. 39576, SRBA subcase no. 00-92099 (Oct. 12, 2012).

² *Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights*, SRBA main case no. 39576, SRBA subcase no. 00-92099 (Feb. 13, 2013).

the right to divert 1.0 cfs from the Big Wood River for the irrigation of 40 acres. The claim is based on a prior decree, and seeks a priority date of September 28, 1896. A *Response* in opposition to the *Motions* was filed by the State of Idaho.

5. A hearing on the *Motions* was held on October 27, 2016. The parties did not request additional briefing, nor does the Court require any. The matter is therefore deemed fully submitted the following business day, or October 28, 2016.

II. ANALYSIS

To file the instant late claim the Movants must set aside the *Closure Order*, the *Final Unified Decree*, and the Court's order disallowing the above-captioned water right claim (collectively, "Court Documents"). The Movants assert they are entitled to relief from the Court Documents under Idaho Rules of Civil Procedure 60(b)(4) and 60(b)(6). They rely on the following factual allegations in support of their arguments.

Water right 37-864 is associated with 40 acres of real property in Lincoln County, Idaho. The property will be referred to herein as the "Subject Property." The Movants acquired the Subject Property in 1992. On or about April 28, 2005, the Idaho Department of Water Resources ("Department") sent the Movants a letter stating it received notification that their address had recently changed. The Department asked the Movants to confirm the address change by signing and returning the letter to the Department. Around that same time, in early May 2005, the Movants received second round service notice of the commencement of the SRBA. The notice informed them that they may own an interest in a water right in the Snake River Basin that had not yet been claimed in the SRBA and instructed them on the procedure for, and need to, timely file any such claim.

In May 2005, the Movants signed and returned the Department's letter, thereby confirming their address change. Along with that letter the Movants assert they enclosed certain documentation regarding the above-captioned water right in an attempt to claim it in the SRBA. What documentation they allegedly enclosed is unknown as it is not contained in the record. On May 19, 2005, Department staff drafted a letter to the Movants confirming receipt of the signed address change letter and the enclosures related to water right 37-864. The letter reads in part:

Thank you for signing and returning my address change letter so promptly. I gathered from the enclosures you sent me that you would like to file a claim on 37-864. I have enclosed a claim form with instructions for your possible use. The filing fee is \$50.00 and the late fee is \$50.00.

Hofstetter Aff., Ex.4. The copy of the letter contained in the record is unsigned. There is no evidence that it was ever signed by Department staff or delivered to the Movants. If it was, the Movants assert the letter was wrongly addressed to their old address. In any event, the Movants declare that they never received the letter. Had they received it they state they would have taken further steps to comply with the instructions therein to file their claim. Since they did not receive it they believed a claim for water right 37-864 had been successfully filed based on the enclosures they sent to the Department.

A. The Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the Court Documents are void for want of due process.

Under Rule 60(b)(4), the Court may relieve a party from a final judgment, order, or proceeding if the judgment is void. Under Idaho law, a judgment is void where it is entered in violation of due process because the party was not given notice and an opportunity to be heard. *McGrew v. McGrew*, 139 Idaho 551, 558, 82 P.3d 833, 840 (2003). The Movants seek relief from the Court Documents on the basis they are void for want of due process. They argue that the notice provided them concerning the commencement of the SRBA was inadequate and/or confusing.

The notice requirements for the SRBA are set forth by statute. When a general adjudication is commenced the Department is required to serve notice of the adjudication commencement. I.C. § 42-1408. The adjudication statutes contemplate two rounds of service. First round service is to occur upon entry of a district court's order commencing a general adjudication. I.C. §§ 42-1408(1) & (2). Second round service is to occur "[u]pon expiration of the period for filing notices of claims." I.C. § 42-1408(4). The notice procedures utilized in the SRBA meet constitutional due process requirements. *See LU Ranching Co. v. United States*, 138 Idaho 606, 608-610, 67 P.3d 85, 87-89 (2003).

The record in this case contradicts the Movants' claim of inadequate service. The evidence is uncontroverted that both the Movants and their predecessors (i.e., Richard and Carolyn Bateman) were mailed first round service notice on March 28, 1988. *Affidavit of*

Service of Commencement Notice – Lincoln County, Twin Falls County Case No. 39576, pp.10, 36 & 37 of the affidavit of mailing (Sept. 20, 1988). It is likewise undisputed that the Movants were mailed and received second round service notice in May 2005. *Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1*, Twin Falls County Case No. 39576 (June 1, 2005); *Hofstetter Aff.*, Ex. 3. Therefore, the Movants definitely had notice of the adjudication and the need to file their claims. Indeed, they timely filed and pursued a notice of claim for another water right they own in basin 37 in the SRBA (i.e., water right claim 37-10953), for which they were granted a partial decree. *Knowlton Aff.*, Ex.3. Idaho Code § 42-1409(5) directs that “[a]ny person who fails to submit a required notice of claim shall be deemed to have been constructively served with notice of a general adjudication by publication and mailing as required by section 42-1408, Idaho Code.”³

Notwithstanding the foregoing, the Movants argue the second round service they received was inadequate, confusing, and lead them down the wrong path with respect to the above-captioned water right. It is the Movants position that they attempted to file a claim for water right 37-864 in May 2005. They allege this occurred when they enclosed miscellaneous documentation related to that right when they returned the Department’s address change letter. Since they did not receive a response to the enclosures, the Movants believed the enclosures were sufficient to constitute a notice of claim for the above water right. This belief was reasonable in their opinion given their receipt of the second round service notice stating in part that “[a]ssistance in filing Notices of Claims may be obtained at all offices of IDWR.” *Hofstetter Aff.*, Ex.2. Based on this sentence, they allege that if the enclosures they sent the Department were insufficient to constitute their notice of claim, the Department was required to contact them with further instructions. Since it did not, the Movants assert the above-captioned claim was disallowed without due process of law. This Court disagrees.

It was unreasonable for the Movants to believe that the enclosures were sufficient to constitute their notice of claim. The Movants failed to comply with basic filing requirements when submitting those enclosures. For instance, the second round service notice instructs claimants that a claim “must be filed on forms prepared by IDWR or a reasonable facsimile.”

³ All publication and mailing requirements set forth in Idaho Code § 42-1408 were met in this case. *Affidavit of Service of Commencement Notice – Lincoln County*, Twin Falls County Case No. 39576 (Sept. 20, 1988); *Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1*, Twin Falls County Case No. 39576 (June 1, 2005); *Hofstetter Aff.*, Ex. 3.

This instruction is based on Idaho Code § 14-1409. The Movants did not submit a Department-prepared notice of claim form with their enclosures. Nor have they established they submitted a reasonable facsimile thereof.⁴ It is unreasonable to believe that sending miscellaneous enclosures to the Department concerning a water right is sufficient to claim that right in an adjudication. The Movants' belief is also unreasonable given that they did not submit any filing fees to the Department. Both the second round service notice and Idaho Code § 42-1414 instruct that each person who files a notice of claim must submit the appropriate filing fees. It is undisputed that the Movants did not submit any filing fees to the Department in May 2005. It is not logical to believe that a claim had been successfully submitted when, among other things, the required claim form had not been used and the applicable filing fees had not been paid.⁵ Such belief is contrary to law. I.C. §§ 14-1409 & 42-1414.

It should be noted that in addition to first and second round service notice, the Court issued its *Deadline Order* on October 12, 2012, and served it via standard docket sheet procedures.⁶ The *Deadline Order* included a list of water rights from the Department's water right database in basin 37 that had not been claimed in the adjudication. It directed claimants to examine the list to determine whether late claims should be filed and instructed that January 31, 2013, would be the last date to file such late claims in basin 37. The above-captioned water right claim was included in that list and was identified as unclaimed. Therefore, the Movants were given additional notice in 2012 that the above-captioned water right had not been claimed in the SRBA.⁷

Idaho Code § 42-1409 required all persons owning water rights within the boundaries of the Snake River Basin water system to file a notice of claim with the Department for each water

⁴ The term "facsimile" is defined as "[a]n exact copy, preserving all the marks of the original." Black's Law Dictionary, p.591 (6th ed. 1990).

⁵ The Movants' enclosures are additionally deficient in further ways. For instance, each claimant must "solemnly swear or affirm under penalty of perjury that the statements contained in the notice of claim or amended notice of claim are true and correct." I.C. § 42-1409(3). The Movants do not assert, nor does the evidence suggest, that this requirement was complied with when they submitted their enclosures to the Department.

⁶ The Court's issuance of the *Deadline Order* was not required by statute, but was issued as a courtesy to the parties.

⁷ The Movants previously filed a claim in the SRBA for water right 37-10953, which was ultimately decreed in 2002. As a result, the Movants were already parties to the adjudication and subject to service via docket sheet notice. The *Deadline Order*, as well as many other filings related to the preparation and anticipated forthcoming entry of the final unified decree for the entire adjudication was served via docket sheet notice.

right. The burden was on the water right holder to comply this requirement. I.C. §§ 42-1409(3)-(5). The Movants' argument attempts to shift the responsibility for filing claims to the Department. The fact that they did not receive a response from the Department to the enclosures they sent it has no legal significance in the context of due process of law. Due process of law was satisfied in this case when the Movants and their predecessors received first and second round service notice. These notices gave the Movants notice of the adjudication as well as the applicable filing requirements. It was then their burden, having received first and second round notice, to make sure they filed a claim with the Department that complied with applicable filing requirements. The Court therefore holds that the Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the Court Documents are void for want of due process.

B. The Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the the Court failed to comply with Rule 55.

The Movants next argue that the Court Documents are void because the Court failed to comply with Idaho Rule of Civil Procedure 55 when it disallowed the above-captioned water right. They argue that the Court's disallowal is a default judgment. Further, that under Rule 55 the Court was required to give them three days' written notice prior to entry of the disallowal. This Court disagrees. The disallowal of an unclaimed water right in a general adjudication is not a default judgment. Such a disallowal is not entered pursuant to the procedures set forth in Rule 55. To the contrary, the disallowal is entered pursuant to, and by operation of, statute. Idaho Code § 42-1420 provides that the failure to file a required notice of claim for a water right in a general adjudication will result in that water right being lost. I.C. § 42-1420. Consistent with that statute, both the first round and second round service notices received by the Movants and their predecessors instructed that "FAILURE TO FILE A REQUIRED NOTICE OF CLAIM WILL RESULT IN A DETERMINATION BY THE COURT THAT THE WATER RIGHT NO LONGER EXISTS." *Affidavit of Service of Commencement Notice – Lincoln County*, Twin Falls County Case No. 39576, p.2 of the Commencement Notice (Sept. 20, 1988); *Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1*, Twin Falls County Case No. 39576 (June 1, 2005); *Hofstetter Aff.*, Ex. 3. Therefore, the Movants' argument that Rule 55 is applicable to this Court's disallowal of an unclaimed water right is unavailing.

C. The Movants are not entitled to relief under Rule 60(b)(6).

Under Rule 60(b)(6), a court may relieve a party from a final judgment, order, or proceeding for “any ... reason justifying relief from the operation of the judgment.” Although the Court is vested with broad discretion in determining whether to grant or deny a Rule 60(b)(6) motion, its discretion is limited and the motion may be granted only on a showing of “unique and compelling circumstances” justifying relief. *Miller v. Haller*, 129 Idaho 345, 349, 924 P.2d 607, 611 (1996). The Idaho Supreme Court has noted that “[t]he appellate courts of this state have infrequently granted relief under Rule 60(b)(6).” *Berg v. Kendall*, 147 Idaho 571, 578, 212 P.3d 1001, 1008 (2009).

It is undisputed that the Movants and their predecessors received notice of the adjudication. The Movants assert they attempted to file a claim for the above-captioned water right. However, whether due to mistake, inadvertence or neglect on their part, their attempt to file a claim did not comply with applicable filing requirements nor did they ever follow up or pursue the alleged claim. Again, this is despite having pursued another water right in the SRBA. While such mistake, inadvertence or neglect could arguably be grounds for relief under Rule 60(b)(1), the Movants did not timely make a Rule 60(b)(1) motion. The Movants cannot now disguise the same argument as a Rule 60(b)(6) motion under Idaho law. *See e.g., Leasefirst v. Burns*, 131 Idaho 158, 163, 953 P.2d 598, 603 (1998) (holding “a ground for relief asserted, falling fairly under 60(b)(1), cannot be granted under 60(b)(6)”). Therefore, the Court in an exercise of its discretion finds that the Movants have failed to set forth grounds justifying relief under Rule 60(b)(6).

D. The Movants’ Motion to File Late Notice of Claim is denied.

Since the Movants have failed to set forth sufficient grounds under Rule 60(b) to set aside the Court Documents their *Motion to File Late Notice of Claim* must be denied.

E. The State is not entitled to an award of attorney fees.

The State seeks an award of attorney fees under Idaho Code § 12-121. The Idaho Supreme Court has held with respect to Idaho Code § 12-121 that “[i]n normal circumstances, attorney fees will only be awarded when this court is left with the abiding belief that the appeal

was brought, pursued or defended frivolously, unreasonably or without foundation.” *Reed v. Reed*, 160 Idaho 774, 780, 379 P.3d 1042, 1048 (2016). In this case, the Movants have presented the court with legitimate questions for the Court to address. The Court does not find the issue of whether the Court Documents should be set aside under the facts and circumstances presented here to be frivolous or without foundation. Therefore, the Court in an exercise of its discretion declines to award attorney fees to the State in this proceeding.

III. CONCLUSION

Recognizing that the taking of claims in basin 37 must at some point come to an end, this Court closed the basin to the filing of late claims as of January 31, 2013.⁸ *See infra, Deadline Order and Closure Order*. The process for adjudicating a late claim is a lengthy process even if the claim is ultimately uncontested. A motion to file a late claim must generally comply with docket sheet notice procedure. If granted, the Department must investigate the claim and file a director’s report and provide a period of time for objections and responses. If the Department’s recommendation is contested the process can take much longer.

As part of the SRBA winding down process, the Court acknowledged that it would not be able to accept late claims into perpetuity, otherwise a final unified decree would never be entered and the SRBA would never reach completion. Taking into account the inherent length of time required to process a late claim, the Court made the determination to close basins to the filing of further late claims. The process contemplated that IDWR would at some point need to file a final late claims director’s report for all remaining late claims. As part of the process, IDWR notified the Court when it would be tentatively filing remaining late claims director’s reports with the final director’s report being filed sometime in December 2013. The basin closure orders were made pursuant to docket sheet notice and set deadlines for filing late claims. The deadlines provided parties to the adjudication sufficient time to file claims and have their claims investigated and included in one of the remaining director’s reports. The final late claims director’s report was filed December 31, 2013.

⁸ The only exceptions were: (1) late claims for deferrable *de minimis* domestic and stockwater uses and (2) late claims required to resolve litigation pending in the SRBA at the time of basin closure. *Id.* The Movants’ *Motion to File Late Notice of Claim* was filed on September 30, 2016, and does not fall into one of the exceptions to the *Deadline and Closure Orders*.

In the past, the Court placed primary emphasis on prejudice to other parties in determining whether to grant leave to file a late claim or set aside a partial decree. Absent a finding of prejudice such motions were typically granted. However, in order to give proper effect to the purpose of the *Closure Orders* and *Final Unified Decree*, and to ensure uniformity and fairness in their application, the Court must, for the reasons set forth above, deny the Movants' *Motions*.

IV.

ORDER

Therefore, IT IS ORDERED that the Movants' *Motion to Set Aside* is **hereby denied**. IT IS FURTHER ORDERED that the Movants' *Motion to File Late Notice of Claim* is **hereby denied**.

1. Order Establishing Deadline

OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

)	31, 34, 35, 36, 37, 41, 45, 47, and 63
_____)	

I. PROCEDURAL BACKGROUND

This Court issued an *Order Setting Initial Status Conference Re: Form and Content of Final Decree* on January 13, 2011. On July 15, 2011, this Court entered its *Order Establishing Steering Committee and Notice of First Scheduled Meeting*. “The steering committee (“Committee”) is charged with identifying issues and sub-issues pertaining to the form and content of the final decree to be entered upon completion of the SRBA.” *Id.* at 1. The Committee is also “charged with recommending a logical order and time frame in which these issues and sub-issues should be decided.” *Id.*

In the *State of Idaho’s Initial Comments on Form and Content of Final Unified Decree*, filed May 17, 2011, the State of Idaho (“State”) recommended the Court “establish a schedule for closing claims taking in each of the reporting basins . . . [i]n order to allow sufficient time for development of general provisions and preparation of the final decree” *Id.* at 6. On July 18,

ORDER ESTABLISHING DEADLINE FOR LATE CLAIM FILINGS IN
BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63

2011, the State filed its *Supplemental Comments on Form and Content of Final Unified Decree*, in which it proposed a schedule for closure of taking of late claims in the SRBA basins. The proposed schedule divided the SRBA basins into three groups based on the following criteria: (i) the amount of subcase activity within each basin, (ii) regional distribution of the closures to spread the workload out for IDWR, and (iii) SRBA basins that represented an entire drainage basin. At its initial meeting, the Committee reviewed the State's proposed basin closure procedure and recommended that this Court implement that procedure.

On September 23, 2011, this Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 23, 24, 25, 43, 51, 55, 57, 61, 81, 82, 83, 84, 85, and 86*. The Court found that the Committee's proposal for closure of taking of late claims within basins based on subcase activity, staging of IDWR's workload, and drainage basins was a logical and necessary step in the completion of the SRBA, and ordered that claims taking in the initial group of basins be closed on November 30, 2011. On January 31, 2012, this Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 21, 22, 29, 32, 33, 65, 67, 69, 71, 72, 73, 74, 75, 77, 78 and 79*, which closed taking of late claims in the second group of basins on March 30, 2012.

II. DISCUSSION

Completion of claims taking in individual basins is an essential first step to completion of the SRBA. Without it, completion of the SRBA will not occur.

Based on the criteria identified above, the Steering Committee recommended that the third basin closure order include basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63. Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. See Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho

606 (2003). In addition, there is limited subcase activity in these basins. Accordingly, the Court finds that it is appropriate to begin the basin closure process within basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IDWR has provided the Court with a list of *non-de minimis* water rights from IDWR's water rights database, which is attached hereto as Exhibit 1. The preparation of this list is undertaken as a courtesy to the water users, not as an additional due process requirement. If unclaimed, these water rights will be decreed as disallowed.

IDWR is unable to ascertain from its database that a claim has been filed in the SRBA for those water right numbers listed on Exhibit 1. Claimants should examine Exhibit 1 to determine whether the listed water right numbers are active water rights. The burden of determining whether to file a motion for late claim for any of the listed water right numbers rests solely with the water right holder. In order to ensure that basin closing occurs in a timely fashion, the Court will establish a deadline of January 31, 2013 for late claims in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

III. CONCLUSION

In accordance with the Court's September 23, 2011 *Order*, the Court has determined that claims taking should be closed in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 on January 31, 2013.

This *Order* shall be placed on the docket sheet.

This *Order* does not alter the deferrable nature of *de minimis* domestic and stockwater rights as provided for in "Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses" (January 17, 1989), as modified by this Court's *Order Governing Procedures in the SRBA for Adjudication of Deferred*

De Minimis Domestic and Stock Water Claims entered in Twin Falls County Case No. 39576 (In Re SRBA) on June 28, 2012.

This *Order* does not preclude filing of late claims related to the resolution of litigation pending at the time of this *Order* in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IV. ORDER

For the reasons stated above, IT IS HEREBY ORDERED that, except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA,¹ the last date to file a MOTION TO FILE LATE CLAIM in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 shall be January 31, 2013. No late claims will be accepted for filing in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 after January 31, 2013.

The Clerk of the Court is hereby instructed to file a copy of the *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63* in the above captioned subcase and in the SRBA main case 00-39576.

DATED October 12, 2012.

ERIC J. WILDMAN
Presiding Judge
Snake River Basin Adjudication

¹ "Pending litigation" refers to an active, related subcase(s) pending at the time of the basin closure deadline wherein an additional late claim(s) is required to resolve the related water right(s).

On July 18, 2011, the State filed its *Supplemental Comments on Form and Content of Final Unified Decree*, in which it proposed a schedule for closure of taking of late claims in the SRBA basins. The proposed schedule divided the SRBA basins into three groups based on the following criteria: (i) the amount

ORDER CLOSING CLAIMS TAKING IN BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 AND DISALLOWAL OF UNCLAIMED WATER RIGHTS
S:\ORDERS\Basin Wide Issues\Basin-Wide Issue 16\Order Closing Claims Takings and Disallowal (Group III).doc

of subcase activity within each basin, (ii) regional distribution of the closures to spread the workload out for IDWR, and (iii) SRBA basins that represented an entire drainage basin. At its initial meeting, the Committee reviewed the State's proposed basin closure procedure and recommended that this Court implement that procedure.

On October 12, 2012, the Court issued its *Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63* ("Deadline Order"). This Court found that the Committee's proposal for closure of taking of late claims within basins based on subcase activity, staging of IDWR's workload, and drainage basins was a logical and necessary step in the completion of the SRBA, and ordered that claims takings in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 be closed on January 31, 2013.

II.

DISCUSSION

Completion of claims taking in individual basins is an essential first step to completion of the SRBA. Without it, completion of the SRBA will not occur.

Based on the criteria identified above, the *Deadline Order* provided that "except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA, the last date to file a MOTION TO FILE LATE CLAIM in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 shall be January 31, 2013." *Deadline Order* at 4. Exhibit 1 to the *Deadline Order* included a list of *non-de minimis* water rights from IDWR's water rights database that IDWR determined were required to be claimed in the SRBA. The preparation of this list was undertaken as a courtesy to the water users, not as an additional due process requirement. The *Deadline Order* provided that "[i]f unclaimed, these water rights will be decreed as disallowed." *Id.* at 3.

Claimants in each of these basins previously received extensive first-round and second-round *Notice of Filing Requirements* in the SRBA. See Idaho Code § 42-1408. These notice procedures meet constitutional due process requirements. *LU Ranching Co. v. U.S.*, 138 Idaho 606 (2003).

As of January 31, 2013, 69 motions for late claim in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 were received by the Court.

III.

CONCLUSION

In accordance with the *Deadline Order*, the Court has determined that except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA, that claims taking should be closed in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63. Further, the Court has determined that unclaimed water rights represented by the water right numbers listed on Exhibit 1 to this *Order*, except for any deferrable domestic and/or stockwater portion of such rights, should be decreed as disallowed.

This *Order* does not alter the deferrable nature of *de minimis* domestic and stockwater rights as provided for in “Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses” (January 17, 1989).

This *Order* does not preclude filing of late claims related to the resolution of litigation pending at the time of this *Order* in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63.

IV.

ORDER

For the reasons stated above, IT IS HEREBY ORDERED that, except for *de minimis* domestic and stockwater uses and late claims required to resolve pending litigation on the date of this *Order* in the SRBA,¹ claims taking in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 is closed. No late claims will be accepted for filing in basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47 and 63, except as expressly provided by this *Order*.

¹ “Pending litigation” refers to an active, related subcase(s) pending at the time of the basin closure deadline wherein an additional late claim(s) is required to resolve the related water right(s).
ORDER CLOSING CLAIMS TAKING IN BASINS 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63 AND DISALLOWAL OF UNCLAIMED WATER RIGHTS
S:\ORDERS\Basin Wide Issues\Basin-Wide Issue 16\Order Closing Claims Takings and Disallowal (Group III).doc

IT IS FURTHER ORDERED that all unclaimed water rights represented by the water right numbers listed on Exhibit 1, except for any deferrable domestic and/or stockwater portion of such rights, are hereby decreed as disallowed.

The Clerk of the Court is hereby instructed to file a copy of the *Order Closing Claims Taking in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47 and 63 and Disallowal of Unclaimed Water Rights* in the above captioned subcase and in the SRBA main case 00-39576.

Dated February 13, 2013.

On June 17, 1987, the State of Idaho, ex rel. A. Kenneth Dunn in his official capacity as Director of the Idaho Department of Water Resources, filed a petition in the above-entitled Court seeking commencement of a "general adjudication inter se of all rights arising under state or federal law to the use of surface and ground waters from the Snake River basin water system and for the administration of such rights." *Petition at 2.* On November 19, 1987, this Court issued its *Commencement Order* thereby initiating the above-entitled general stream adjudication of all rights to the use of the waters of the Snake River Basin within the State of

Idaho pursuant to Idaho Code § 42-1406A (Supp. 1987).¹ The *Commencement Order* adopted by reference this Court's October 14, 1987, *Memorandum Opinion on Commencement of Adjudication* as "further findings of fact and further conclusions of law as permitted by I.R.C.P. 52(a)." *Commencement Order* at 4.

As set forth in the *Memorandum Opinion on Commencement of Adjudication*, Idaho Code § 42-1406A (Supp. 1987) required that the adjudication be commenced within the terms of the McCarran Amendment, 43 U.S.C. § 666. This Court determined that for the adjudication to come within the terms of the McCarran Amendment the entire Snake River Basin water system within the State of Idaho had to be adjudicated. This Court defined the entire Snake River Basin water system within Idaho as follows:

Beginning at the point where the southern boundary line of the state of Idaho meets the western boundary line of the state of Idaho, then following the western boundary of the state north to the northern boundary of the Clearwater Basin, in Idaho, in section 36, T. 36 N., R. 6 W., B.M., then following the northern watershed divide of the Clearwater River Basin north and east to the eastern boundary of the state of Idaho in section 4, T. 42 N., R. 11 E., B.M., then following the eastern boundary of the state southeast to the northern boundary of the Bear River Basin in section 35, T. 10 S., R. 46 E., B.M., then following the northern watershed divide of the Bear River Basin, in Idaho, southwest to the southern boundary of the state of Idaho in section 26, T. 16 S., R. 28 E., B.M., then following the southern boundary line of the state of Idaho west to the point of beginning.

Commencement Order at 5. A map showing the boundaries of the Snake River Basin water system is attached for illustrative purposes as Attachment 1, as required by Idaho Code § 42-1413 (2003). The following counties are wholly located within the boundaries of the Snake River Basin water system:

Ada	Canyon	Idaho	Owyhee
Adams	Clark	Jefferson	Payette

¹ Idaho Code § 42-1406A was added by section 1 of chapter 18, 1985 Idaho Sess. L. at 28. Section 42-1406A was subsequently amended by section 11 of chapter 454, 1994 Idaho Sess. L. at 1452-53, and now appears as an uncodified law in the 1994 Idaho Session Laws.

Id. at 6.

The *Commencement Order* also determined that “all classes of water uses . . . within the water system [must] be adjudicated as part of the Snake River Basin adjudication.” *Id.* At 6. On January 17, 1989, however, this Court entered its *Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses* that allowed claimants of *de minimis* domestic and stock water rights, as defined in Idaho Code § 42-1401A(5) and (12) (Supp. 1988), to elect to defer adjudication of their claims; provided, all such claimants “shall be joined as parties in this proceeding and will be bound by all decrees entered in this case, including the final decree.” *Findings of Fact* at 3.

The *Commencement Order* directed the Director of the Idaho Department of Water Resources (“Director”): 1) to investigate the water system as provided in Idaho Code § 42-1410 (Supp. 1987); 2) to prepare the notice of order commencing a general adjudication containing that information required by Idaho Code § 42-1408A(1) (Supp. 1987); 3) to serve notice of the order commencing a general adjudication in accordance with chapter 14, title 42, Idaho Code; and 4) to file with this Court affidavits and other documents stating the

persons served with a notice of order commencing the adjudication. *Commencement Order* at 7-8.

Based upon the claims submitted; the files and records of the Idaho Department of Water Resources and the Court; the examination of the ditches, diversions, lands irrigated, and other uses of water within the water system; the Director's Reports and evidence herein, this Court enters the following findings of fact and conclusions of law:

II. FINDINGS OF FACT

1. All requirements for joinder of the United States as a party under state and federal law, including but not limited to 43 U.S.C. § 666, have been satisfied.
2. The Nez Perce Tribe participated in this proceeding by filing notices of claim for water rights reserved under federal law and by filing a general notice of appearance with the Court. *Notice of Claim to a Water Right Reserved Under Federal Law* (filed with Dept. of Water Res. March 25, 1993); *Notice of Appearance* (March 18, 1993).
3. The Northwestern Band of the Shoshoni Nation participated in this proceeding by filing notices of claim for water rights reserved under federal law and by filing a general notice of appearance with the Court. *Partial Protective Filing by the Northwestern Band of the Shoshoni Nation of Notices of Claim for Water Rights Reserved Under Federal Law* (filed with Dept. of Water Res. March 25, 1993); *Notice of Appearance on Behalf of the Northwestern Band of the Shoshoni Nation* (March 22, 1993).
4. The Shoshone-Bannock Tribes sought and were granted intervention in this proceeding. *Order Granting Permissive Intervention by the Shoshone-Bannock Tribes* (April 12, 1993).

5. The Shoshone-Paiute Tribes of the Duck Valley Indian Reservation sought and were granted intervention in this proceeding. *Motion to Intervene and Request for Expedited Hearing* (SRBA Consolidated Subcase No. 51-12756, Jan. 12, 1999); *Order Granting Tribes' Motion to Intervene, Order Requiring Written Status Reports and Order for Scheduling Conference Reports* (SRBA Subcases Nos. 51-12756 et al., Dec. 6, 1999).

6. The Director served notice of the commencement of the Snake River Basin Adjudication ("SRBA") in accordance with chapter 14, title 42, Idaho Code and the orders of this Court. This included service of the notice of commencement on the State of Idaho and the United States; service of the notice of commencement on all other persons by publication; service of the notice of commencement by posting in each county courthouse, county recorder's office and county assessor's office in which any part of the water system is located; service of the notice of commencement by mail on each person listed as owning real property on the real property assessment roll within the boundaries of the Snake River Basin water system; and filing of a copy of the notice of commencement in the office of the county recorder in each county in which any part of the water system is located.

7. In addition to the steps taken in paragraph 6, the Idaho Department of Water Resources also served notices of commencement on persons who may have used water within the water system, but were not listed as owners of real property. The sources of information the Idaho Department of Water Resources reviewed for this purpose were: 1) water right records of the Idaho Department of Water Resources for each basin wholly or partly within the water system; 2) cooperating farm/ranch operator records of the United States Department of Agriculture, Agricultural Stabilization and Conservation Service for each basin wholly or partly within the water system; and 3) mining claim records on federal

land of the United States Department of Interior, Bureau of Land Management for each basin wholly or partly within the water system.

8. The Director has completed an examination of the Snake River Basin water system and submitted Director's Reports to this Court in conformance with the requirements of chapter 14, title 42, Idaho Code and the orders of this Court.

9. As required by title 42, chapter 14, Idaho Code and this Court's orders, claims to water rights arising under state or federal law to the use of the surface and ground waters from the Snake River Basin water system have been adjudicated resulting in the issuance of partial decrees that have been certified as final pursuant to I.R.C.P. 54(b).²

10. Idaho Code § 42-1412(8) (2003) provides that: "Upon resolution of all objections to water rights acquired under state law, to water rights established under federal law, and to general provisions, and after entry of partial decree(s), the district court shall combine all partial decrees and the general provisions into a final decree." The Court finds that the conditions of Idaho Code § 42-1412(8) (2003) have been met with respect to the water rights identified in Attachments 2, 4, 5 and 6 and the general provisions in Attachment 3, enabling the Court to issue this Final Unified Decree.

IV. ORDER

NOW THEREFORE this Court ORDERS, ADJUDGES AND DECREES as follows:

1. This Final Unified Decree is conclusive as to the nature and extent of all water rights within the Snake River Basin within the State of Idaho with a priority date prior to November 19, 1987, except the following described water rights shall not be lost by failure to file a notice of claim, as provided in Idaho Code § 42-1420 (2003):
 - a. Any domestic and stock water right, as defined in Idaho Code § 42-111 (1990), Idaho Code § 42-1401A(5) (1990), and Idaho Code § 42-1401A(12) (1990), the adjudication of which was deferred in accordance with this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*;
 - b. A water right application for permit filed under chapters 2 or 15, title 42, Idaho Code;
 - c. A water right permit issued under chapters 2 or 15, title 42, Idaho Code, unless the Director required the permit holder to file a notice of claim in accordance with subsection (7) of section 42-1409, Idaho Code;
 - d. A water right license issued under chapters 2 or 15, title 42, Idaho Code, if proof of beneficial use was not filed with the Department of Water Resources

before November 19, 1987, unless the Director required the license holder to file a notice of claim in accordance with subsection (7) of section 42-1409, Idaho Code; and

- e. A claim to a water right under federal law, if the priority of the right claimed is later than November 18, 1987.

All other water rights with a priority before November 19, 1987, not expressly set forth in this Final Unified Decree are hereby decreed as disallowed.³ Any water rights with a priority date subsequent to November 18, 1987, were not required to be claimed in the SRBA, but to the extent any such water rights were claimed in the SRBA and a partial decree issued, the partial decree is conclusive as to the nature and extent of the right.

2. All partial decrees issued by this Court are set forth in Attachments 2 and 4 to this Final Unified Decree and are incorporated herein by reference.

3. Attachment 2 consists of a name index and a copy of all partial decrees issued by this Court.

4. General provisions decreed by this Court are set forth in Attachment 3 to this Final Unified Decree and are incorporated herein by reference.

5. Attachment 4 consists of the federal and tribal reserved water rights partially decreed and/or otherwise memorialized in a consent decree issued in conjunction with the approval of a federal reserved water right settlement, including all consent decrees and all attachments thereto; all partial decrees issued by this Court as part of the respective settlements; and all Federal, State and/or Tribal legislation necessary to enact and approve the water right settlements. In the case of any conflict between this Final Unified Decree and the partial

consent decrees approving reserved water right settlements, the partial consent decrees approving the reserved water right settlements as set forth in Attachment 4 shall control.

6. All claims to water rights filed in this proceeding that were decreed disallowed by this Court are set forth in Attachment 5 to this Final Unified Decree and are incorporated herein by reference.

7. The water right numbers for those water rights of record with the Idaho Department of Water Resources that were required to be claimed but were not claimed in this proceeding and therefore were decreed disallowed by this Court are set forth in Attachment 6 and are incorporated herein by reference. The portion of any disallowed water right that was deferrable pursuant to this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims* is not affected by this paragraph.

8. This Final Unified Decree is binding against all persons including any persons that deferred filing of domestic and/or stock water claims pursuant to this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*, which is set forth in Attachment 7 to this Final Unified Decree and is incorporated herein by reference.

9. The adjudication of deferred domestic and stock water claims and the administration of such rights prior to their adjudication shall be governed by this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims* and applicable state law.

10. All water rights based on beneficial uses, licenses, permits, posted notices, and statutory claims required to be claimed in this proceeding are superseded by this Final

Unified Decree. Provided, however, this Final Unified Decree does not supercede the third-party beneficiary contractual rights conferred on certain classes of water rights pursuant to the "Contract to Implement Chapter 259, Sess. Law 1983" as authorized by 1983 Idaho Sess. Laws 689 and codified as Idaho Code § 61-540 (2002). The scope of third-party beneficiaries and contract rights are defined in this Court's *Order on State of Idaho's Motion for Partial Summary Judgment on Issue No. 2*. Subcase No. 00-91013 (Basin-Wide Issue 13) (July 12, 2011) included as Attachment 9.

11. All prior water right decrees and general provisions within the Snake River Basin water system are superseded by this Final Unified Decree except as expressly provided otherwise by partial decree or general provisions of this Court.

12. This Final Unified Decree shall not be construed to define, limit or otherwise affect the apportionment of benefits to lands within an irrigation district pursuant to chapter 7, title 43, Idaho Code.

13. This Final Unified Decree shall not be construed to supersede or affect otherwise the following: 1) any administrative changes to the elements of a water right completed after the entry of a partial decree but prior to the entry of this Final Unified Decree; or 2) elements of a water right defined by a license where, in accordance with Idaho Code § 42-1421(3) (2003), a partial decree was issued based on a permit prior to the issuance of the license.

14. The time period for determining forfeiture of a partial decree based upon state law shall be measured from the date of issuance of the partial decree by this Court and not from the date of this Final Unified Decree. State law regarding forfeiture does not apply to partial decrees based upon federal law.

15. The decreed water rights shall be administered in the Snake River Basin water system in accordance with this Final Unified Decree and applicable federal, state and tribal law, including the administrative provisions set forth in the federal reserved water right settlement agreements in Attachment 4.

16. Nothing in this Final Unified Decree shall be interpreted or construed as exempting the holder of a decreed water right based on state law from exercising or changing such right in compliance with applicable Idaho law.

17. This Court retains jurisdiction of this proceeding to: a) resolve any issues related to the Final Unified Decree that are not reviewable under the Idaho Administrative Procedures Act and/or the rules of the Idaho Department of Water Resources; b) adjudicate any domestic or stock water rights deferred under this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*; and c) enter partial decrees, orders of disallowance, or other final determination for the pending subcases listed in the *Order Regarding Subcases Pending Upon Entry of Final Unified Decree* entered contemporaneously herewith. Any order amending or modifying this Final Unified Decree, including the attachments hereto, will be entered on the register of action for Civil Case No. 39576 in the District Court of the Fifth Judicial District of the State of Idaho, in and for the County of Twin Falls, and will be filed with the Idaho Department of Water Resources in lieu of issuing an Amended Final Unified Decree. Attachment 8 contains instructions on how to access any orders amending this Final Unified Decree.

18. The incorporation by reference of partial decrees and orders of this Court contained in the Attachments to this Final Unified Decree does not constitute a reissuance of such partial decrees and orders.

19. This Final Unified Decree, including the entirety of Attachments 1 through 10 listed below, shall be entered in the records of the clerk of the District Court for the Fifth Judicial District of the State of Idaho, in and for the County of Twin Falls.

On November 1, 2011, the Court entered an *Order Granting Joint Motion for Partial Summary Judgment on the "Rebound Call" Issue* in subcase number 00-91013 ("*Order*").¹ In the *Order*, the Court directed that the following definition of the term "Trust Water Right" be included in the final unified decree entered in the Snake River Basin Adjudication ("SRBA"):

Trust Water Right: A water right acquired pursuant to Idaho Code § 42-203B which diverts water first appropriated under hydropower rights held in trust by the State of Idaho. Trust water rights are subordinate to all water rights that enjoy the benefit of the unqualified subordination of hydropower water rights nos. 02-00100, 02-04000A, 02-04001A, 02-02032A, 02-04000B, 02-04001B, 02-02032B, 02-02036, 02-02056, 02-02065, 02-02064, 02-10135, 02-02060, 02-02059, 02-02001B, 02-02001A, 02-02057, 37-02128, 37-02472, 37-02471, 37-20710, 37-20709, 36-02013, 36-02018 and 36-02026 pursuant to the Swan Falls Settlement.

Order, p.13. The *Final Unified Decree* was entered in the SRBA on August 26, 2014. Due to clerical error resulting from oversight and omission, and contrary to this Court's *Order*, the definition of "Trust Water Right" was omitted from the *Final Unified Decree*. Therefore, pursuant to Idaho Rule of Civil Procedure 60(a), the Court will amend the *Final Unified Decree* for the sole and limited purpose of including the above-quoted definition of "Trust Water Right" consistent with this Court's *Order*.

¹ A copy of the *Order* is attached hereto as Exhibit A.

THEREFORE, BASED ON THE FOREGOING, THE FOLLOWING ARE HEREBY ORDERED:

1. The *Final Unified Decree* is hereby amended, consistent with the Court's *Order*, to include the following definition of the term "Trust Water Right":

Trust Water Right: A water right acquired pursuant to Idaho Code § 42-203B which diverts water first appropriated under hydropower rights held in trust by the State of Idaho. Trust water rights are subordinate to all water rights that enjoy the benefit of the unqualified subordination of hydropower water rights nos. 02-00100, 02-04000A, 02-04001A, 02-02032A, 02-04000B, 02-04001B, 02-02032B, 02-02036, 02-02056, 02-02065, 02-02064, 02-10135, 02-02060, 02-02059, 02-02001B, 02-02001A, 02-02057, 37-02128, 37-02472, 37-02471, 37-20710, 37-20709, 36-02013, 36-02018 and 36-02026 pursuant to the Swan Falls Settlement.

2. Aside from the amendment set forth in Paragraph 1 above, the remainder of the *Final Unified Decree* is unaltered, and shall remain in full effect and force.

ORDER GRANTING JOINT MOTION FOR PARTIAL SUMMARY JUDGMENT ON THE "REBOUND CALL" ISSUE
S:\ORDERS\Basin Wide Issues\Basin-Wide Issue 13\Order Granting SJM Re Rebound Call Issue.docx

I.

FACTUAL AND PROCEDURAL BACKGROUND

1. On May 26, 2010, the Court entered an *Initial Scheduling Order* in the above-captioned matter identifying five issues that were pending unresolved. Issue No.1 was recognized as "The rebound call issue." What the parties have referred to as the "rebound call issue" is covered below.

2. On March 25, 2011, the State of Idaho, Idaho Ground Water Appropriators, Inc., North Snake Ground Water District, Burgess Canal, Egin Bench Canals, Inc., Enterprise Irrigation District, Harrison Canal, Idaho Irrigation District, New Sweden Irrigation District, North Fremont Canal System, Peoples Canal & Irrigation, Progressive Irrigation District, and Snake River Valley Irrigation (collectively, "Joint Movants") filed a *Joint Motion for Partial Summary Judgment on the "Rebound Call" Issue* ("*Joint Motion*").

3. The Court subsequently entered a *Procedural Order* directing that the State provide personal service of the *Procedural Order*, the *Joint Motion*, and a *Notice of Intent to Participate* form prepared by the Court on the following water users:

Those water users with water rights appearing on Amended Appendix B to the *State of Idaho's Second Amended Motion to Include Subordination Language on Water Rights Affected by the Swan Falls Settlement* ("*Second Amended Motion*").

Any other water users with "trust water rights" with a priority between October 25, 1984 and June 30, 1985, inclusive, which are senior to water rights on Appendix A to the *Second Amended Motion*.

Procedural Order, p.2.

4. Those affected water users that desired to participate in the *Joint Motion* were required by the terms of the *Procedural Order* to file and serve a completed *Notice of Intent to Participate* form in the above-captioned matter. On April 27, 2011, the State filed a *Certificate of Service* evidencing its compliance with the personal service requirements set forth in the *Procedural Order*.

5. *Responses* to the *Joint Motion* were timely filed by Jeff and Jackie Harper, A.W. and Maxine Molyneux, and the City of Pocatello. The *Responses* did not oppose the substance of the *Joint Motion*, but rather raised a separate issue related to the memorialization of the Court's findings with respect to the rebound call issue in the affected *Partial Decrees*.

6. On September 29, 2011, the Joint Movants filed a *Joint Reply Brief* which, among other things, proposed certain language for the memorialization of the Court's findings with respect to the rebound call issue to be included in the relevant *Partial Decrees*, as well as certain language to be included in the SRBA Final Decree.

II.

MATTER DEEMED FULLY SUBMITTED FOR DECISION

Oral argument on the *Joint Motion* was heard on October 4, 2011. The parties did not request additional briefing, nor does the Court require any. The matter is therefore deemed fully submitted the following business day, or October 5, 2011.

III.

STANDARD OF REVIEW

Summary judgment is proper if the pleadings, depositions, and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. I.R.C.P. 56. The burden of demonstrating the absence of a genuine issue of material fact is on the moving party. *Id.* When a court considers a motion for summary judgment, all facts are to be liberally construed in favor of the nonmoving party, and the court must draw all reasonable inferences and conclusions in that party's favor. *G & M Farms v. Funk Irrigation Co.*, 119 Idaho 514, 517, 808 P.2d 851, 854 (1991). Where the case is tried without a jury, the district court, as the trier of fact, is entitled to draw the most probable inferences from the undisputed evidence properly before it and grant the summary judgment motion in spite of the potential of conflicting inferences. *Farm Bureau Insurance Company of Idaho v. Kinsey*, 149 Idaho 415, 418, 234 P.3d 739, 742 (2010).

IV.

DISCUSSION

A. The Swan Falls controversy.

Consideration of the rebound call issue requires an understanding of the Swan Falls controversy. The controversy resulted from tension created between the use of Snake River water for hydropower generation at Swan Falls dam by the Idaho Power Company ("Idaho

Power”) and the use of Snake River water by other water users for upstream development. It originated in the 1970’s when a ratepayer action was commenced before the Idaho Public Utilities Commission against Idaho Power. The action alleged that “Idaho Power had failed to protect and preserve its Swan Falls water rights and that, by doing so, Idaho Power had wasted its assets and overstated its capital investment, thus resulting in overcharges to its ratepayers.” *Idaho Power Co. v. State*, 104 Idaho 575, 582, 661 P.2d 741, 748 (1983). Idaho Power answered the ratepayers’ allegations by commencing legal action in Ada County Civil Case No. 66237 (1977) to protect its Swan Falls water rights against depletions. One of the issues raised in that action was whether Idaho Power could enforce its Swan Falls water rights against junior upstream uses, or whether those rights had been previously subordinated to such uses.¹ *Id.* at 586, 661 P.2d at 752. In a written opinion issued in 1983, the Idaho Supreme Court held that the Swan Falls water rights had not been previously subordinated to junior upstream uses. *Id.* at 590, 661 P.2d at 756.

Meanwhile, Idaho Power commenced another legal action in Ada County Civil Case No. 81375 (1983) against approximately 7,500 upstream water rights holders. Idaho Power asserted that its water rights at Swan Falls were senior to the water rights held by the Defendant water users, and sought injunctive relief in the form of curtailment of those rights. The potential ramifications of Idaho Power’s lawsuits on water right interests in the Snake River Basin were significant, and in 1983 the Idaho Legislature enacted Senate Bill 1180 authorizing the governor to negotiate and execute a contract with Idaho Power in settlement of the controversy. 1983 Idaho Sess. Laws 689.² Negotiations subsequently commenced between the State and Idaho Power and an agreement was reached. On October 25, 1984 the parties entered into two written contracts. The first, entitled simply “Agreement,” will be referred to herein as the “Swan Falls Agreement” or “Agreement.” The second, entitled “Contract to Implement Chapter 259, Sess. Law, 1983,” will be referred to herein as the “1180 Contract.”

Paragraph 7A of the Swan Falls Agreement identifies 19 water rights held by Idaho Power and states that those rights entitle the Company to an unsubordinated right of 3900 c.f.s.

¹ More specifically, the issue was whether certain subordination language contained in Idaho Power’s Hells Canyon license issued by the Federal Power Commission in 1955 had the effect of subordinating all of Idaho Power’s hydropower water rights to future upstream uses, including those associated with Swan Falls dam.

² Subsequently codified as Idaho Code § 61-540.

average daily flow from April 1 to October 31, and 5600 c.f.s. average daily flow from November 1 to March 21:

State Water License Numbers 36-2013 (Thousand Springs), 37-2128 & 37-2472 (Lower Malad), 37-2471 (Upper Malad), 36-2018 (Clear Lake), 36-2026 (Sand Springs), 02-2057 (Upper Salmon), 02-2001A, 02-2001B, 02-2059, 02-2060 (Lower Salmon) 02-2064, 02-2065 (Bliss), 02-2056 (Twin Falls), 02-2036 (Shoshone Falls), 02-2032, 02-4000, 02-4001 and Decree Number 02-0100 (Swan Falls) entitle the Company to an unsubordinated right of 3900 c.f.s. average daily flow from April 1 to October 31, and 5600 c.f.s. average daily flow from November 1 to March 31, both to be measured at the Murphy U.S.G.S. gauging station immediately below Swan Falls. These flows are not subject to depletion.

Swan Falls Agreement, p.3. The average daily flows established in favor of Idaho Power in paragraph 7A will be referred to herein as "the Murphy gaging station minimum flows." The Murphy gaging station minimum flows quantify the extent of Idaho Power's unsubordinated hydropower water right.

Paragraph 7B of the Agreement provides that "such rights in excess of the amounts stated in 7(A) shall be subordinate to subsequent beneficial upstream uses upon approval of such uses by the State in accordance with State law unless the depletion violates or will violate paragraph 7(A)." Swan Falls Agreement, p.4. In paragraph 7B it was agreed that any hydropower water rights held by Idaho Power in excess of the Murphy gaging station minimum flows would be subordinate to future development consistent with the terms of the Agreement.

B. Unqualified v. qualified subordination.

It is the Joint Movants' position that the Swan Falls settlement created two categories of water rights that benefit from the subordination of the hydropower rights at Swan Falls – those that receive "unqualified subordination" and those that receive "qualified subordination." The Joint Movants' position in this respect is unopposed; however, a review of the two categories of subordination set forth by the Joint Movants is necessary to frame the rebound call issue.

i. Unqualified subordination

The Joint Movants have characterized the term "unqualified subordination" in these proceedings as follows:

The Swan Falls Agreement and the 1180 Contract granted complete, unconditional subordination ("unqualified subordination") to qualifying water rights.^{FN}

^{FN} This category of subordination is described as unqualified because it is not dependent on the minimum stream flows at Murphy gage being met or exceeded. *This unconditional subordination is conferred by Paragraphs 7(C) and 7(D) of the Swan Falls Agreement and by provisions 2(A) and 2(D) of the 1180 Contract.*

State's Second Amended Motion,³ p.2 (emphasis added).

Paragraphs 7C and 7D of the Swan Falls Agreement subordinate Idaho Power's hydropower water rights as follows:

C. The Company's rights listed in paragraph 7(A) and 7(B) are also subordinate to the uses of those persons dismissed from Ada County Case No. 81375 pursuant to the contract executed between the State and Company implementing the terms of I.C. §§ 61-539 and 61-540.

D. The Company's rights listed in paragraph 7(A) and 7(B) are also subordinate to those persons who have beneficially used water prior to October 1, 1984, and who have filed an application or claim for said use by June 30, 1985.

Swan Falls Agreement, p.4.

Paragraphs 2(a) and 2(d) of the 1180 Contract extend the subordination of Idaho Power's hydropower water rights pursuant to the following terms:

(a) Notwithstanding the pending district court action in Ada County Civil No. 81375 all water users as defined in paragraphs 1(a), and 1(b),⁴ and all consumptive water users who have beneficially used water prior to November 19,

³ The *State's Second Amended Motion* refers to the *State of Idaho's Second Amended Motion to Include Subordination Language on Water Rights Affected by the Swan Fall Agreement* filed in the above-captioned matter on March 21, 2011.

⁴ Paragraphs 1(a) and 1(b) provide in pertinent part as follows:

(a) The phrase "consumptive water uses for domestic uses" means water for one or more households and water used for all other purposes including irrigation of a residential lot in connection with each of said households where total use, other than water for irrigation of the residential lot, does not exceed thirteen thousand (13,000) gallons per day. The above definition applies whether such uses are direct or from a municipal water supply. . . . The term "consumptive water for domestic uses" shall include, in addition to the uses listed above, use of water for livestock.

(b) "Nonconsumptive Commercial, Nonconsumptive Municipal, Nonconsumptive Industrial Use" means any CMI use which does not deplete the water of the Snake River system above Swan Falls more than two acre-feet per day.

1180 Contract, pp.1-2.

ORDER GRANTING JOINT MOTION FOR PARTIAL SUMMARY
JUDGMENT ON THE "REBOUND CALL" ISSUE

S:\ORDERS\Basin Wide Issues\Basin-Wide Issue 13\Order Granting SJM Re Rebound Call Issue.docx

1982, pursuant to a valid permit, license or decreed right existing prior to November 19, 1982, or valid beneficial use claim, and any persons who have previously made substantial investments in irrigation wells or equipment for use pursuant to a water right application filed prior to November 19, 1982, even though such irrigation wells or irrigation equipment were not in operation prior to November 19, 1982, may continue the perfection of such water right in compliance with Idaho law without protest or interference by the Company.

...
(d) the Company and Idaho shall not assert any claim for injunctive relief or compensation for depleted flows at the Swan Falls Dam or other Company dam from those persons dismissed from Ada County Civil No. 81375, and will not protest the issuance of a permit or license to such persons on account of the depletion of flows at the Company's hydro dams for water users coming within the provisions of Idaho Code § 61-539.

1180 Contract, pp.2-4.

It is the Joint Movants' position that those water rights falling within paragraphs 7C and 7D of the Swan Falls Agreement and 2(a) and 2(d) of the 1180 Contract are entitled to "unqualified subordination" because the subordination protection provided by those paragraphs is neither qualified by nor subject to Idaho Power's right to the Murphy gaging station minimum flows. In other words, even if the Murphy gaging station minimum flows are not being met, Idaho Power is precluded from initiating a delivery call to satisfy those minimum flows against water rights benefitting from unqualified subordination.

ii. Qualified subordination.

The Joint Movants have characterized "qualified subordination" in these proceedings as follows:

The legislation contemplated by the [Swan Falls] Agreement, and subsequently enacted as Idaho Code § 42-203B created a second category of subordination ("qualified subordination") benefitting all those water rights diverting from the Snake River and surface and ground water tributary to the Snake River below Milner dam which did not receive the benefit of the provisions of contractual [unqualified] subordination. The water rights benefitting from Idaho Code § 42-203B receive the benefit of subordination of the hydropower rights at Swan Falls, but the subordination is conditional on the minimum flows at the Murphy gage being exceeded

State's Second Amended Motion, pp.2-3.

In 1985, the Idaho legislature drafted and passed Idaho Code § 42-203B pursuant to the Swan Falls settlement. That legislation put into law the trust arrangement agreed to by the parties with respect to Idaho Power's hydropower rights in excess of the Murphy gaging station minimum flows:

A water right for power purposes which is defined by agreement with the state as unsubordinated to the extent of a minimum flow established by state action shall remain unsubordinated as defined by the agreement. Any portion of the water rights for power purposes in excess of the level so established shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the user of the water for power purposes, and of the people of the state of Idaho; provided, however, that application of the provisions of this section to water rights for hydropower purposes on the Snake river or its tributaries downstream from Milner dam shall not place in trust any water from the Snake river or surface or ground water tributary to the Snake river upstream from Milner dam. For the purposes of the determination and administration of rights to the use of the waters of the Snake river or its tributaries downstream from Milner dam, no portion of the waters of the Snake river or surface or ground water tributary to the Snake river upstream from Milner dam shall be considered. The rights held in trust shall be subject to subordination to and depletion by future upstream beneficial users whose rights are acquired pursuant to state law, including compliance with the requirements of section 42-203C, Idaho Code.

I.C. § 42-203B(2) (emphasis added). Simply stated, it was agreed that Idaho Power's hydropower water rights in excess of the Murphy gaging station minimum flows would be held in trust by the State. The Director of the Idaho Department of Water Resources is authorized to reallocate the water which is held in trust by the State to subsequent applicants intending to appropriate the same pursuant to the criteria set forth in Idaho Code § 42-203C. The parties have referred to water rights so appropriated as "trust water rights," because they are deemed to divert the water first appropriated under hydropower rights placed into trust.

It is the Joint Movants' position that the subordination protection provided by Idaho Code § 42-203B in favor of "trust water rights" is best termed as "qualified subordination" because it is qualified by and subject to Idaho Power's right to satisfy the Murphy gaging station minimum flows. *See* I.C. § 42-203B; Swan Falls Agreement, ¶7B (providing "such rights in excess of the amounts stated in 7(A) shall be subordinate to subsequent beneficial upstream uses upon approval of such uses by the State in accordance with State law unless the depletion violates or will violate paragraph 7(A)"). In other words, unlike water rights entitled to unqualified

subordination, trust water rights entitled to qualified subordination may be called by Idaho Power in the event the Murphy gaging station minimum flows are unmet.

C. The rebound call issue.

What is referred to herein as the rebound call issue has been described by the Joint Movants as follows:

The "rebound call issue" describes the concern that the holder of a "trust water right" could, in response to administration of the hydropower rights, make a call on certain junior water rights that benefit from unqualified subordination under the Swan Falls Agreement and 1180 Contract. This would be conceptually possible because water users who applied for a water right before the date of the Agreement, but who neither developed that right nor substantially invested in its development before October 25, 1984, hold "trust water rights" despite a priority earlier than some rights that receive the benefit of unqualified subordination.

Joint Motion, p.7. That the rebound call is conceptually possible stems from the following language set forth in the Swan Falls Agreement:

The Company's rights listed in paragraph 7(A) and 7(B) are also subordinate to those persons who have *beneficially used* water prior to October 1, 1984, and who have filed an application or claim for said use by June 30, 1985.

Swan Falls Agreement, ¶7D (emphasis added). The issue turns on the fact that in the Swan Falls Agreement, Idaho Power subordinated its hydropower water rights to those persons who "beneficially used" water prior to October 1, 1984, and not those water users having a priority date before October 1, 1984.

An example is illustrative. Take two hypothetical surface water users diverting water from the Snake River below Milner Dam for irrigation purposes. Water user A applies for an irrigation water right in 1982 and is issued a permit subject to a condition that proof of beneficial use be submitted within five years. In 1987, water user A installs his irrigation works, begins irrigating, and timely submits proof of beneficial use to the Department. The Department subsequently issues water user A a license for an irrigation water right with a priority date that relates back to the date of the permit – 1982. Water user B applies for an irrigation water right in 1983. Water user B installs his irrigations work, begins irrigating, and submits proof of beneficial use to the Department in 1983. The Department issues water user B a license for an irrigation water right with a priority date of 1983.

Meanwhile Idaho Power's Murphy gaging station minimum flows are not being met and Idaho Power initiates a delivery call to satisfy those minimum flows. Idaho Power is precluded from calling water user B's water right under paragraph 7D of the Swan Falls Agreement since water user B beneficially used water under his right "prior to October 1, 1984." Idaho Power can however call water user A's water right since he did not beneficially use water under his right, or substantially invest in his irrigation infrastructure, prior to October 1, 1984. So Idaho Power calls water user A's 1982 water right but does not call water user B's 1983 water right.

The rebound call issue is derived from the argument and/or perception that once Idaho Power initiates its call against water user A, water user A as the senior to water user B could rebound and initiate a call against water user B under the prior appropriation doctrine, even though water user B's water right is entitled to unqualified subordination and could not have originally been called by Idaho Power. Hence water user B would be subject to a rebound call from water user A, and the subordination protection granted to him as a result of the Swan Falls settlement would be meaningless. However, for the reasons stated below the argument that a rebound call is possible is unavailing.

D. The holders of trust water rights can acquire no greater right or interest than that held by the trustee.

As discussed above, Idaho Power's hydropower water rights in excess of the Murphy gaging station minimum flows were placed in trust to be held by the State of Idaho via the terms of the Swan Falls settlement and Idaho Code § 42-203B. As new water uses were applied for and approved by the Director under the criteria set forth in Idaho Code § 42-203C, the subject water was reallocated from the water rights in trust to the new water use. It is the Joint Movants' unopposed position that under trust law a water right that diverts "trust water" cannot receive any greater right than the hydropower water rights held in trust. This Court agrees.

The Idaho Supreme Court has instructed that an express trust is created "if the settlor manifests an intention to create a trust." *Carter v. Carter*, 143 Idaho 373, 379, 146 P.3d 639, 645 (2006). The manifestation of intent "requires no particular words or conduct; the settlor simply must evidence his intention, upon transferring the property, or res, to the trustee, that the trustee will hold the res for the benefit of a third person, the beneficiary." *Id.*

The trust property at issue in this case consists of Idaho Power's hydropower water rights in excess of the Murphy gaging station minimum flows. It is undisputed that at the time those water rights were placed in trust they had been subordinated via the plain language of the Swan Falls Agreement and 1180 Contract to junior-priority rights that met the criteria for unqualified subordination. By agreeing to the terms of the Swan Falls Agreement and 1180 Contract, Idaho Power expressed its clear intent that the water rights it would place in trust would be subordinate to those water users entitled to unqualified subordination. *See e.g.*, 76 Am.Jur.2d Trusts § 258 (stating, "the settlor's intent is crucial in determining the nature and extent of the beneficiary's interest in the trust"). Thus the State, as trustee, held water rights in trust that had been subordinated to those water users entitled to unqualified subordination under the Swan Falls Agreement and 1180 Contract. It follows that the beneficiaries who applied for and acquired water rights from water held in trust could receive no greater right or interest in that water than that held by the State as trustee.

Therefore, trust law precludes a rebound call situation such as the one described above between hypothetical water users A and B. It is undisputed between the parties that since Idaho Power could not make a delivery call against water rights benefitting from unqualified subordination at the time the trust water was placed in trust, those individuals that acquired a trust water right likewise cannot make a call against water rights benefitting from unqualified subordination. As no genuine issues of material fact have been raised by any party, a grant of partial summary judgment in favor of the Joint Movants on the "rebound call issue" is appropriate as a matter of law.

E. Language to be placed in the affected *Partial Decrees*.

Last, in their *Reply Brief*, the Joint Movants proposed that the following language be included on the *Partial Decrees* for water rights listed on Appendix B to the *State's Second Amended Motion* and any other trust water rights with priority dates senior to July 1, 1985:

This water right is a trust water right as defined in the SRBA Final Decree and therefore cannot make a delivery call on any water rights with a priority date senior to October 25, 1984, or any water rights identified on its face as receiving the benefit of unqualified subordination of hydropower water rights nos. 02-00100, 02-04000A, 02-04001A, 02-02032A, 02-04000B, 02-04001B, 02-02032B, 02-02036, 02-02056, 02-02065, 02-02064, 02-10135, 02-02060, 02-02059, 02-02001B, 02-02001A, 02-02057, 37-02128, 37-02472, 37-02471, 37-20710, 37-

20709, 36-02013, 36-02018 and 36-02026. This water right may only make a delivery call against other junior trust water rights.

Reply Brief, p.4. The Joint Movants additionally proposed that the following language be included in the definitional section of the SRBA Final Decree:

Trust Water Right: A water right acquired pursuant to Idaho Code § 42-203B which diverts water first appropriated under hydropower rights held in trust by the State of Idaho. Trust water rights are subordinate to all water rights that enjoy the benefit of the unqualified subordination of hydropower water rights nos. 02-00100, 02-04000A, 02-04001A, 02-02032A, 02-04000B, 02-04001B, 02-02032B, 02-02036, 02-02056, 02-02065, 02-02064, 02-10135, 02-02060, 02-02059, 02-02001B, 02-02001A, 02-02057, 37-02128, 37-02472, 37-02471, 37-20710, 37-20709, 36-02013, 36-02018 and 36-02026 pursuant to the Swan Falls Settlement.

Reply Brief, p.4.

An issue was raised by some of the parties who filed *Responses* to the *Joint Motion* as to whether the term "trust water right" was sufficiently defined in the proposed language to be included in the SRBA Final Decree. This Court finds that the above-quoted proposed language, when viewed in conjunction with the language to be included on the *Partial Decrees* for water rights listed on Appendix B to the *State's Second Amended Motion* and other trust water rights with priority dates senior to July 1, 1985, is sufficient for the purposes of administration. The Court notes that the proposed language simply cites and refers to the legislation that put the trust arrangement into law – Idaho Code § 42-203B. Therefore, the Court finds that no modifications of the above-quoted language are necessary for purposes of addressing the rebound call issue.

5. Order Denying Motion to Set
Aside and Order Denying
Motion to File Late Claim,
filed November 8, 2016

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA) Subcase Nos. 37-864
Case No. 39576) ORDER DENYING MOTION TO SET ASIDE
ORDER DENYING MOTION TO FILE LATE CLAIM

I. PROCEDURAL BACKGROUND

1. On October 12, 2012, this Court entered its Order Establishing Deadline for Late Claim Filings in basin 37 ("Deadline Order"). It directed that except for certain exceptions not here relevant the last date to file a Motion to File Late Claim in basin 37 "shall be January 31, 2013."

2. The Court subsequently entered an Order in basin 37, closing the basin to the filing of late claims in accordance with the Deadline Order ("Closure Order").

3. On February 13, 2013, the Court entered an Order disallowing the above-captioned water right on the grounds it was unclaimed. Then, on August 26, 2014, the Court entered the Final Unified Decree for the Snake River Basin Adjudication ("SRBA"), wherein the above-captioned water right was memorialized as disallowed.

4. On September 30, 2016, Gary and Glenna Eden ("Movants") filed a Motion to set aside the SRBA Final Unified Decree, the Closure Order, and the Court's disallowal of the above-captioned water right pursuant to Idaho Rules of Civil Procedure 60(b)(4) & (6). On that same date, the Movants also filed a Motion to File Late Notice of Claim. The late claim asserts

1 Order Establishing Deadline for Late Claim Filings in Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, SRBA main case no. 39576, SRBA subcase no. 00-92099 (Oct. 12, 2012).

2 Order Closing Claims Taking Basins 01, 02, 03, 31, 34, 35, 36, 37, 41, 45, 47, and 63, and Disallowal of Unclaimed Water Rights, SRBA main case no. 39576, SRBA subcase no. 00-92099 (Feb. 13, 2013).

the right to divert 1.0 cfs from the Big Wood River for the irrigation of 40 acres. The claim is based on a prior decree, and seeks a priority date of September 28, 1896. A *Response* in opposition to the *Motions* was filed by the State of Idaho.

5. A hearing on the *Motions* was held on October 27, 2016. The parties did not request additional briefing, nor does the Court require any. The matter is therefore deemed fully submitted the following business day, or October 28, 2016.

II. ANALYSIS

To file the instant late claim the Movants must set aside the *Closure Order*, the *Final Unified Decree*, and the Court's order disallowing the above-captioned water right claim (collectively, "Court Documents"). The Movants assert they are entitled to relief from the Court Documents under Idaho Rules of Civil Procedure 60(b)(4) and 60(b)(6). They rely on the following factual allegations in support of their arguments.

Water right 37-864 is associated with 40 acres of real property in Lincoln County, Idaho. The property will be referred to herein as the "Subject Property." The Movants acquired the Subject Property in 1992. On or about April 28, 2005, the Idaho Department of Water Resources ("Department") sent the Movants a letter stating it received notification that their address had recently changed. The Department asked the Movants to confirm the address change by signing and returning the letter to the Department. Around that same time, in early May 2005, the Movants received second round service notice of the commencement of the SRBA. The notice informed them that they may own an interest in a water right in the Snake River Basin that had not yet been claimed in the SRBA and instructed them on the procedure for, and need to, timely file any such claim.

In May 2005, the Movants signed and returned the Department's letter, thereby confirming their address change. Along with that letter the Movants assert they enclosed certain documentation regarding the above-captioned water right in an attempt to claim it in the SRBA. What documentation they allegedly enclosed is unknown as it is not contained in the record. On May 19, 2005, Department staff drafted a letter to the Movants confirming receipt of the signed address change letter and the enclosures related to water right 37-864. The letter reads in part:

Thank you for signing and returning my address change letter so promptly. I gathered from the enclosures you sent me that you would like to file a claim on 37-864. I have enclosed a claim form with instructions for your possible use. The filing fee is \$50.00 and the late fee is \$50.00.

Hofstetter Aff., Ex.4. The copy of the letter contained in the record is unsigned. There is no evidence that it was ever signed by Department staff or delivered to the Movants. If it was, the Movants assert the letter was wrongly addressed to their old address. In any event, the Movants declare that they never received the letter. Had they received it they state they would have taken further steps to comply with the instructions therein to file their claim. Since they did not receive it they believed a claim for water right 37-864 had been successfully filed based on the enclosures they sent to the Department.

A. The Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the Court Documents are void for want of due process.

Under Rule 60(b)(4), the Court may relieve a party from a final judgment, order, or proceeding if the judgment is void. Under Idaho law, a judgment is void where it is entered in violation of due process because the party was not given notice and an opportunity to be heard. *McGrew v. McGrew*, 139 Idaho 551, 558, 82 P.3d 833, 840 (2003). The Movants seek relief from the Court Documents on the basis they are void for want of due process. They argue that the notice provided them concerning the commencement of the SRBA was inadequate and/or confusing.

The notice requirements for the SRBA are set forth by statute. When a general adjudication is commenced the Department is required to serve notice of the adjudication commencement. I.C. § 42-1408. The adjudication statutes contemplate two rounds of service. First round service is to occur upon entry of a district court's order commencing a general adjudication. I.C. §§ 42-1408(1) & (2). Second round service is to occur "[u]pon expiration of the period for filing notices of claims." I.C. § 42-1408(4). The notice procedures utilized in the SRBA meet constitutional due process requirements. *See LU Ranching Co. v. United States*, 138 Idaho 606, 608-610, 67 P.3d 85, 87-89 (2003).

The record in this case contradicts the Movants' claim of inadequate service. The evidence is uncontroverted that both the Movants and their predecessors (i.e., Richard and Carolyn Bateman) were mailed first round service notice on March 28, 1988. *Affidavit of*

Service of Commencement Notice – Lincoln County, Twin Falls County Case No. 39576, pp.10, 36 & 37 of the affidavit of mailing (Sept. 20, 1988). It is likewise undisputed that the Movants were mailed and received second round service notice in May 2005. Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1, Twin Falls County Case No. 39576 (June 1, 2005); Hofstetter Aff., Ex. 3. Therefore, the Movants definitely had notice of the adjudication and the need to file their claims. Indeed, they timely filed and pursued a notice of claim for another water right they own in basin 37 in the SRBA (i.e., water right claim 37-10953), for which they were granted a partial decree. Knowlton Aff., Ex.3. Idaho Code § 42-1409(5) directs that “[a]ny person who fails to submit a required notice of claim shall be deemed to have been constructively served with notice of a general adjudication by publication and mailing as required by section 42-1408, Idaho Code.”³

Notwithstanding the foregoing, the Movants argue the second round service they received was inadequate, confusing, and lead them down the wrong path with respect to the above-captioned water right. It is the Movants position that they attempted to file a claim for water right 37-864 in May 2005. They allege this occurred when they enclosed miscellaneous documentation related to that right when they returned the Department’s address change letter. Since they did not receive a response to the enclosures, the Movants believed the enclosures were sufficient to constitute a notice of claim for the above water right. This belief was reasonable in their opinion given their receipt of the second round service notice stating in part that “[a]ssistance in filing Notices of Claims may be obtained at all offices of IDWR.” *Hofstetter Aff., Ex.2.* Based on this sentence, they allege that if the enclosures they sent the Department were insufficient to constitute their notice of claim, the Department was required to contact them with further instructions. Since it did not, the Movants assert the above-captioned claim was disallowed without due process of law. This Court disagrees.

It was unreasonable for the Movants to believe that the enclosures were sufficient to constitute their notice of claim. The Movants failed to comply with basic filing requirements when submitting those enclosures. For instance, the second round service notice instructs claimants that a claim “must be filed on forms prepared by IDWR or a reasonable facsimile.”

³ All publication and mailing requirements set forth in Idaho Code § 42-1408 were met in this case. *Affidavit of Service of Commencement Notice – Lincoln County, Twin Falls County Case No. 39576 (Sept. 20, 1988); Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1, Twin Falls County Case No. 39576 (June 1, 2005); Hofstetter Aff., Ex. 3.*

This instruction is based on Idaho Code § 14-1409. The Movants did not submit a Department-prepared notice of claim form with their enclosures. Nor have they established they submitted a reasonable facsimile thereof.⁴ It is unreasonable to believe that sending miscellaneous enclosures to the Department concerning a water right is sufficient to claim that right in an adjudication. The Movants' belief is also unreasonable given that they did not submit any filing fees to the Department. Both the second round service notice and Idaho Code § 42-1414 instruct that each person who files a notice of claim must submit the appropriate filing fees. It is undisputed that the Movants did not submit any filing fees to the Department in May 2005. It is not logical to believe that a claim had been successfully submitted when, among other things, the required claim form had not been used and the applicable filing fees had not been paid.⁵ Such belief is contrary to law. I.C. §§ 14-1409 & 42-1414.

It should be noted that in addition to first and second round service notice, the Court issued its *Deadline Order* on October 12, 2012, and served it via standard docket sheet procedures.⁶ The *Deadline Order* included a list of water rights from the Department's water right database in basin 37 that had not been claimed in the adjudication. It directed claimants to examine the list to determine whether late claims should be filed and instructed that January 31, 2013, would be the last date to file such late claims in basin 37. The above-captioned water right claim was included in that list and was identified as unclaimed. Therefore, the Movants were given additional notice in 2012 that the above-captioned water right had not been claimed in the SRBA.⁷

Idaho Code § 42-1409 required all persons owning water rights within the boundaries of the Snake River Basin water system to file a notice of claim with the Department for each water

⁴ The term "facsimile" is defined as "[a]n exact copy, preserving all the marks of the original." Black's Law Dictionary, p.591 (6th ed. 1990).

⁵ The Movants' enclosures are additionally deficient in further ways. For instance, each claimant must "solemnly swear or affirm under penalty of perjury that the statements contained in the notice of claim or amended notice of claim are true and correct." I.C. § 42-1409(3). The Movants do not assert, nor does the evidence suggest, that this requirement was complied with when they submitted their enclosures to the Department.

⁶ The Court's issuance of the *Deadline Order* was not required by statute, but was issued as a courtesy to the parties.

⁷ The Movants previously filed a claim in the SRBA for water right 37-10953, which was ultimately decreed in 2002. As a result, the Movants were already parties to the adjudication and subject to service via docket sheet notice. The *Deadline Order*, as well as many other filings related to the preparation and anticipated forthcoming entry of the final unified decree for the entire adjudication was served via docket sheet notice.

right. The burden was on the water right holder to comply this requirement. I.C. §§ 42-1409(3)-(5). The Movants' argument attempts to shift the responsibility for filing claims to the Department. The fact that they did not receive a response from the Department to the enclosures they sent it has no legal significance in the context of due process of law. Due process of law was satisfied in this case when the Movants and their predecessors received first and second round service notice. These notices gave the Movants notice of the adjudication as well as the applicable filing requirements. It was then their burden, having received first and second round notice, to make sure they filed a claim with the Department that complied with applicable filing requirements. The Court therefore holds that the Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the Court Documents are void for want of due process.

B. The Movants are not entitled to relief under Rule 60(b)(4) on the grounds that the the Court failed to comply with Rule 55.

The Movants next argue that the Court Documents are void because the Court failed to comply with Idaho Rule of Civil Procedure 55 when it disallowed the above-captioned water right. They argue that the Court's disallowal is a default judgment. Further, that under Rule 55 the Court was required to give them three days' written notice prior to entry of the disallowal. This Court disagrees. The disallowal of an unclaimed water right in a general adjudication is not a default judgment. Such a disallowal is not entered pursuant to the procedures set forth in Rule 55. To the contrary, the disallowal is entered pursuant to, and by operation of, statute. Idaho Code § 42-1420 provides that the failure to file a required notice of claim for a water right in a general adjudication will result in that water right being lost. I.C. § 42-1420. Consistent with that statute, both the first round and second round service notices received by the Movants and their predecessors instructed that "FAILURE TO FILE A REQUIRED NOTICE OF CLAIM WILL RESULT IN A DETERMINATION BY THE COURT THAT THE WATER RIGHT NO LONGER EXISTS." *Affidavit of Service of Commencement Notice – Lincoln County*, Twin Falls County Case No. 39576, p.2 of the Commencement Notice (Sept. 20, 1988); *Affidavit of Danni M. Smith Re: Second Round Service of Commencement Notice for Basin 37, Part 1*, Twin Falls County Case No. 39576 (June 1, 2005); *Hofstetter Aff.*, Ex. 3. Therefore, the Movants' argument that Rule 55 is applicable to this Court's disallowal of an unclaimed water right is unavailing.

C. The Movants are not entitled to relief under Rule 60(b)(6).

Under Rule 60(b)(6), a court may relieve a party from a final judgment, order, or proceeding for “any ... reason justifying relief from the operation of the judgment.” Although the Court is vested with broad discretion in determining whether to grant or deny a Rule 60(b)(6) motion, its discretion is limited and the motion may be granted only on a showing of “unique and compelling circumstances” justifying relief. *Miller v. Haller*, 129 Idaho 345, 349, 924 P.2d 607, 611 (1996). The Idaho Supreme Court has noted that “[t]he appellate courts of this state have infrequently granted relief under Rule 60(b)(6).” *Berg v. Kendall*, 147 Idaho 571, 578, 212 P.3d 1001, 1008 (2009).

It is undisputed that the Movants and their predecessors received notice of the adjudication. The Movants assert they attempted to file a claim for the above-captioned water right. However, whether due to mistake, inadvertence or neglect on their part, their attempt to file a claim did not comply with applicable filing requirements nor did they ever follow up or pursue the alleged claim. Again, this is despite having pursued another water right in the SRBA. While such mistake, inadvertence or neglect could arguably be grounds for relief under Rule 60(b)(1), the Movants did not timely make a Rule 60(b)(1) motion. The Movants cannot now disguise the same argument as a Rule 60(b)(6) motion under Idaho law. *See e.g., Leasefirst v. Burns*, 131 Idaho 158, 163, 953 P.2d 598, 603 (1998) (holding “a ground for relief asserted, falling fairly under 60(b)(1), cannot be granted under 60(b)(6)”). Therefore, the Court in an exercise of its discretion finds that the Movants have failed to set forth grounds justifying relief under Rule 60(b)(6).

D. The Movants’ Motion to File Late Notice of Claim is denied.

Since the Movants have failed to set forth sufficient grounds under Rule 60(b) to set aside the Court Documents their *Motion to File Late Notice of Claim* must be denied.

E. The State is not entitled to an award of attorney fees.

The State seeks an award of attorney fees under Idaho Code § 12-121. The Idaho Supreme Court has held with respect to Idaho Code § 12-121 that “[i]n normal circumstances, attorney fees will only be awarded when this court is left with the abiding belief that the appeal

was brought, pursued or defended frivolously, unreasonably or without foundation.” *Reed v. Reed*, 160 Idaho 774, 780, 379 P.3d 1042, 1048 (2016). In this case, the Movants have presented the court with legitimate questions for the Court to address. The Court does not find the issue of whether the Court Documents should be set aside under the facts and circumstances presented here to be frivolous or without foundation. Therefore, the Court in an exercise of its discretion declines to award attorney fees to the State in this proceeding.

III.

CONCLUSION

Recognizing that the taking of claims in basin 37 must at some point come to an end, this Court closed the basin to the filing of late claims as of January 31, 2013.⁸ *See infra*, *Deadline Order* and *Closure Order*. The process for adjudicating a late claim is a lengthy process even if the claim is ultimately uncontested. A motion to file a late claim must generally comply with docket sheet notice procedure. If granted, the Department must investigate the claim and file a director’s report and provide a period of time for objections and responses. If the Department’s recommendation is contested the process can take much longer.

As part of the SRBA winding down process, the Court acknowledged that it would not be able to accept late claims into perpetuity, otherwise a final unified decree would never be entered and the SRBA would never reach completion. Taking into account the inherent length of time required to process a late claim, the Court made the determination to close basins to the filing of further late claims. The process contemplated that IDWR would at some point need to file a final late claims director’s report for all remaining late claims. As part of the process, IDWR notified the Court when it would be tentatively filing remaining late claims director’s reports with the final director’s report being filed sometime in December 2013. The basin closure orders were made pursuant to docket sheet notice and set deadlines for filing late claims. The deadlines provided parties to the adjudication sufficient time to file claims and have their claims investigated and included in one of the remaining director’s reports. The final late claims director’s report was filed December 31, 2013.

⁸ The only exceptions were: (1) late claims for deferrable *de minimis* domestic and stockwater uses and (2) late claims required to resolve litigation pending in the SRBA at the time of basin closure. *Id.* The Movants’ *Motion to File Late Notice of Claim* was filed on September 30, 2016, and does not fall into one of the exceptions to the *Deadline* and *Closure Orders*.

In the past, the Court placed primary emphasis on prejudice to other parties in determining whether to grant leave to file a late claim or set aside a partial decree. Absent a finding of prejudice such motions were typically granted. However, in order to give proper effect to the purpose of the *Closure Orders* and *Final Unified Decree*, and to ensure uniformity and fairness in their application, the Court must, for the reasons set forth above, deny the *Movants' Motions*.

IV.

ORDER

Therefore, IT IS ORDERED that the *Movants' Motion to Set Aside is hereby denied*.

IT IS FURTHER ORDERED that the *Movants' Motion to File Late Notice of Claim is hereby denied*.

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE

GARY AND GLENNA EDEN,
 Appellants,

**OBJECTIONS TO RECORD AND TO
 STATE OF IDAHO'S REQUEST FOR

v.

STATE OF IDAHO,

TO: THE PARTIES AND THEIR COUNSEL OF RECORD IN THE ABOVE-CAPTIONED ACTION AND TO THE CLERK OF THE ABOVE ENTITLED COURT

NOTICE IS HEREBY GIVEN THAT: Appellants Gary and Glenna Eden, by and through their counsel of record and pursuant to Rules, 19, 28, 29 and 30 of the Idaho Appellate Rules, hereby object to the following portions of the record on appeal and also to the

January 3, 2017, State of Idaho's Request for Additional Record ("Request") and hereby ask for correction of the record and the denial of such Request, as follows:

1. The Original Notice of Claim 37-864 (pp. 278-280) should be an attachment to the Expedited Motion to File Late Notice of Claim (pp. 245-255) and it is requested that this document is relocated accordingly in the record.
2. The pages of the Affidavit of Kevin Lakey (pp. 281-286) are not in the correct order and it is requested that the pages of this document are put in the correct numerical order.
3. Exhibit A to the Affidavit of Danni M. Smith (Exhibit 9, pp. 903-911) is omitted.
4. Exhibit B to the Affidavit of Danni M. Smith (Exhibit 9, pp. 903-911) is not marked, is omitted, or is incomplete.
5. The SRBA Docket Sheets for September 2012, January 2013, July 2014, August 2016, (Exhibits 11-16, pp. 1120-1202) were included in the record instead of the SRBA Docket Sheets for October 2012, February 2013, August 2014, September 2016, October 2016 and November 2016. Also, no Mailing Lists or Certificates of Service for these Docket Sheets were included in the record, although requested in the Notice of Appeal. This matter is the subject of a March 7, 2017, Stipulation with the State.
6. The State's Request seeks the addition of five (5) SRBA Partial Decrees for different water rights, other than the one that is the subject of this Appeal: 37-10322, 37-12782, 37-21394, 37-365, and 37-366 (Exhibits 1, 2, 3, 5 and 6, pp. 681-685, and 687-688). None of these documents concern the subject SRBA Subcase 37-864

record and should not be added to the record on appeal, as described further in

Appellants' Response to State of Idaho's Request for Additional Record below:

Response to State of Idaho's Request for Additional Record

1. Pursuant to I.A.R. 19, 28 and 30, the record on appeal is limited to the record in the proceedings below that are the subject of the Appeal and, on this basis, the State's additional requested documents must be excluded.

It is fundamental that only those documents that are part of the record in the proceedings below should be included in the record on appeal:

Any party may request any written document filed or lodged with the district court ... to be included in the clerk's ... record..."

I.A.R. 28(c) (emphasis added). This principle is reiterated in I.A.R. 30(a):

Any party may move the Supreme Court to augment or delete from the settled ... clerk's ... record. Such a motion shall be accompanied by a statement setting forth the specific grounds for the request and attaching a copy of any document sought to be augmented ... which document must have a legible filing stamp of the clerk indicating the date of its filing, or the moving party must establish by citation to the record ... that the document was presented to the district court.

I.A.R. 30(a) (emphasis added).

Indeed, limiting the record on appeal to documents that are part of the record below, is consistent with the appellate requirement that only those issues that were raised below can be brought up on appeal: "[I]t is well-established that '[i]ssues not raised below and presented for the first time on appeal will not be considered or reviewed.'" *Sandpoint Convalescent Services v. Idaho Department of Health and Welfare*, 114 Idaho 281, 284, 756 P.2d 398, 401(1988) on denial of Petition for Rehearing, quoting *Baldner v. Bennett's, Inc.*, 103 Idaho 458, 460, 649 P.2d 1214, 1216 (1982). If new documents could be added to the record on appeal,

documents not considered in the proceedings below, attendant new issues necessarily would be raised on appeal.

In this instance, the addition of five SRBA Partial Decrees that were not a part of the record below could raise innumerable unforeseeable new issues, both procedural and substantive, relating to the particulars of those other water rights and those other proceedings. Opening a virtual Pandora's Box of potential new issues at the appellate stage would be highly irregular and inequitable. If, nevertheless, the Court does grant the State's request to augment the record, Appellants must request that the Court also include the entire SRBA records for those other five SRBA subcases in this record on appeal, as it is impossible to predict the issues the State intends to raise with these five Partial Decrees that were absent from the prior proceedings and which documents Appellants may require to respond to those issues.

A review of the State's filings in the proceedings below reveals that certain other documents related to these same five water rights were included in the State's Affidavit of Shantel M. Chapple Knowlton ("Knowlton Affidavit") and were referenced in the State's brief. *See Knowlton Affidavit*; and *State of Idaho's Response to Motion to Set Aside Final Unified Decree and Order Closing Claims Taking (October 12, 2016)* ("State's brief") at 2, n. 1-2. These other documents discussed in the State's brief already are included in the record on appeal as part of the Knowlton Affidavit and, thus, are not part of the State's augmentation request. However, the State now seeks the addition of five SRBA Partial Decrees that it did not submit in the proceedings below. It is the addition of these five documents at the appellate stage, documents that the State did not attach to the Knowlton Affidavit or otherwise attempt to enter into the record in the proceedings below, which is problematic now.

The Court's decision that is the subject of this Appeal also does not reference these five other Partial Decrees the State now seeks to add to the record. *See* Order Denying Motion to Set Aside and Order Denying Motion to File Late Claim, SRBA Subcase 37-864 (November 8, 2016) ("Orders"). The Orders reference only one other SRBA Partial Decree, for 37-10953, which already is included in the record on appeal and, therefore, is not subject to the State's augmentation Request. *Id.* at 4 and 5, n. 7.

Since the five additional documents were not filed, lodged or otherwise presented to the District Court in the SRBA Subcase No. 37-864 proceedings below that are the subject of this Appeal, they are not properly included in the record on appeal pursuant to I.A.R. 19, 28 and 30. None of these five additional documents were referenced in the Court's Orders and, thus, also on this basis, they are not part of the decision below and should not be included in the record on appeal. If, nevertheless, the Court does grant the State's Request, in order to address any issues the State may raise in connection with these five Partial Decrees, Appellants request that the Court also adds to the record on appeal the entire SRBA records for these other five SRBA subcases.

2. The five requested documents also should not be included in the record because they are not pertinent to the issues on Appeal.

At issue in this Appeal, is whether the SRBA Partial Decree disallowing Water Right No. 37-864, entered in default, should be set aside and a late SRBA claim allowed pursuant to I.R.C.P., 55 and 60. The issues on appeal are the specific procedural issues concerning SRBA Subcase 37-864 that the Edens raised below and that were addressed in the Court's Orders which

are the subject of this Appeal:

- a) Whether the Presiding Judge erred by holding that Appellants are not entitled to relief under I.R.C.P., Rule 60(b)(4) when Appellants did not receive notice of default pursuant to I.R.C.P., Rule 55.
- b) Whether the Presiding Judge erred by holding that Appellants are not entitled to relief under I.R.C.P., Rule 60(b)(4), although under the unique factual circumstances the notice they received was inadequate and misleading.
- c) Whether the Presiding Judge erred by holding that Appellants are not entitled to relief under I.R.C.P., Rule 60(b)(6), in view of the “unique and compelling circumstances.”
- d) Whether the Presiding Judge erred by denying Appellants’ Motion to File Late Notice of Claim, based on the finding that the Appellants were not entitled to relief under I.R.C.P., Rule 60(b).

Issues on Appeal, Notice of Appeal (SRBA Subcase No. 37-864).

These issues relate to the specific SRBA procedures followed with respect to Water Right No. 37-864 and whether they were legally adequate. The State’s attempt to now introduce new documents into the record and new arguments based on these newly added documents is highly inappropriate, and presents the real risk of new issues, unrelated to those identified by Appellants on appeal, being raised for the first time.

The SRBA Partial Decrees for the five other water right subcases were not in the record below and should not be invoked at this late stage. These documents were not and are not necessary to address the procedures followed in SRBA Subcase No. 37-864 that are the subject of this Appeal. Thus, also on this separate basis, the Request should be denied.

Conclusion

Based on I.A.R. 19, 28 and 30 and principles prohibiting new issues being raised for the first time on appeal, the State of Idaho’s Request for Additional Record should be denied and

Exhibits 1, 2, 3, 5, and 6 removed from the record on appeal. If, however, the Request is granted, for fairness and equity, Appellants request that the Court also augments the record with the entire SRBA records for these five other SRBA Subcases. Further, the other corrections to the record listed earlier in this document also should be made.

In Re SRBA) Subcase Nos. 37-864
Case No. 39576) ORDER ON OBJECTIONS TO CLERK'S
RECORD AND TRANSCRIPT
_____)

I.
BACKGROUND

The clerk's record and transcript were served on the parties on February 9, 2017. On March 7, 2017, the parties filed a stipulation to correct the record to include various documents identified therein. In addition, Gary and Glenna Eden timely objected to the record and transcript under Idaho Appellate Rule 29(a). The Edens' objection to the transcript addresses several typographical errors. Their objection to the record raises the issue of whether five partial decrees requested by the State should be included in the record. A hearing on the Edens' objection was held before the Court on March 28, 2017.

At the hearing, the Court informed the parties it would effectuate the corrections to the record set forth in the parties' stipulation as well as the corrections to the transcript identified by the Edens. With respect to the five disputed partial decrees, the Court, for reasons set forth on the record at the hearing, held that it will remove the disputed partial decrees from the record. Among other things, the Court held that the disputed partial decrees were not a part of the record in this subcase and that it did not consider or rely on the partial decrees in reaching its decision.

II.
ORDER

THEREFORE, BASED ON THE FOREGOING, THE FOLLOWING ARE HEREBY ORDERED:

1. The requests for corrections to the clerk's record made by the State of Idaho and the Edens in the stipulation **are hereby granted**.

COMMENCEMENT NOTICE

**TO: ALL PERSONS OWNING RIGHTS TO THE USE OF WATER
FROM THE SNAKE RIVER BASIN WATER SYSTEM.**

YOU ARE HEREBY NOTIFIED THAT:

On November 19, 1987, the District Court for the County of Twin Falls issued an order commencing a general adjudication of water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case which will result in a decree determining all water rights from the water system. The purpose of the adjudication is to get an accurate schedule of water rights to assure the proper delivery of water in times of shortage. The purpose of this notice is to inform you of the commencement of the adjudication and your legal responsibilities at this stage of the adjudication. PLEASE CONTINUE.

GENERAL REQUIREMENT TO FILE NOTICE OF CLAIM WITH IDWR

Idaho Code §42-1409 requires all persons owning water rights within the boundaries of the Snake River Basin water system in Idaho to file a Notice of Claim with the Idaho Department of Water Resources (IDWR) for each water right, except for certain water rights specifically excluded by law. "Water rights within the

boundaries of the Snake River Basin water system in Idaho" includes rights to the use of water from any water source, including streams, springs, lakes, ground water, developed water, waste water, or any other source within the boundaries of the Snake River Basin water system in Idaho. A map showing the boundaries of the water system is included at the end of this notice. FAILURE TO FILE A REQUIRED NOTICE OF CLAIM WILL RESULT IN A DETERMINATION BY THE COURT THAT THE WATER RIGHT NO LONGER EXISTS.

A Notice of Claim must be filed for all water rights based upon Idaho state law. Water rights based upon Idaho state law include historic use rights (based upon diversion and application of water to a beneficial use, regardless of whether the water right has been recorded with IDWR pursuant to Idaho Code §42-243), decreed rights (based upon a decree of a state or federal court), licensed rights, or appropriation permits if proof of beneficial use was filed before November 19, 1987 (based upon a license or permit issued by IDWR, which used to be called the Idaho Department of Water Administration, the Idaho Department of Reclamation, and the State Engineer's Office). A Notice of Claim or negotiated agreement must be filed for all water rights based upon federal law. Water rights based upon federal law are generally reserved rights claimed by the federal government, by or on behalf of the Indian Tribes, or by subsequent owners of former federal reserved lands.

EXCEPTIONS TO GENERAL REQUIREMENT TO FILE NOTICE OF CLAIM

A Notice of Claim may but is not required to be filed for permits for which proof of beneficial use was filed on or after November 19, 1987. The director of IDWR may at a later date require holders of such permits to file a Notice of Claim. If the director does issue such an order, the permit holder will be notified by mail. A Notice of Claim may not be filed for an application for permit until the application has been approved by IDWR.

A Notice of Claim may but is not required to be filed for water rights arising under Idaho state law that are used solely for fire-fighting purposes or solely for in-stream livestock use as defined by Idaho Code §42-113. The director's report (which will contain the director's recommendations as to all water right claims based upon state law and will be filed with the court after all claims have been taken and investigated by IDWR) will contain general conclusions of law recognizing and protecting the use of water for fire-fighting purposes and for in-stream livestock use.

A person using water from the Snake River Basin water system is not required to file a Notice of Claim if the water user is not the owner of the water right, but the water user should make sure that the owner has filed a Notice of Claim. For example, a water user need not file a Notice of Claim where the water user receives water solely by virtue of ownership of shares of stock in a water delivery organization, or solely by virtue of being located within the boundaries of a water user organization, if the water delivery organization holds legal title to the water right and if the water delivery organization has filed a Notice of Claim. Examples of water delivery organizations include cities, water utility companies, and irrigation districts, among others.

FEES AND DEADLINES FOR FILING NOTICES OF CLAIMS

Idaho Code §42-1414 requires each person who files a Notice of Claim, except those exempted by law, to pay a filing fee. Failure to pay the fee will result in rejection of the Notice of Claim.

Claims-taking will generally be done on a county-by-county basis for about two years following issuance of the commencement order. The county where Notices of Claims are required to be filed at this time is stamped in the upper right-hand corner of this notice. The deadline for filing notices of claims to water rights in this county is stamped just below the county stamp. Late-filed Notices of Claims will be accepted prior to filing the director's report with the court, but failure to file a Notice of Claim by the deadline may result in assessment of a late fee of \$50.00 or 15% of the original filing fee, whichever is greater.

NOTICE OF CLAIM FORMS AND INSTRUCTIONS

Notices of Claims must be filed on forms prepared by IDWR. The Notice of Claim forms and instructions for completing and filing the forms are available at the following locations.

1. IDWR, State Office. 1301 N. Orchard St., Statehouse Mail, Boise ID 83720. Phone (208) 334-7906; or for callers in Idaho, 1-800-451-4129.
 2. IDWR, Western Region. 2735 Airport Way, Boise, ID, 83705. Phone (208) 334-2190.
 3. IDWR, Southern Region. 2148 4th Ave. East, Twin Falls ID 83301. Phone (208) 734-3578;
 4. IDWR, Eastern Region. 150 W. Shoup St. Suite 15, Idaho Falls ID 83402. Phone (208) 525-7161
 5. IDWR, Northern Region. 4055 Government Way, Coeur d'Alene ID 83814. Phone (208) 765-4639;
 6. District Court Clerk for the county stamped in the upper right-hand corner.
- A detailed map of the boundaries of the water system is also posted at the locations listed above.

NOTICE TO IDWR OF CHANGE IN OWNERSHIP OR ADDRESS

Idaho Code §42-1409(7) requires all purchasers of a water right to inquire of IDWR whether a Notice of Claim has been filed. If not, the purchaser must file any required Notice of Claim, as described above. If a Notice of Claim has been filed, the purchaser must file with IDWR a written notice of the change in ownership along with some evidence of ownership. "Purchaser" includes any person acquiring a water right from another water user, whether it is acquired by purchase, gift, inheritance, or any other means.

Idaho Code §42-1409(7) requires all persons who have filed a Notice of Claim to file a written notice of any change in address with IDWR.

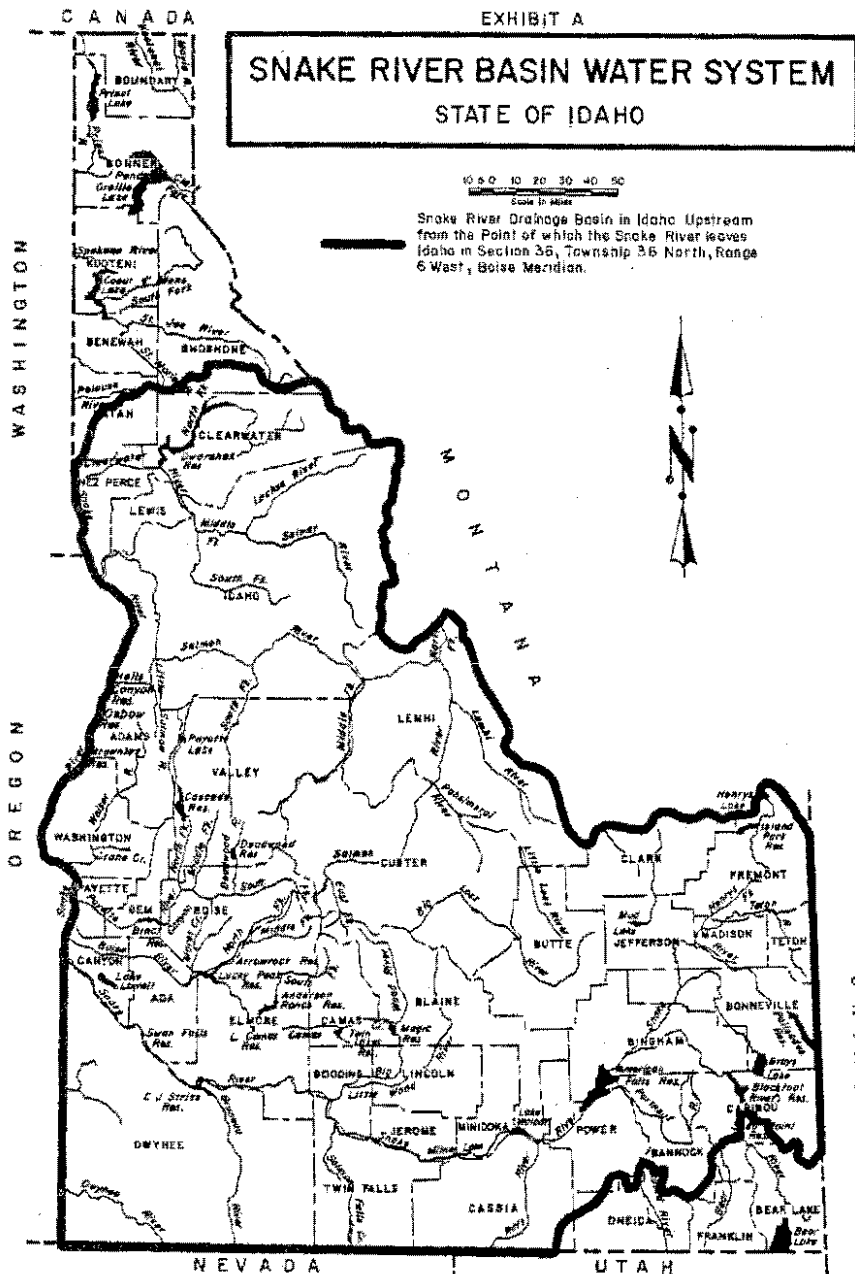

FURTHER INFORMATION

The files of the District Court for Twin Falls County will contain affidavits and other documents stating the persons served with copies of this notice. Assistance in filing Notices of Claims may be obtained at all offices of IDWR, which are listed above. There will also be a mobile claims-taking unit in most counties. If the mobile claims-taking unit has been scheduled for your county, the location and dates that the mobile claims-taking unit will be in your county are stamped in the upper right-hand corner of this notice.

If you want information as to Notices of Claims filed in this adjudication, which are filed with IDWR, you may inquire at any office of IDWR. If you want

information as to other documents filed in this adjudication, which are filed with the court, you may obtain a copy of the docket sheet from any office of IDWR. The docket sheet will be prepared each month, and will contain a summary of all documents filed with the court in the previous month, and the dates and locations of hearings set for the following three months. You can get a copy of a docket sheet for the cost of mailing and/or copying, or you can get a subscription to receive the docket sheet each month. The cost of the subscription is \$7.50 for calendar year 1988. The docket sheet will also be filed with the district court clerk for every county within the boundaries of the Snake River Basin water system in Idaho.

**RULES OF PROCEDURE
(Amended 10/16/97)**

**Daniel C. Hurlbutt, Jr.
Presiding Judge**

PROCEDURES IN THE SRBA

- a. The litigation of the SRBA will be governed by the Idaho Rules of Civil Procedure (I.R.C.P.), Idaho Rules of Evidence (I.R.E.) and the Idaho Appellate Rules (I.A.R.).
- b. These procedures supplement the I.R.C.P., I.R.E., I.A.R. and any other applicable laws or orders of this court only to the extent necessary to allow for the fair and expeditious resolution of all claims or issues in the SRBA.
- c. Provisions setting forth the manner of service and notice are adopted under the authority granted by *Supplemental Order Granting Additional Powers to District Judge*, Idaho S.Ct. 99143 (February 20, 1988).

2. DEFINITIONS

- a. **Abstract** - The abstract of each notice of claim or negotiated agreement for water rights under federal law.
- b. **AO1** - SRBA Administrative Order 1, Rules of Procedure.
- c. **Basin-Wide Issue** - An issue designated by the Presiding Judge as potentially affecting the interests of a large number of claimants to the use of water within the SRBA and the resolution of which will promote judicial economy.
- d. **Claimant** - Any person who has filed a claim to the use of water in the SRBA.
- e. **Clerk of the Court** - The Clerk of the SRBA Court.
- f. **Court** - The SRBA Court located at 253 Third Avenue North, Twin Falls, Idaho 83301. Mailing address PO Box 2707, Twin Falls, ID 83303-2707; Telephone (208) 736-3011; FAX (208) 736-2121; Internet www.srba.state.id.us.
- g. **Director** - The Director of the Idaho Department of Water Resources.
- h. **Docket Sheet Procedure** - The procedure established to give notice of proceedings on nonsubcase matters to SRBA claimants and parties.
- i. **Domestic Use** - Domestic water use is defined by I.C. §§ 42-111 and 42-1401A(5).
- j. **Error Correction Procedure** - The procedure established to correct errors in a Director's Report prior to the filing of that Director's Report with the court.

- k. **IDWR** - The Idaho Department of Water Resources.
- l. **Initial Hearing** - The first hearing before the court in a Class One Subcase.
- m. **IWATRS** - The court's automated registry of actions that lists all pleadings and documents filed or lodged with the court, all orders entered by the Presiding Judge or Special Masters, and that provides additional information such as lists of upcoming hearings.
- n. **Objector/Respondent** - Unless the context indicates otherwise, a party to the adjudication filing an objection or response to a water right recommendation reported in a Director's Report as provided by I.C. §§ 42-1411 and 42-1412 or claimed under federal law as provided by I.C. § 42-1411A.
- o. **Partial Decree/Judgment** - The final determination of the elements of a water right.
- p. **Party to a Subcase** - The claimant, any objector or respondent to a water right recommendation, any party to a subcase which has been consolidated with another subcase, any party to the adjudication granted leave to participate in a subcase by the Presiding Judge or a Special Master, and any party to the adjudication filing a *Motion to Alter or Amend the Special Master's Recommendation*.

(1) **Class One Subcase** - Subcases where the difference between the Director's Report and the claim is less than 40 acres and/or the difference in quantity is less than 0.80 cfs and all claims where the objection relates only to owner identification, priority date, source or point of diversion.

(2) **Class Two Subcase** - Subcases not included in the definition of Class One Subcase.

NOTE: The purpose of separating subcases into two classifications is to expedite the SRBA and provide claimants a speedy and cost-effective method to litigate cases where the difference between the Director's Report and the claim is less significant, as in the Class One Subcases. This allows the court, the parties and IDWR to focus more time and resources on resolving the more significant issues associated with Class Two subcases.

3. PLEADINGS

- a. All pleadings shall comply with the I.R.C.P. and these *Rules of Procedure*.
- b. Documents or pleadings filed in any courthouse other than the SRBA Courthouse will not be accepted and will not be deemed "filed" until received by the Clerk of the SRBA Court.

The grouping of water rights in the *Special Master's Recommendation* is left to the discretion of the Special Master. No water right claim which has not had full resolution of every element of the right shall be included in a *Special Master's Recommendation*, unless the Special Master, simultaneously with the filing of the report, certifies to the Presiding Judge that there has been an express determination that there is no just reason for delay for submission to the Presiding Judge. Notice of the filing of such certification shall be reported in the Docket Sheet.
- e. **Permissive Review** - A Special Master or any party to the subcase may seek permissive review by the Presiding Judge of the Special Master's interlocutory determination which involves a controlling question of law as to which there are substantial grounds for difference of opinion and on which immediate consideration of the determination may advance the orderly resolution of the litigation following the procedures set forth in I.A.R. 12. The Special Master shall review the motion and responses and recommend, with findings, whether it should be granted or denied. The motion and the Special Master's recommendation shall be forwarded to the Presiding Judge for determination.

10. PROCEDURE FOR WATER RIGHTS WHERE AN OBJECTION HAS BEEN FILED

- a. When the first objection to a recommendation or abstract is filed, a subcase file shall be opened and separately docketed on IWATRS. The water right number becomes the subcase number. All subsequent filings for that water right, including objections and responses, will be docketed under that subcase.

(a) At the end of the objection period, the court may hold an Initial Hearing for each subcase. At the Initial Hearing, each claimant and/or objector shall be given an opportunity to meet with IDWR in an attempt to reconcile the difference between the Director's Report, the claim and the objection(s) for each subcase. If the objection(s) cannot be reconciled, the court shall set the matter for trial. The claimant and objecting party, if any, must be present at the Initial Hearing.

(b) The trial should be held within 45 days of the Initial Hearing unless otherwise ordered by the Special Master.

(2) Class Two Subcases - At the end of the objection period, the court shall hold a Scheduling Conference under I.R.C.P. 16(b). These subcases shall proceed under the court's scheduling or pre-trial order.

(3) Discretion of the Presiding Judge or Special Master - On motion of any party to the subcase or as ordered by the Presiding Judge or Special Master, a subcase may be reclassified and proceed accordingly.

(3) IDWR investigation of amended claim - The court may request that IDWR prepare an Amended Director's Report for any amended claim, including claims amended

at trial to conform to the evidence. The claimant may be ordered to pay all necessary costs associated with investigating and reporting the amended claim.

g. IDWR Involvement

- (1) Class One Subcases - Except where a party calls a representative of IDWR as its own witness, the role of IDWR will be limited to presenting geographic information (GIS) in the form of an illustration depicting the place of use and point of diversion. IDWR may also provide any documents such as permits, licenses, decrees or transfers which may be relevant to a claim. A party calling IDWR as its own witness must notify IDWR, in writing, 7 days prior to trial.
- (2) Class Two Subcases -
 - (a) Within 14 days following the Scheduling Conference, IDWR shall serve on each party an affidavit setting forth the factual basis of IDWR's recommendation on the disputed element(s). IDWR shall file the affidavit with the court. The court may consider the affidavit for any pre-trial matter or in lieu of any direct testimony by the IDWR affiant at trial.
 - (b) IDWR must be notified, in writing, at or before the pre-trial conference, should any party choose to cross-examine the IDWR affiant or call a witness from IDWR at trial.
- (3) Discretion of the Presiding Judge or Special Master - Nothing herein shall prevent the Presiding Judge or Special Master from calling a representative of IDWR as its own witness consistent with I.R.E. 706 or 614 for Class One or Class Two Subcases.

h. Service of documents in a subcase need be made only on parties to the subcase and IDWR. When a document is filed in a subcase, the Docket Sheet Procedure is not required to be followed, except for: motions and notices of hearings to designate basin-wide issues; proceedings on basin-wide issues; *Special Master's Recommendations*; notices of challenge to a *Special Master's Recommendation*; motions and notices of hearings for entry of partial decrees; proceedings by the Presiding Judge on decrees; motions or orders for I.R.C.P. 54(b) certification or permissive review; notices of appeal; and any other matter ordered by the court to follow the Docket Sheet Procedure.

- j. When a *Motion to File a Late Objection* is filed to a previously "unobjected-to" recommendation or abstract:
 - (1) The motion shall be reported in the Docket Sheet; and

- k. Any party to the adjudication who is not a party to a subcase may seek leave to participate in a subcase by filing a timely *Motion to Participate*. A *Motion to Participate* shall be treated like a motion to intervene under I.R.C.P. 24 and shall be decided by the Presiding Judge or the assigned Special Master. A party to the adjudication who does not file an objection, a response or a timely *Motion to Participate* waives the right to be a party to the subcase and to receive notice of further proceedings before the Special Master, except for *Motions to Alter or Amend*.
- l. **Resetting Subcase Hearing Dates** - All hearing dates will be set by the SRBA Court. Any party to the SRBA who requests that a hearing be reset shall comply with the following requirements at least 21 days prior to the scheduled hearing:

The stipulation must specify the agreed upon date and time and must contain a statement that the party moving to reset the hearing has contacted each party or their attorney and that all have agreed on the alternate date and time. If granted, the court will send a notice resetting the hearing.
 - (4) If the parties cannot reach agreement, the party wishing to change the date and time must file an *Expedited Motion to Reset* at least 14 days prior to the scheduled hearing.

- (5) For hearings before the Special Masters:
 - (a) The order/notice setting the hearing will state if telephone participation is allowed.
 - (b) The parties must decide among themselves who will initiate the call.
 - (c) The Clerk of the SRBA Court must be notified at least 24 hours **prior** to the hearing as to who will be participating by telephone and who will be initiating the call.
- (6) Place your call to the court at least 5 minutes prior to the scheduled start of your hearing. No hearing will be delayed or interrupted because of telephone participation. If you have not called by the time the Presiding Judge or Special Master is ready to begin, your call will not be connected to the courtroom.
- (7) When initiating a call to the court which involves more than one party from different locations, you must use the services of a teleconference operator. Do not use your telephone system conference call feature. (Check with your telephone service or long-distance provider.)
- (8) Speaker phones are not recommended. Many times there is too much background noise or the signal is too weak to be transmitted clearly in the courtroom.

n. If all parties to a subcase stipulate to the dismissal of any objection to a water right recommendation, a *Stipulation for Dismissal of Objection* shall be filed; and, if accepted, the dismissal shall be with prejudice.

The Presiding Judge or Special Master may order consolidation or separation on the basis of such motion or on their own. I.R.C.P. 42. If a motion to consolidate concerns issues from subcases which are all before the same Special Master, it shall be served only on parties to those subcases and shall be decided by the Special Master. If such a motion concerns basin-wide issues or issues from subcases which are not all before the same Special Master, it shall be served on all parties to those subcases, noticed through the Docket Sheet Procedure and decided by the Presiding Judge or a Special Master by *Special Order of Reference*.

Any party to the adjudication not already a party to the subcase may respond to a *Motion to Alter or Amend* by filing a *Notice of Participation* which shall set forth the party's name; the water right number; the name, address and telephone number of the attorney; and a short statement of the party's position on the issues presented in the *Motion to Alter or Amend*. **Failure of any party in the adjudication to pursue or participate in a *Motion to Alter or Amend* the *Special Master's Recommendation* shall constitute a waiver of the right to challenge it before the Presiding Judge.** This waiver shall also apply to further proceedings in the subcase if remanded back to the Special Master.
- b. Where a *Motion to Alter or Amend* is filed in a subcase, notice will be reported in the Docket Sheet and the motion will be decided by the Special Master with or without hearing. - c. Any party who first filed or participated in a *Motion to Alter or Amend* before the Special Master may file a *Notice of Challenge* to the decision on a *Motion to Alter or Amend*. The *Notice of Challenge* shall include a detailed statement of the issue(s) and a detailed description, including hearing dates and times, of any transcript(s) requested. Once raised and detailed, the issue(s) on challenge **may not** be amended to include additional issue(s) not specifically identified in the *Notice of Challenge* except on motion and leave of court. - e. At the close of the time period for filing a *Notice of Challenge*, the court will issue a scheduling order. Unless otherwise ordered, the following schedule for briefing and oral argument shall be set:
- (1) Opening briefs shall be filed simultaneously within 21 days following the deadline for filing *Notice of Challenge*. Briefs shall be limited to 25 pages and shall be served on the parties to the subcase and any party filing a *Notice of Challenge*.

The partial decree shall be served only on parties to the subcase and notice of its entry shall be reported in the Docket Sheet. A certified copy of the partial decree shall be served on IDWR in compliance with I.C. §§ 42-1403 and 42-1412(6).
- c. The form of the partial decrees and the maintenance of partial decrees as the sole legal record of title to the water right shall be decided by the Presiding Judge.
- d. Parties seeking to modify a partial decree shall comply with I.R.C.P. 60(a) or 60(b). Partial decrees are final judgments and cannot be modified by an administrative proceeding except as provided in I.C. § 42-222.

 - (1) **Change of Address, Change of Ownership** (Idaho Code §§ 42-248 and 42-1409(6)) - Unless the court orders otherwise, water right claimants are required to notify IDWR of any change of address or ownership. When notified of such a change, IDWR shall file with the court a *Notice of Completed Administrative Proceeding* and shall attach a copy of the Amended Director's Report reflecting the change of address or ownership.

- (2) **Split Water Rights** - Unless the court orders otherwise, when notice is given to IDWR for a change in ownership of a water right proposing to split a water right, IDWR shall immediately notify the court by submitting a *Notice of Administrative Proceeding*. Upon receipt of the *Notice of Administrative Proceeding*, the court may stay SRBA proceedings for that water right during the pendency of the administrative proceeding. Once the administrative proceeding is complete and all appeal times have run, IDWR shall file with the court a *Notice of Completed Administrative Proceeding* with an attached Amended Director's Report reflecting the division or split that has occurred. IDWR must also attach a copy of an Amended Director's Report for any and all overlapping water right claims. This procedure cannot be used to accomplish an enlargement as provided by I.C. §§ 42-1425, 1426 or 1427.
- (3) **Other Changes - Period/Place/Purpose of Use/Nature of Use and Point of Diversion Proceedings Under I.C. § 42-222** - Claimants seeking a change in their claimed water right under I.C. § 42-222 shall contact IDWR. When an application is made with IDWR for a change pursuant to I.C. § 42-222 for a water right which has been reported in a Director's Report but where a partial decree has not been entered, IDWR shall immediately notify the court by submitting a *Notice of Administrative Proceeding* stating the type of change sought. Upon receipt of the *Notice of Administrative Proceeding*, the court may stay SRBA proceedings for that water right during the pendency of the administrative proceeding. Once the administrative proceeding is complete and all appeal times have run, IDWR shall submit a *Notice of Completed Administrative Proceeding* with an attached Amended Director's Report which shall report all administrative changes made pursuant to I.C. § 42-222. IDWR shall include Amended Director's Reports for any and all overlapping water right claims.
- c. Amended Director's Reports shall be docketed in the subcases indicating the type of amendment made and will be reported in the Docket Sheet. Any party wishing to file an objection to an Amended Director's Report may do so by filing a *Motion to File a Late Objection* within 21 days following the notice of filing the Amended Director's Report in the Docket Sheet.

MOTION TO FILE A LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

I did not file a Notice of claim to the use of water in the SRBA because:

I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you **must** attach a copy of your Notice of Claim.)

I have attached:

- A fully completed Notice of Claim (available from IDWR).
- A claim filing fee for a domestic and stock watering use. IDWR may charge this fee pursuant to I.C. § 42-1414. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ _____.
- A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of claim was not filed. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ _____.

Follow these instructions regarding the hearing on this motion.

1. Contact the Clerk of the SRBA Court (208-736-3011) to request a hearing date and time.

Leave to amend a claim shall be freely given when justice so requires.

- I must amend my Notice of Claim to the use of water in the SRBA because:

- I am providing legal and factual documentation to support my amended Notice of Claim. You must describe these documents and attach a readable copy.

Civil No. 39576)	FOR BASIN 37, PART 1

AFFIDAVIT REGARDING SECOND ROUND SERVICE OF
COMMENCEMENT NOTICE FOR BASIN 37, PART 1

I, Danni M. Smith, being first duly sworn on oath, depose and state as follows:

1. I am employed by the Idaho Department of Water Resources ("IDWR") and have been so employed since August 14, 1988. I am the Administrative Assistant 1 for the Adjudication Bureau of IDWR. I have been employed in this position since April 30, 1989. One of my duties

in this position is assisting with the second round service for the Snake River Basin Adjudication ("SRBA").

2. A Second Round Service of Commencement Notice for Basin 37, Part I (Second Round Notice") was prepared pursuant to Idaho Code § 42-1408(4) and is attached hereto as Exhibit A and incorporated by this reference.

3. On May 5, 2005, the Second Round Notice was mailed by certified mail, return receipt requested, to each of the persons listed on Exhibit B attached hereto.

4. Pursuant to the *Second Amended Second Round Service Order* (hereinafter "Service Order") issued by the SRBA District Judge on January 14, 2000, the mailing list (Exhibit "B" for the Second Round Notice was compiled using procedures identified in the Service Order in part III. A. (Water Right Data Base), B. (GIS Evaluation and Second Round Service), and C. (Potentially Unclaimed Water Rights Discovered During the Investigation of Claims).

Unclaimed water rights were identified in Blaine, Elmore, Gooding and Lincoln Counties of Basin 37. In accordance with the Service Order, Anita Warntjes, Grants Contract Program Specialist at IDWR, and I researched the county assessor and recorder databases for each of the listed counties to determine the chain of title for the unclaimed places of use. See Service Order at III. If ownership could not be ascertained, we used assessors' plat and subdivision maps, companion sheets, and database information to determine the current owner of the property as well as to identify all lien holders to the property. The list of current property owners was then reviewed to remove duplicate names as required by the Service Order. See Service Order at IV.

DATED this 27th day of May 2005.

I. PROCEDURE

On June 17, 1987, the State of Idaho, ex rel. A. Kenneth Dunn in his official capacity as Director of the Idaho Department of Water Resources, filed a petition in the above-entitled Court seeking commencement of a "general adjudication inter se of all rights arising under state or federal law to the use of surface and ground waters from the Snake River basin water system and for the administration of such rights." *Petition* at 2. On November 19, 1987, this Court issued its *Commencement Order* thereby initiating the above-entitled general stream adjudication of all rights to the use of the waters of the Snake River Basin within the State of

Idaho pursuant to Idaho Code § 42-1406A (Supp. 1987).¹ The *Commencement Order* adopted by reference this Court's October 14, 1987, *Memorandum Opinion on Commencement of Adjudication* as "further findings of fact and further conclusions of law as permitted by I.R.C.P. 52(a)." *Commencement Order* at 4.

As set forth in the *Memorandum Opinion on Commencement of Adjudication*, Idaho Code § 42-1406A (Supp. 1987) required that the adjudication be commenced within the terms of the McCarran Amendment, 43 U.S.C. § 666. This Court determined that for the adjudication to come within the terms of the McCarran Amendment the entire Snake River Basin water system within the State of Idaho had to be adjudicated. This Court defined the entire Snake River Basin water system within Idaho as follows:

Beginning at the point where the southern boundary line of the state of Idaho meets the western boundary line of the state of Idaho, then following the western boundary of the state north to the northern boundary of the Clearwater Basin, in Idaho, in section 36, T. 36 N., R. 6 W., B.M., then following the northern watershed divide of the Clearwater River Basin north and east to the eastern boundary of the state of Idaho in section 4, T. 42 N., R. 11 E., B.M., then following the eastern boundary of the state southeast to the northern boundary of the Bear River Basin in section 35, T. 10 S., R. 46 E., B.M., then following the northern watershed divide of the Bear River Basin, in Idaho, southwest to the southern boundary of the state of Idaho in section 26, T. 16 S., R. 28 E., B.M., then following the southern boundary line of the state of Idaho west to the point of beginning.

Commencement Order at 5. A map showing the boundaries of the Snake River Basin water system is attached for illustrative purposes as Attachment 1, as required by Idaho Code § 42-1413 (2003). The following counties are wholly located within the boundaries of the Snake River Basin water system:

Ada	Canyon	Idaho	Owyhee
Adams	Clark	Jefferson	Payette

¹ Idaho Code § 42-1406A was added by section 1 of chapter 18, 1985 Idaho Sess. L. at 28. Section 42-1406A was subsequently amended by section 11 of chapter 454, 1994 Idaho Sess. L. at 1452-53, and now appears as an uncodified law in the 1994 Idaho Session Laws.

Commencement Order at 5. The following counties are partly located within the boundaries of the Snake River Basin water system:

Bannock	Nez Perce
Caribou	Oneida
Cassia	Power
Latah	Shoshone

Id. at 6.

The *Commencement Order* also determined that “all classes of water uses . . . within the water system [must] be adjudicated as part of the Snake River Basin adjudication.” *Id.* At 6. On January 17, 1989, however, this Court entered its *Findings of Fact, Conclusions of Law, and Order Establishing Procedures for Adjudication of Domestic and Stock Water Uses* that allowed claimants of *de minimis* domestic and stock water rights, as defined in Idaho Code § 42-1401A(5) and (12) (Supp. 1988), to elect to defer adjudication of their claims; provided, all such claimants “shall be joined as parties in this proceeding and will be bound by all decrees entered in this case, including the final decree.” *Findings of Fact* at 3.

The *Commencement Order* directed the Director of the Idaho Department of Water Resources (“Director”): 1) to investigate the water system as provided in Idaho Code § 42-1410 (Supp. 1987); 2) to prepare the notice of order commencing a general adjudication containing that information required by Idaho Code § 42-1408A(1) (Supp. 1987); 3) to serve notice of the order commencing a general adjudication in accordance with chapter 14, title 42, Idaho Code; and 4) to file with this Court affidavits and other documents stating the

persons served with a notice of order commencing the adjudication. *Commencement Order* at 7-8.

Based upon the claims submitted; the files and records of the Idaho Department of Water Resources and the Court; the examination of the ditches, diversions, lands irrigated, and other uses of water within the water system; the Director's Reports and evidence herein, this Court enters the following findings of fact and conclusions of law:

II. FINDINGS OF FACT

March 25, 1993); *Notice of Appearance* (March 18, 1993).
3. The Northwestern Band of the Shoshoni Nation participated in this proceeding by filing notices of claim for water rights reserved under federal law and by filing a general notice of appearance with the Court. *Partial Protective Filing by the Northwestern Band of the Shoshoni Nation of Notices of Claim for Water Rights Reserved Under Federal Law* (filed with Dept. of Water Res. March 25, 1993); *Notice of Appearance on Behalf of the Northwestern Band of the Shoshoni Nation* (March 22, 1993).
4. The Shoshone-Bannock Tribes sought and were granted intervention in this proceeding. *Order Granting Permissive Intervention by the Shoshone-Bannock Tribes* (April 12, 1993).

5. 6. The Director served notice of the commencement of the Snake River Basin Adjudication ("SRBA") in accordance with chapter 14, title 42, Idaho Code and the orders of this Court. This included service of the notice of commencement on the State of Idaho and the United States; service of the notice of commencement on all other persons by publication; service of the notice of commencement by posting in each county courthouse, county recorder's office and county assessor's office in which any part of the water system is located; service of the notice of commencement by mail on each person listed as owning real property on the real property assessment roll within the boundaries of the Snake River Basin water system; and filing of a copy of the notice of commencement in the office of the county recorder in each county in which any part of the water system is located.

7. In addition to the steps taken in paragraph 6, the Idaho Department of Water Resources also served notices of commencement on persons who may have used water within the water system, but were not listed as owners of real property. The sources of information the Idaho Department of Water Resources reviewed for this purpose were: 1) water right records of the Idaho Department of Water Resources for each basin wholly or partly within the water system; 2) cooperating farm/ranch operator records of the United States Department of Agriculture, Agricultural Stabilization and Conservation Service for each basin wholly or partly within the water system; and 3) mining claim records on federal

land of the United States Department of Interior, Bureau of Land Management for each basin wholly or partly within the water system.

8. The Director has completed an examination of the Snake River Basin water system and submitted Director's Reports to this Court in conformance with the requirements of chapter 14, title 42, Idaho Code and the orders of this Court.

9. As required by title 42, chapter 14, Idaho Code and this Court's orders, claims to water rights arising under state or federal law to the use of the surface and ground waters from the Snake River Basin water system have been adjudicated resulting in the issuance of partial decrees that have been certified as final pursuant to I.R.C.P. 54(b).²

10. Idaho Code § 42-1412(8) (2003) provides that: "Upon resolution of all objections to water rights acquired under state law, to water rights established under federal law, and to general provisions, and after entry of partial decree(s), the district court shall combine all partial decrees and the general provisions into a final decree." The Court finds that the conditions of Idaho Code § 42-1412(8) (2003) have been met with respect to the water rights identified in Attachments 2, 4, 5 and 6 and the general provisions in Attachment 3, enabling the Court to issue this Final Unified Decree.

IV. ORDER

NOW THEREFORE this Court ORDERS, ADJUDGES AND DECREES as follows:

1. This Final Unified Decree is conclusive as to the nature and extent of all water rights within the Snake River Basin within the State of Idaho with a priority date prior to November 19, 1987, except the following described water rights shall not be lost by failure to file a notice of claim, as provided in Idaho Code § 42-1420 (2003):

- a. Any domestic and stock water right, as defined in Idaho Code § 42-111 (1990), Idaho Code § 42-1401A(5) (1990), and Idaho Code § 42-1401A(12) (1990), the adjudication of which was deferred in accordance with this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*;
- b. A water right application for permit filed under chapters 2 or 15, title 42, Idaho Code;
- c. A water right permit issued under chapters 2 or 15, title 42, Idaho Code, unless the Director required the permit holder to file a notice of claim in accordance with subsection (7) of section 42-1409, Idaho Code;
- d. A water right license issued under chapters 2 or 15, title 42, Idaho Code, if proof of beneficial use was not filed with the Department of Water Resources

before November 19, 1987, unless the Director required the license holder to file a notice of claim in accordance with subsection (7) of section 42-1409, Idaho Code; and

- e. A claim to a water right under federal law, if the priority of the right claimed is later than November 18, 1987.

All other water rights with a priority before November 19, 1987, not expressly set forth in this Final Unified Decree are hereby decreed as disallowed.³ Any water rights with a priority date subsequent to November 18, 1987, were not required to be claimed in the SRBA, but to the extent any such water rights were claimed in the SRBA and a partial decree issued, the partial decree is conclusive as to the nature and extent of the right.

- 2. All partial decrees issued by this Court are set forth in Attachments 2 and 4 to this Final Unified Decree and are incorporated herein by reference.
- 3. Attachment 2 consists of a name index and a copy of all partial decrees issued by this Court.
- 4. General provisions decreed by this Court are set forth in Attachment 3 to this Final Unified Decree and are incorporated herein by reference.
- 5. Attachment 4 consists of the federal and tribal reserved water rights partially decreed and/or otherwise memorialized in a consent decree issued in conjunction with the approval of a federal reserved water right settlement, including all consent decrees and all attachments thereto; all partial decrees issued by this Court as part of the respective settlements; and all Federal, State and/or Tribal legislation necessary to enact and approve the water right settlements. In the case of any conflict between this Final Unified Decree and the partial

³ Excepting those claim numbers listed in the *Order Regarding Subcases Pending Upon Entry of Final Unified Decree* entered contemporaneously herewith.

consent decrees approving reserved water right settlements, the partial consent decrees approving the reserved water right settlements as set forth in Attachment 4 shall control.

6. All claims to water rights filed in this proceeding that were decreed disallowed by this Court are set forth in Attachment 5 to this Final Unified Decree and are incorporated herein by reference.

7. The water right numbers for those water rights of record with the Idaho Department of Water Resources that were required to be claimed but were not claimed in this proceeding and therefore were decreed disallowed by this Court are set forth in Attachment 6 and are incorporated herein by reference. The portion of any disallowed water right that was deferrable pursuant to this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims* is not affected by this paragraph.

8. This Final Unified Decree is binding against all persons including any persons that deferred filing of domestic and/or stock water claims pursuant to this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*, which is set forth in Attachment 7 to this Final Unified Decree and is incorporated herein by reference.

9. The adjudication of deferred domestic and stock water claims and the administration of such rights prior to their adjudication shall be governed by this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims* and applicable state law.

10. All water rights based on beneficial uses, licenses, permits, posted notices, and statutory claims required to be claimed in this proceeding are superseded by this Final

Unified Decree. Provided, however, this Final Unified Decree does not supercede the third-party beneficiary contractual rights conferred on certain classes of water rights pursuant to the "Contract to Implement Chapter 259, Sess. Law 1983" as authorized by 1983 Idaho Sess. Laws 689 and codified as Idaho Code § 61-540 (2002). The scope of third-party beneficiaries and contract rights are defined in this Court's *Order on State of Idaho's Motion for Partial Summary Judgment on Issue No. 2*. Subcase No. 00-91013 (Basin-Wide Issue 13) (July 12, 2011) included as Attachment 9.

11. All prior water right decrees and general provisions within the Snake River Basin water system are superseded by this Final Unified Decree except as expressly provided otherwise by partial decree or general provisions of this Court.

12. This Final Unified Decree shall not be construed to define, limit or otherwise affect the apportionment of benefits to lands within an irrigation district pursuant to chapter 7, title 43, Idaho Code.

13. This Final Unified Decree shall not be construed to supersede or affect otherwise the following: 1) any administrative changes to the elements of a water right completed after the entry of a partial decree but prior to the entry of this Final Unified Decree; or 2) elements of a water right defined by a license where, in accordance with Idaho Code § 42-1421(3) (2003), a partial decree was issued based on a permit prior to the issuance of the license.

14. The time period for determining forfeiture of a partial decree based upon state law shall be measured from the date of issuance of the partial decree by this Court and not from the date of this Final Unified Decree. State law regarding forfeiture does not apply to partial decrees based upon federal law.

15. The decreed water rights shall be administered in the Snake River Basin water system in accordance with this Final Unified Decree and applicable federal, state and tribal law, including the administrative provisions set forth in the federal reserved water right settlement agreements in Attachment 4.

16. Nothing in this Final Unified Decree shall be interpreted or construed as exempting the holder of a decreed water right based on state law from exercising or changing such right in compliance with applicable Idaho law.

17. This Court retains jurisdiction of this proceeding to: a) resolve any issues related to the Final Unified Decree that are not reviewable under the Idaho Administrative Procedures Act and/or the rules of the Idaho Department of Water Resources; b) adjudicate any domestic or stock water rights deferred under this Court's June 28, 2012, *Order Governing Procedures in the SRBA for Adjudication of Deferred De Minimis Domestic and Stock Water Claims*; and c) enter partial decrees, orders of disallowance, or other final determination for the pending subcases listed in the *Order Regarding Subcases Pending Upon Entry of Final Unified Decree* entered contemporaneously herewith. Any order amending or modifying this Final Unified Decree, including the attachments hereto, will be entered on the register of action for Civil Case No. 39576 in the District Court of the Fifth Judicial District of the State of Idaho, in and for the County of Twin Falls, and will be filed with the Idaho Department of Water Resources in lieu of issuing an Amended Final Unified Decree. Attachment 8 contains instructions on how to access any orders amending this Final Unified Decree.

18. The incorporation by reference of partial decrees and orders of this Court contained in the Attachments to this Final Unified Decree does not constitute a reissuance of such partial decrees and orders.

19. This Final Unified Decree, including the entirety of Attachments 1 through 10 listed below, shall be entered in the records of the clerk of the District Court for the Fifth Judicial District of the State of Idaho, in and for the County of Twin Falls.
